

BUY BLANKETS IN AUGUST!

Why not—when prices are near to half! Three winks of the moon and it will be Winter—and Blanket prices will be as stiff as icicles. Think then of 30 or 40, maybe 50 per cent. saved on the Blanket money just by putting it out two or three months ahead of time! Beats owning a share in a Giant baseball team—just now.

This Blanket movement is as notable as the Carpet sale that has been making such a sensation.

Not a mean Blanket in the lot, not a hurt or a smirched Blanket. These are brand new, spick and span, big and generous.

The size range is from Crib Blankets to the biggest "tuck ins" for a double bed—maybe a hundred sorts. A few all cotton, some cotton and wool, mostly Pure Wool, and in every case we give you the size as the yard-stick shows it and the precise weight.

Simpson, Crawford & Simpson. Hot Weather Requisites.

We realize that we have only about a couple of weeks more to close out the odds and ends of Summer Goods now on hand, and this we mean to do absolutely, no matter what sacrifice may be involved.

Mentioned below are a few of the bargains which we are offering, all of which are reasonable, which are right in style, and of the kind to secure comfort—which everybody wants, and which are within the reach of every one—because the purchase price is so small as hardly to produce an appreciable effect upon the pocketbook.
