

MR. BISSELL'S FIRST REPORT.

INCREASED EFFICIENCY OF THE POSTAL SERVICE.

The Postmaster-General recommends an immediate increase in the facilities of the New York and Chicago offices, and names eight other cities where improvement is greatly needed.

WASHINGTON, Nov. 28.—The annual report of Postmaster-General Hiram Bessell was made public today, showing a marked improvement in the efficiency of the postal service during the last fiscal year.

The financial statement shows that the deficiency for the year ended June 30, 1933, was \$1,171,774.74, instead of \$1,552,423.71, as estimated by Mr. Bessell.

Although there are ninety-five Post Office buildings to be completed this year, the absence of appropriation for extension renders impossible the establishment of the system in even one of these towns.

Claims for carriers' overtime amounting to nearly a million dollars were on file in the department when Mr. Bessell's report was made.

Great improvement is noticeable in the air, railroad, and steamboat transportation service, the length of routes being increased by 24,357 miles.

The length of routes was increased last year by 24,357 miles. The last mail service to the North Pole has been established.

Regarding ocean mail subsidy, the Postmaster-General states that the amount of subsidy has been increased by 14 per cent.

The amount of free mail matter delivered last year was 4,473,385,385, which, omitting newspapers and periodicals, was an increase of 14 per cent.

The Postmaster-General reports that the postal service has been improved in many respects, and that the amount of free mail matter delivered last year was 4,473,385,385.

Mr. Bessell says that the financial depression has not affected the postal service, and that the amount of free mail matter delivered last year was 4,473,385,385.

Concerning the fixing of Government telegraph rates, Mr. Bessell reports that the rates have been fixed by his predecessor and the suits which have been instituted against the Government.

Mr. Bessell reports that the rates have been fixed by his predecessor and the suits which have been instituted against the Government.

Mr. Bessell reports that the rates have been fixed by his predecessor and the suits which have been instituted against the Government.

COOLS THE EXPORT MARKET AT EACH, AND YET IT SHOULD BE A MARKET OF NATIONAL PRIDE THAT OUR EXPORTS ARE SO HIGH.

IF YOU KICK.

On Thanksgiving because you're cold and cannot enjoy yourself at the football game, it's your fault. You can just as well be agreeable and have a day of pleasure as to be uncomfortable.

Our fashionable Derby for \$3, and a pair of our new shade Russet Shoes will add to your enjoyment. Everything for men's wear.

A. RAYMOND & CO., Men's Outfitters, NASSAU AND FULTON STREETS, NEW JERSEY'S BENCH SHOW.

The first bench show of the New Jersey Kennel League opened with great promise yesterday in the old exhibition building adjoining the Grand Central Hotel, Newark.

The sports classes, too, were well represented. The St. Bernards took the most prominent place, because the members of the league are chiefly St. Bernard owners.

The arrangement was admirable so far as affording an unobstructed view of all the benches and the other exhibits of Great Danes, wolf hounds, deershounds, and greyhounds.

The challenge was made by the St. Bernard club, which was defeated by the St. Bernard club, which was defeated by the St. Bernard club.

Mr. Nicoll said that additional indictments had been found by the Grand Jury against persons who were not named in the indictment.

WEST POINT.

The Suggestion That the Number of Cadets Should Be Increased.

WASHINGTON, Nov. 28.—The question whether the number of cadets at the Military Academy should be increased is revived by the annual report of the superintendent, now made public.

He recommends some addition, such, perhaps, as would result from appointing two cadets from each State, to be nominated by its Senators. This would enlarge by no fewer than eighty-eight the present maximum.

Turning to the figures in the report of Col. Ernst, it appears that the number of cadets present and absent Sept. 1, 1933, was 318, including three foreigners receiving instruction by special authority of Congress.

The number for Sept. 1, 1932, was 290, including two foreigners. During the year 4 were discharged for disability and 14 for delinquency.

There were admitted in all at the three examinations held in March, June, and August, 1933, including two foreigners. It is shown clearly, says the superintendent, that it is not practicable to keep the number of cadets up to the maximum authorized by law, and that there is a constant shortage.

One source of current increase, however, is that which results from the additional number of representatives to Congress authorized under the last census. By the existing law each Congress district, each Territory, and the District of Columbia may have one cadet at the Academy.

There are also ten appointed by the President. There has been an increase of twenty-four in the number of cadets allowed by the law since the present act was passed.

Another and perhaps the chief consideration is as to whether there are not now enough cadets to fill the vacancies. It is pointed out that the number of vacancies is not equal to the number of cadets.

Another and perhaps the chief consideration is as to whether there are not now enough cadets to fill the vacancies. It is pointed out that the number of vacancies is not equal to the number of cadets.

SKIPPER RENTON'S COMPLAINT.

Justice Martin Calls Him the Simplest Man Ever Met.

Shipping agent Robert J. Forster, his runner, James Morrison, and Ship Chandler Kit Conlin were arraigned in the Tombs Police Court yesterday on the complaint of Skipper Martin.

The story of the alleged assault was told in yesterday's Sun. In the course of the proceedings Justice Martin said to Boston:

Justice Martin said to Boston: "I have never met a man like you. You are the simplest man I ever met in my life."

Justice Martin said to Boston: "I have never met a man like you. You are the simplest man I ever met in my life."
