PRINCETON IS CONFIDENT OF BEATING HARVARD TO-DAY.
Manager of the Tigers Receives Official Word from Cambridge that Galley and Baird Will Not Be Protested...

Brooklyn Latin School Will Stay in the Long Island I. A. A.
The regular monthly meeting of the Long Island Intercollegiate A. A. was held at Adelphi Academy, Brooklyn, yesterday afternoon.

At the Murray Hill Hotel there was an enthusiastic crowd of graduates who assembled to see the Tigers off, and when they learned of Manager Andrus's telegram they joined the big delegation of friends waiting for a reply.

It was 12:30 o'clock when the special train left for the Hub, and the cars were filled with young men who wore chrysanthemums and carried orange and black flags.

NEW HAVEN, Nov. 6.—Capt. Murphy of the Yale eleven would probably not be able to line up against tomorrow if he wished to do so. He has been unable to play all the week on account of a badly bruised foot.

De La Salle Institute team lined up against the Stevens "Preps" at 10 o'clock yesterday. De La Salle's line is in a crippled condition, the left side of the line was composed of players entirely new to their positions.

Harvard's coaches have realized well enough for the past week that the sole focus of attention is the crucial point in the eleven, and they have used every means in their power to provide additional weakness here.

EXPERTS MEET AT GOLF

OPENING PLAY IN THE PROFESSIONAL MATCH AT ST. ANDREW'S.
Dunn Wins from Douglas After Contesting Twenty-two Holes—The Longest Stroke and on Record in This Country—Way and Tucker Also Score Victories.

One of the most exciting finishes ever seen in golf competition in this country marked the first round of the match between Willie Dunn of the Ardley Club and George Douglas of the Country Club of Brookline at the St. Andrew's Golf Club yesterday.

It was an ideal autumn day, with just enough chill in the air to keep the players keyed up for the match. The links were in top shape, and the only drawback was that at the end of the weather wind was so fierce that it checked the drives on the fourth and seventh holes.

Dunn and Douglas were the first to start. Both played the first hole in two, Douglas missing a four-foot putt to halve. Clerk shots from the tee brought both on the green for the short second hole.

Dunn putted for two and his third hung on the rim. Douglas lay dead on his long approach. Dunn's putt got down to three by an unaccountable margin. It was halved.

Second hole—Dunn's tee shot was a fair one, but Douglas's was a better one. Dunn's second shot laid the ball dead, but Douglas, by a second four-foot putt, made the hole safely in two. It was a narrow margin.

Third hole—Dunn's tee shot was a fair one, but Douglas's was a better one. Dunn's second shot laid the ball dead, but Douglas, by a second four-foot putt, made the hole safely in two. It was a narrow margin.

Fourth hole—Dunn's tee shot was a fair one, but Douglas's was a better one. Dunn's second shot laid the ball dead, but Douglas, by a second four-foot putt, made the hole safely in two. It was a narrow margin.

Fifth hole—Dunn's tee shot was a fair one, but Douglas's was a better one. Dunn's second shot laid the ball dead, but Douglas, by a second four-foot putt, made the hole safely in two. It was a narrow margin.

Sixth hole—Dunn's tee shot was a fair one, but Douglas's was a better one. Dunn's second shot laid the ball dead, but Douglas, by a second four-foot putt, made the hole safely in two. It was a narrow margin.

Seventh hole—Dunn's tee shot was a fair one, but Douglas's was a better one. Dunn's second shot laid the ball dead, but Douglas, by a second four-foot putt, made the hole safely in two. It was a narrow margin.

Eighth hole—Dunn's tee shot was a fair one, but Douglas's was a better one. Dunn's second shot laid the ball dead, but Douglas, by a second four-foot putt, made the hole safely in two. It was a narrow margin.

NEWS OF THE WHEELMEN.

The Record Breakers Now Hiding at New Orleans.
NEW ORLEANS, Nov. 6.—One world record and the American record, from 3 to 10 miles inclusive, were lowered to-day by the world record breaker, under the charge of John S. Johnson, now located at the quarter-mile cement track in this city.

Jimmie Michael, who has been badly out of form since he broke the ten-mile American record of 1925, was the only one to attempt the record today.

Michael's time was 10:05.3, which is a record for the world. He was followed by the American record holder, John S. Johnson, with a time of 10:15.0.
