

of the County Clerk since Mr. Schneider took charge. Friends of the County Clerk answer the argument that he has been in his present office long enough by pointing out that the late Mayor Scully, who was Tammany's leader, was elected as City Clerk by the Board of Aldermen for four terms of six years each, and if he had died there is no doubt that he would have been re-elected.

One of Mr. Schneider's opponents for the nomination of County Clerk is Herman V. Beyer, a Republican district leader and now a deputy county clerk.

Bronx Fusionists Make Slate
The fusion slate for Bronx County, with the exception of the office of the High Sheriff, was made up last night at a meeting of the Bronx County Republican and coalition committee of forty-four at Ebling's Casino, 156th Street and St. Ann's Avenue.

District Attorney—Harold C. Knoepfel, forty-five years old, Democrat, of 1815 Morris Avenue, an attorney, with offices at 5 Beekman Street.

Justice of the City Court—Samuel J. Joseph, thirty-one years old, of 837 Beck Street, graduate of the New York Law School, Republican leader of the 10th District. During the war he resigned from the board and enlisted as a seaman in the navy.

Justice of the Municipal Court—Owen S. L. Terney, thirty-five years old, for twenty years a member of the Bronx Board of Education. He is president of the Fair Play Rent Association in behalf of the tenants.

Murphy Leaves for Country to Doctor Tammany Slate

Craig Also Quits City, to Remain Away Until List is Announced; Meyer Probs Bolsters His Chances

Running true to ancient Tammany form, Charles F. Murphy, the Tammany boss, yesterday betook himself to Good Ground for the week end, and with him went the Tammany slate for city, borough and county offices.

Comptroller Charles L. Craig also went to the country, telling his office associates not to expect him back until next Tuesday. As the Tammany leaders will meet to-morrow to be told about the Tammany slate, the Comptroller's absence from town is due to obvious reasons.

The gossip around Tammany Hall and the City Hall is that if the Comptroller is not re-nominated, the investigating committee will find him a very entertaining witness. Charles F. Murphy is keeping this fact in mind, the leaders say, and that is the main reason for his departure.

The Tammany leader is keeping close-mouthed about the choice of the organization for President of the Board of Aldermen. He prefers Henry Smith, Deputy Comptroller, but Dock Commissioner Murray Hulbert and Robert L. Moran, who made the race two years ago, are also in the running.

Bronx Demand Instant
Arthur H. Murphy, Tammany boss of the Bronx, is striving for a candidate from that county on the city ticket. There is no doubt that if the coalition had selected a man from the Bronx as a candidate for the Presidency of the Board of Aldermen, Tammany also would have taken its candidate from above the Harlem River.

For the Tammany nomination for Sheriff, the two most prominent candidates now are Joseph McCormick, leader of Washington Heights, who succeeded Tom McAvoy as the local boss there, and Samuel Marx, Tammany leader on the middle west side of Harlem.

Register Goes to Hearst
James A. Donegan is likely to be re-nominated for Register, being credited to Hearst, who also may ask for another place on the Tammany ticket. Perhaps that of the City Clerk, but who the candidate is to be is not yet known.

The Democratic county slate in Brooklyn, while subject to change, carries the present name of Park Commissioner John A. Quinn, who is of the "Republican" Brooklyn Daily Times, for President of the Borough. It is understood that Borough President Howard Richmond and county Judge Mitchell May are slated for the Supreme Court, and Arthur Dore for County Register. The candidates for Sheriff and for three places on the county bench have not been chosen.

4,500 Patrolmen Take Tests
Four Examinations Required for Promotion to Sergeant
Nearly 4,500 New York patrolmen took the four examinations required for promotion to sergeant at the Eighth Coast Defense Artillery Armory, at Jerome Avenue and Kingsbridge Road, yesterday. Twenty examiners and 300 monitors supervised the tests, which consisted of practical questions on administration, reports, laws and rules.

The number was assigned to each patrolman to be used instead of his name in signing the paper. In this way it is hoped that all favoritism in grading will be eliminated. It is to make it possible for substitutes to write the names of the candidates finger prints will be taken of the patrolmen who turn in the papers.

U-Boat Captain Seeks Trial
Says He Sank Hospital Ship; Offers to Return to Leipzig
BERLIN, Aug. 6. (By The Associated Press).—The Abendpost, of Leipzig, today says that Lieutenant Commander Patzig, who commanded the German submarine which sank the British hospital ship Llandovery Castle during the war, and who is now in South America, has declared his intention of returning to Germany and surrendering himself for trial by the Leipzig court. The newspaper says that Patzig will surrender himself because he asserts that he, and not Lieutenants Ludwig Ditmar and Johann Boldt, was alone responsible for the act.

Both Ditmar and Boldt were sentenced to four years' imprisonment.

Haskell Insists Dry Law Repeal Is Big City Issue

Declares He'll Be Nominated and Elected Mayor to Start National Campaign for End of Prohibition

Republican Chiefs Smile Say Governor Would Oust Him in 30 Days if He Acted on His Platform

Reuben L. Haskell, Kings County Court Judge, who has announced his intention to enter the primaries for the Republican nomination for Mayor against Henry H. Curran, the coalition candidate, insists that the overshadowing issue of the campaign is the repeal of the Volstead prohibition enforcement act.

In face of the arguments of the hard-headed district leaders, who warn the judge that he would be removed from office within thirty days by a Republican Governor, backed by a Republican Legislature, if he defied the law after he was elected Mayor, Judge Haskell yesterday declared that his campaign this fall for Mayor is but the beginning of a state-wide and nation-wide movement for the repeal of prohibition and blue laws, and that on that issue he will win.

He will be nominated as the Republican candidate for Mayor on primary day, Tuesday, September 13, followed by his landslide election as Mayor on Tuesday, November 8," said Judge Haskell yesterday.

Says Tammany Has Dodged
"My vote this fall in the primaries will be a sort of endorsement of repeal of prohibition and blue laws. My objective is the ultimate repeal of the Volstead law and all blue laws. After that I shall run for Mayor on the Republican ticket, and if elected, I shall riddle Tammany's strongholds on this issue of prohibition. Tammany has played fast and loose with the people of New York. It owes its existence to the fact that it has consistently opposed to blue laws. I mean by that Tammany in the minds of the people stands for liberal ideas and freedom from irritating interference on the part of the high brows and reformers who are all the time passing restrictive legislation. Tammany has deserted its long-time adherence in this matter, and now it will have to suffer the penalty."

"The fight this fall is the beginning of a state-wide battle. There will be a vote for me this fall as a protest against the state and nation that are now in the hands of the present New York City administration and the next fall against prohibition and blue laws. That campaign will be waged with thoroughness and enthusiasm, and the result of it will be an unmistakable notice to the nation that the people demand a repeal of the Volstead and all other laws interfering with the constitutional rights of the masses."

Time to Start, He Thinks
"Why should it not begin this fall? It's got to begin, sooner or later. I shall lay before the people the issue of repeal of prohibition, and if it receives endorsement on account of the fact that I am a Republican, so much the better for all concerned. During the next few days I shall open headquarters in all the boroughs."

The Republican leaders smiled yesterday at Judge Haskell's pronouncement.

The enrolled Republican voters will be stamped or bamboozled," said Senator James L. Lockwood. "The rank and file of Republican voters know perfectly well that the issue of the campaign is the displacement of the present administration. Prohibition cannot be repealed by Judge Haskell or any one else."

Following the meeting of the Republican Executive Committee in Brooklyn yesterday, at which the Republican-coalition ticket was unanimously endorsed, a Haskell boomer appeared at the Garfield Building, in front of the city hall, where the meeting was held, and offered to carry the Republican primary in Brooklyn.

Ferry Opening Delayed, Hylan and Parade Late
Mayor Finally Says "Let 'er Go" and Delivers Another Speech Later

Opening of the municipal ferry line between Clason Point in the Bronx and College Point, Queens, was delayed for an hour yesterday because Mayor Hylan, who was to act as pilot on the first trip, couldn't speed up the preliminary pageant and parade he was leading in order to reach the ferry house on time.

It was a picturesque parade, however, with Mayor Hylan in it and a band of 100 musicians. The Mayor, Plant and Structures, engineer, from the latter's department, detachment of policemen, the Fire Department Band and about 1,500 residents of the Clason Point district.

When it was Mayor Hylan spun the wheel on the good ship Steerway, which has been borrowed from the Astoria ferry, another municipal institution, the parade was in full swing. There was a reverberating bellow from the whistle, and they let 'er go.

The merriment nautical instinct of Mayor Hylan led him to find Colonel Whalen, Commissioner of the Department of Public Works, the police escort, the band and the residents of Clason Point disembarked and marched to Connelly's Ball Park, where Skipper Hylan and some of the others made speeches. Then they all went back to the Bronx, and the skipper and Mayor Hylan made some more speeches at Kan's Casino. When they stopped the residents of Clason Point celebrated the event with fireworks.

Mother of Mrs. R. A. Mayo Denies Kidnaping Baby

Declares in Memphis Granddaughter Was Given Into Her Charge; May Come Here

MEMPHIS, Tenn., Aug. 6.—Charlotte, the two-year-old daughter of Mr. and Mrs. Rex A. Mayo, of New York, reported to have been kidnaped by Mrs. E. S. Cheatham, mother of Mrs. Mayo, is at Walls, Miss., just south of here, it was learned here tonight. Cheatham denied that the child had been kidnaped.

"There is absolutely no truth in such a report," she said. "Charlotte, my daughter, delivered the child to me with instructions that she was to be done with the baby. We felt that the baby was not in proper hands with the Mayo family, from whom my daughter had become separated."

As a substitute for the baby to New York in a few days with the baby. She was indignant over the report that she had died. She was bitter in her denials of the charge that she had kidnaped the child.

It was learned here that a local detective agency had been engaged to make a search for the child. Mrs. Cheatham is a member of one of the best families in Memphis, and is a descendant of General Frank Cheatham, of Civil War fame.

Entire Spanish Detachment Taken By 2,000 Moors

Nine Soldiers Escape by Jumping Into Sea After Others Are Captured; Killed After Surrender

MADRID, Aug. 6. (By The Associated Press).—Of the entire Spanish detachment which defended Zeluan against the onslaught of 2,000 Moors only Lieutenant Bravo and eight soldiers managed to save themselves by jumping into the sea, according to stories of the survivors sent to La Libertad near Melilla.

The soldiers who remained in the water for a considerable time and, after many perils, were rescued today, Mr. Fordney also said it was not proposed to relieve public service corporations from a part of the 15 per cent excess tax provision of the bill.

Britain to Release All Irish Prisoners Save One
John J. McKeown, Convicted of Murder of McGrath, Made the Exception

DUBLIN, Aug. 6. (By The Associated Press).—All members of the Irish Republican Parliament now in custody in England, with one exception, are anticipated to be released by the Parliament called for August 16. Official announcement that the prisoners would be freed was made today. The exception is John J. McKeown, convicted of the murder of District Inspector McGrath. Dublin Castle's announcement reads:

"In keeping with the public understanding of the Prime Minister that his majesty's government would facilitate in every practical way the steps now being taken to promote peace in Ireland, it has been decided to release forthwith and without condition all the members of the Dail Eireann who are at present interned or are undergoing sentences of penal servitude or imprisonment, to enable them to attend the meeting of the Dail Eireann which has been summoned for the 16th."

American Aid to Austria Depends on Mellon Bill
From The Tribune's Washington Bureau
WASHINGTON, Aug. 6.—When Congress has passed the Mellon bill giving the Executive power to loan money to foreign nations it will be possible for the State Department to take steps calculated to aid in the rehabilitation of Austria, it was said today. It was declared officially today. This statement was made in comment upon reports from Vienna that a definite answer from the United States with regard to postponement of the payment of Austrian obligations was essential to the stabilization of the economic and financial situation in Austria.

Austria owes the United States \$24,000,000, which was advanced by the United States Grain Corporation for relief work. In addition, there are other claims against Austria growing out of the war. The contentions have been made that uncertainty as to the course the United States would pursue with regard to the collection of these amounts had impaired the credit of Austria in European money markets so that a catastrophe was imminent.

Crippled Veteran Tries To Kill Himself in Cafe
A man who said he was Michael Ryan, a salesman, of 25 East Thirtieth Street, and formerly a 1st lieutenant in the 165th Infantry, attempted suicide last night by slashing his throat with a razor in a restaurant at 350 First Avenue.

Ryan was rushed to Bellevue Hospital, where it was said that he would recover. He would give no reason for his action other than to say:

"A bunch of Englishmen have been sending letters to my friends telling them that I am squelching. Officials at Bellevue say that the man lost his right leg in action overseas and are of the opinion that gas or shell shock may have affected his mind. Ryan entered the cafe and asked for the proprietor, saying that he wished to have a \$10 check cashed. The proprietor was out, and the man seated himself at a table. Before slashing his throat he wrote to his wife at 955 Gravesend Avenue, Brooklyn.

New Tax Bill May Be Ready In Ten Days

House Committee to Begin Final Revision of Measure To-morrow; Fordney Expects Rapid Action

WASHINGTON, Aug. 6.—Majority members of the House Ways and Means Committee expect to get down to the brass tacks of tax revision next week.

Chairman Fordney said today the re-writing of levy provisions in the 1918 law probably would begin Monday and unless an unexpected snag was encountered the new bill should be ready within ten days. Leaders generally say House consideration will require only a few days.

With revision of the administrative features out of the way, the work now before the Republican committee is to determine the extent of the cuts possible and just when they are to be made. The general belief seems to be that the committee bill will propose repeal of the excess profit tax, but whether the effective date will be last of January or next January apparently remains to be determined.

As a substitute for the excess profits tax it is planned to increase the corporation income tax from the present 10 per cent to 15 per cent, and also to repeal the \$2,000 exemption allowed corporations under the existing law. Chairman Fordney explained, however, that it might be necessary to make some specific provision in the bill to relieve the burden this would impose on the small corporations with limited income.

Personal Service May Be Taxed
The chairman also disclosed a proposal to write into the new bill a provision taxing the income of the so-called personal service corporations, such as architectural firms not incorporated under law, the same as the income of other corporations. The Supreme Court has held that the present law is not applicable to such concerns.

Mr. Fordney also said it was not proposed to relieve public service corporations from a part of the 15 per cent excess tax provision of the bill. The chairman explained, however, that it does not necessarily follow that other changes in the 1918 law will not be made. The actual revisions are yet to be agreed upon, with indications of some fights in the committee before the completed bill comes out.

Half Billion Cut Estimated
It was estimated today by some persons that immediate repeal of the whole transportation tax, soda water tax and the higher surtaxes, together with the \$55,000,000 which the Treasury experts figure will be lost this fiscal year through repeal of the excess profits taxes as of last January would approximate the half billion dollar cut which Republican leaders in the House insist can be made in the tax levy.

With such a reduction the taxes to be paid this fiscal year would approximate \$3,970,000,000 on the basis of Treasury estimates presented to the committee, and would include \$235,000,000 estimated back taxes. In addition to this income, the Treasury proposed new tariff law at \$370,000,000 and income from miscellaneous sources at about \$350,000,000, making a total income of \$2,770,000,000, as against an outgo estimated in the Treasury statement at \$4,550,000,000.

Supporters of the tax cut declare, however, that the apparent deficit of \$24,000,000 would be greatly decreased through additional collections on back taxes, estimated at probably \$100,000,000, a larger income from miscellaneous sources and decrease in expenditures, including those on account of the public debt and the various Federal departments.

Turkish Nationalists Will Evacuate Angora

Constantinople Dispatch Says They Will Retire From Capital to Caesarea

PARIS, Aug. 6.—The Turkish Nationalists have decided to evacuate Angora, their capital, and retire on Caesarea, according to a dispatch from Constantinople.

CONSTANTINOPLE, Aug. 6. (By The Associated Press).—Relations between Afghanistan and Great Britain depend upon the attitude of England toward Turkey, it was declared by the Afghan Ambassador to the Turkish Nationalist government in the course of an address delivered at a luncheon at Angora yesterday.

He declared his country would stand by Turkey as a loyal ally, and would declare war on Great Britain if that country took the part of the Greeks. He asserted that if England gave secret support to Greece, Afghanistan would stir up intrigue among the tribes on the northwestern frontier of India.

Thousands in Soviet Army No Longer Loyal
Reported Confidential Data Said to Reveal Marked Weakening of the Troops' Morale

A marked weakening of the effectiveness of the Bolshevik army was indicated in a statement given out yesterday by the Russian National Society at its offices in Columbus Circle. The statement purported to be a compilation of extremely confidential economic and military information obtained by an employee of the society in London from an employee of Leonid Krassin's mission.

According to this statement, a large proportion of the troops on which the Soviet government depends are of doubtful loyalty. Of the first contingent of 132,000 mercenary troops, the statement said, 27 per cent are classed as "N. S.," which means "cannot be relied upon." Thirty-eight per cent of another contingent of 174,000 men, belonging to the Third Internationale, is classed as N. S. Two other categories of troops, comprising 700,000 men, range from 70 to 90 per cent N. S.

The absence of tools and materials, the statement said, has prevented the repair of Bolshevik artillery, and much of it is worn out.

Welcomes 8 Years in Prison As Chance to Become Author
NEW ORLEANS, La., Aug. 6.—Robert Holland, sentenced to serve from eight to twelve years for the robbery of a bank in the city, said he was glad to be sent to the penitentiary, so he could fulfill his boyhood ambition to become a writer.

"I am going to read and study for the first four or five years," he said, "and then I'm going to try to write. I've always had a hankering to write. I just watch my smoke when I get started!"

\$330,000,000 U.S. Shrinkage In 3 Months

Mellon Estimates Revenues Have Decreased From \$4,547,643,000 to an Income of \$4,217,643,000

A New Plan is Offered Estimate Made That if Laws Were Changed Increases Would Mount Up

WASHINGTON, Aug. 6.—A shrinkage in three months of \$330,000,000 in the estimated government income for this fiscal year based on the present revenue law, is disclosed by the statement presented to the House Ways and Means Committee by Secretary Mellon.

The total income is estimated now at \$4,217,643,000, as against the estimate of \$4,547,643,000 contained in Secretary Mellon's letter of last April 30 to Chairman Fordney.

In the same time the estimated expenditures have decreased only \$11,840,219. The estimated excess of disbursements over receipts is placed now at \$336,369,517, as compared with an estimate of \$18,234,033 made by the Treasury last April.

The total shrinkage in receipts of \$330,000,000 is charged to the expected falling off in internal revenue largely as a result of the present business depression. The remaining \$200,000,000 is estimated amount by a revision of the estimated amount to be received in interest on foreign obligations. In Secretary Mellon's letter of April 30 this interest fund was placed at \$225,025,000, and was based on the assumption that several countries would make substantial payments. The estimate now is \$25,025,000, most of which, it is said, is expected to come from France.

Boy Who Killed Brother Playing Cowboy Released

Supposed Blank Cartridge in Small Rifle Proved, Too Late, To Be Loaded

PORT CHESTER, N. Y., Aug. 6.—Coroner Engle, of Yonkers, following an investigation made this afternoon of the fatal shooting of William Decker, nine years old, of 27 Williams Street, by his ten-year-old brother Herman Jr., advised the local authorities that Herman need not be held. He was convinced that the shooting was accidental.

Herman had been paroled by the custody of his mother. The other, who is captain of Addison G. Hanan's yacht, is ignorant of the death of his son, but somewhere off New London with the New York Yacht Club fleet. Efforts were being made to-night to locate the shooting of William Decker, who was playing Indian cowboy with his brother and several other boys on a vacant lot opposite Decker home. William had a .22-caliber pistol, while Herman carried a .22-caliber rifle, a Christmas present of several years ago. As William, the Indian, crept stealthily toward Herman, the cowboy, Herman yelled "Halt!" when his approaching foe kept coming. He fired. He thought the rifle contained a blank cartridge.

Family of Four Found Murdered in Their Home
CORBIN, Ky., Aug. 6.—Richard McHargue, forty-five years old, a machinist; his mother, wife and stepdaughter, were found dead in their home near here today. The body of his stepdaughter, Thelma Atkins, fourteen years old, was partly incinerated. The indications are, the authorities announced, that McHargue, shot his mother, beat his wife to death with a club and after slaying the girl and building a fire around her, shot and killed himself.

The bodies were found by a neighbor who came to deliver milk. A subsequent examination of the premises disclosed bloodstained bed clothing, indicating the authorities believe, that McHargue slew the members of his family while they slept.
