

REPUBLICANS BAR CITS.

WILL TREAT THEM AS HOSTILES AT NEXT WEEK'S ENROLLMENT.

And will nominate some one else than Low for Mayor if the City, as an Independent Party, nominate Low—likely to be a Nominee Over the Refusal to Allow Cits to Enroll.

The evident desire of some members of the Citizens' Union to set that organization in an attitude of hostility to the regular Republican organization in this county is bearing fruit. The resolution adopted by the Cits' Committee of Organization declaring in favor of "independent nominations," together with the reported statements of Secretary John C. Clark and others in the movement, that are being considered by the Citizens' Union, have been carefully considered by the Republican leaders. They believe that the resolution and the statements referred to indicate a purpose to proceed with the nomination of Mr. Low, and that the Citizens' Union will not vote for him.

If that is the purpose of the Cits' managers, the Republican leaders desire it to be understood that the Citizens' Union will not vote for Mr. Low's nomination for Mayor. If the Citizens' Union desire to pose as a separate and distinct independent political organization and nominate a ticket of its own, the Republican leaders are just as anxious to have it understood that they do not propose to have their organization pose as a separate and distinct independent political organization, and they will also have a ticket in the field.

Orders have also been issued in connection with the general Republican enrollment, which will take place next Wednesday night, that members of the Citizens' Union who seek to enroll are to be treated as enemies of the regular political organization. The Republican leaders say that Citizens' Union men are no more entitled to enroll in the regular Republican enrollment than are members of Tammany Hall, whose hostility to the Republican party has no greater than that manifested in the statements of Secretary Clark, James B. Reynolds, R. Fulton Cutting and others.

Orders to bar members of the Citizens' Union from enrollment as Republicans is likely to raise a rumpus among the former, and the Republican leaders have identified themselves with the Cits' movement. So long as the Citizens' Union are not organized as a separate and distinct independent political organization, but as a party acting in hostility to the purpose of the Republican organization of the Citizens' Union, they are not entitled to enroll in the regular Republican enrollment. The Citizens' Union has yet to present a petition for the nomination of Mr. Low, and the Citizens' Union has not yet presented a petition for the nomination of any other man. The Citizens' Union has not yet presented a petition for the nomination of any other man.

BROADWAY SWITCHYARD SMASH.

Columbus Avenue Car Driven Full Till It Is a Lexington Avenue Car—Crash—Mort.

The monotony of the cable-breaking, grip-car, current-carrying, and the like, on the Broadway road was varied last night by a head-on collision between a Lexington avenue car which was empty and a Columbus avenue car which had about twenty passengers aboard. One gripman was severely injured and a woman who was a passenger on the Columbus avenue car suffered somewhat from shock. The collision was not so impressive as the procession of runaway cars which shot around Dead Man's Curve on Tuesday evening, but it furnished no end of excitement for a little while.

CONTRACTOR WHEELER RESIGNED.

100 Firemen Sworn In to Protect Him from Angry Italians.

MORRISVILLE, Pa., June 24.—The siege of Hogeland's Hotel by the striking Italians employed on the East Penn Traction Company's new line was continued to-day. Contractor F. Wheeler, whom the strikers are holding as hostage, is still in the hotel. The strikers have placed under surveillance Alfred De Mayo, the padrone who hired them and who has been boarding there. They suspect that he is seeking to betray them, and he is not permitted to leave the borough and is guarded by four men in uniform. Wheeler is being guarded by four men in uniform. LA ABRA CLAIM VOID.

The Court of Claims Says the Award Was Made on Prejudice and Fraudulent Testimony.

WASHINGTON, June 24.—The famous La Abra mining claims case, involving an immense amount of money, was decided by the United States Court of Claims to-day. The court held that the award rendered by Sir Edwin Thornton, then British Minister in Washington, who acted as mediator under a treaty between the United States and Mexico, was obtained through the testimony of a fraudulent and perjured character. The court says that as the award made by Sir Edwin Thornton was obtained through the testimony of a fraudulent and perjured character, it is void.

WOODFORD SEES M'KINLEY.

Talks Four Hours with the President About the Matter of the Evacuation of Spain.

WASHINGTON, June 24.—Stewart L. Woodford, the new Minister to Spain, had a long talk with the President to-day. This was his second conference with the President since his appointment. In the interim Gen. Woodford has been making a careful study of the Cuban question with the aid of State Department documents handed him by the President. At his first conference with the President, Woodford presented a pretty clear idea of the outlines of the preliminary policy he expected to pursue in endeavoring to settle the Cuban question, and the Minister was urged by the President to depart for Spain at the earliest moment practicable. Gen. Woodford would have been ready to start by this time, but upon learning that the Queen would not be in Madrid until September, or October, and that his credentials must be presented to her in person, he delayed the date of his departure, which has now been fixed upon as July 2. He will thus have fuller opportunity to study the correspondence in his possession and to consult with Secretary Sherman and Secretary Day as to the details of the Administration's policy.

The President is determined to urge upon Spain the evacuation of Cuba and the granting of autonomy to the island as a preliminary step to the granting of Cuban independence. Gen. Woodford's first duty after arriving at Madrid will be to see that the Queen is in Cuba, those persons who, not having taken up arms, have been compelled to concentrate in the mountains, and the perfecting of the preparations for the purchase of Cuban freedom by an American Government, and the scheme is considered here as final.

UNKIND REMARKS FROM MADRID.

A Newspaper Wants to Know if Mr. Woodford is Really One More Philistine.

MADRID, June 24.—The Herald to-day publishes a violent editorial on the career of Stewart L. Woodford, the newly appointed United States Minister to Spain, recalling the pro-Cuban speech made by him in 1870. It says if it is true that he made such a speech, and that he is a member at present of the Cuban League, if the new Minister is one filibuster who would enter Spain or be received at the Spanish court.

EMBEZZLER CORWIN'S APOLOGY.

He Causes His Father-in-Law's Arrest to Excuse Money from Him.

THOMAS C. SMITH, formerly President of the Seventeenth Ward Bank, who was arrested several weeks ago, charged with receiving money belonging to the Government in payment of the interest on the bonds of the United States Commissioner Morie in Brooklyn yesterday. John Corwin, the son-in-law of Mr. Smith, was the first witness. He said he was formerly Paymaster in the navy at a salary of \$2,000 a year, and that Mr. Smith and George Young were his bondsmen. He was court-martialed for receiving money from Corwin, and was discharged from the service. The findings are now being reviewed by Secretary Long. He said he first began to use the Government money while he was stationed at Newport, R. I., and that his embezzlement amounted to \$100,000, which he had repaid to the Government. They then withdrew from his bond, and a surety company was substituted. He testified that an amount of \$100,000 was the broken rock which he paid back to his bondsmen the amounts they had paid for him. The money was paid back, but instead of the money being returned to the Government, it was given to Corwin. Mr. Smith guaranteed.

SECOND ESCAPE WITHIN A MONTH.

Blackleg Boatman of the Jersey Central at Great Peril Saves His Train.

Engineer William R. Bennett of the Jersey Central Railroad had another lucky escape yesterday while running the Newark express from Point Pleasant to Newark, and the passengers on the train didn't know of any danger until it was over. Bennett is the man who was charged with the engine which left the track on the bridge over the Passaic River, on the Newark and New York branch of the road, last month, and then his escape was miraculous. Yesterday his engine was running at the rate of a mile in fifty seconds between Middletown and Matawan, where the road is straight and level with the best of time is expected, when the crank pin on the right rear driver brook broke off and the side rod slipped nearly half of the cab away.

HICCOCCHED FOR A FORTNIGHT.

A Bicyclist Has Lost Twenty Pounds During the Affliction, but Still Wants to Wheel.

Herbert Mallett, 17 years old, son of George H. Mallett of Washington avenue, West Chester, has been confined to his father's home with hiccoughs for fourteen days. When taken with the malady, on June 10, he weighed about 150 pounds. The train ran on the bridge over the Passaic River, on the Newark and New York branch of the road, last month, and then his escape was miraculous. Yesterday his engine was running at the rate of a mile in fifty seconds between Middletown and Matawan, where the road is straight and level with the best of time is expected, when the crank pin on the right rear driver brook broke off and the side rod slipped nearly half of the cab away.

MOTHER SAVES HER LITTLE ONES.

Knocked Down by a Trolley Car Mrs. Cusick Makes Good Use of the Fender.

Mrs. Mary Cusick, the wife of a motorman on the Nostrand avenue line, Brooklyn, risked her life yesterday to save her two youngest children, Ella, aged 4, and Rose, 1 year old, from being crushed by a trolley car. Mrs. Cusick left her home with the children early in the afternoon to her mother, Bessie. When she reached Nostrand avenue and Stockton street, car 403 of the Nostrand avenue line, going to Broadway forries and in charge of Motorman John Seymour, was approaching. Mrs. Cusick had the youngest child in her arms, and she held it with both hands. When the car stopped Mrs. Cusick hesitated about crossing the street, but she was struck by the car. She was knocked down and her children were in danger.

UNCLE M'KINLEY GETS A JOB.

The President Wouldn't Make Him Postmaster at San Francisco, but He'll Be Deputy.

WASHINGTON, June 24.—Benjamin F. McKinley, an uncle of the President, will be appointed Deputy Postmaster of San Francisco by the newly appointed Postmaster, W. W. Montague. For years Uncle McKinley has been in charge of branch station F of the San Francisco Post Office, and was a candidate for appointment as postmaster. He forwarded to Washington a petition recommending his appointment, but the President recommended that he be appointed deputy postmaster, saying that he had never heard of him. Uncle McKinley then came to Washington and talked with his distinguished nephew, who, however, declined to make him Postmaster.

Hazard Men's Dead and Alive in.

Robert Allen, 55 years old, an insurance canvasser, died from cancer in the Charity Hospital on Blackwell's Island last Sunday. His body was taken to the morgue. A couple of days ago he had been saying for a couple of days that the body was not Allen's, but was that of Herbert Hazard. Mr. Hazard denied it in vain. They didn't believe the denial, and the doctor ordered the dead body to be buried. The doctor of Allen positively identified the body as Allen's. Maybe this will wind up the "mystery."

BUNN SAVED THEIR LIVES.

IN A LEAP HE KNOCKED A MAN AND A WOMAN FROM THE TRACK.

To Do It He Had to Jump Six Feet and Bump the Man with His Shoulder, and the Three Were Not Flat on the Ground When the Express, at Sixty Miles an Hour, Whizzed Past.

But for the courage and swiftness to act of Albert M. Bunn, Jr., there would have been a double tragedy at the Richmond Hill station of the Long Island Railroad yesterday morning in the presence of fifty or sixty persons. Bunn, who is 19 years old, and is now employed in a broker's office in this city, was last year one of the leading athletes in Trinity School, and he has been training and developing strength that he was able to save two lives yesterday at the risk of his own.

An early contingent of commuters from the village of Richmond Hill takes the 8:09 morning train to this city, and the usual crowd had gathered at the station at that time. Instead of the last train a belated express train was rushing down the track at a speed close upon sixty miles an hour, and the crowd, which had started across the track toward the far platform at the sound of the oncoming train, scattered, some running back, some keeping on until the platform was gained. Among those who had been struck across the track were Mrs. Spahr, an elderly woman, and her daughter, Mrs. Spahr. Hearing the shouts of warning, the younger woman turned back, but the mother stood still.

BIG HAILSTONES IN TOPEKA.

Dealers Have Telegraphed East for a Big Supply of Window Glass.

TOPEKA, Kan., June 24.—Hailstones, many of them as large as hens' eggs, fell here to-night, destroying the windows in nearly every building in the city. Every skylight is destroyed, and the roofs of the houses are full of hail. The trees were stripped of foliage, while wheat and corn fields were wiped out. Local glass dealers are telegraphing East for supplies.

TORNADO HITS A POORHOUSE.

In a Corner of St. Louis—The Roof Taken Off, but Nobody Hurt.

ST. LOUIS, June 24.—The part of St. Louis Tower Grove was visited by a tornado early this morning. The wind tore in from the northwest and played havoc with public buildings and trees on the grounds. The roof of the large building, aside from the main structure, was partly demolished, and glass was shattered in other structures. There was a panic, and wild cries were uttered by the 1,800 persons who were in the building. The building that was partly demolished contained seventy-five patients, all of them cripples. When the roof was taken off part of the upper walls fell in, and it was a matter of time before the building would have been a mass of ruins. Several of them were hit, but none was seriously injured.

KILLED BY A TORNADO.

A Mother and Two Children Killed and Four Others Injured in Kansas.

BALINA, Kan., June 24.—News has just reached here of a tornado which passed fifteen miles northwest of this city about 10:30 o'clock last night. As far as is now known three persons are dead and a number injured.

The dead are: Mrs. Anna Geesy, aged 34; Nora Geesy, aged 13; Ida Geesy, aged 9. Four members of this family, who also hadly Mrs. Geesy, were away from home. His family had retired, and when the storm struck they made for their cave. Before they had got out of the house, however, the tornado had destroyed it. The tragedy was not known till this morning when neighbors found the dead and injured members of the family in the debris. The three dead were found in a field east of the site of the house, and near them was the body, alive, but buried to her waist in dirt. The other three injured were found some distance west of the house. A scuffling was driven through one of Mrs. Geesy's halls.

At Mrs. Story's house, a half mile east of the Geesy place, the family were sleeping in a stone barn with a frame upright over it. The framework was blown down and some timbers fell on the family below, but none of them was killed. At G. W. Morris's house the kitchen was torn down and a grove of trees was levelled to the ground.

CHAPMAN, NOT A BURGLAR.

BROKE INTO MRS. LA CASSE'S BED-ROOM BY THE WINDOW.

Had No Warrant, but Was Looking for Gamblers—Says the Woman Screamed in Order to Give the Gamblers Warning—Searched the House at 1:30 A. M.—No Gambling.

Capt. Chapman of the West Thirtieth street police station took Wardman Welch in tow last Friday morning very early and set out to catch some gamblers. He had made up his mind that gambling was going on in the house of Clement La Casse, a Frenchman, living at 122 West Twenty-sixth street. About 1:30 o'clock he started for the place. He went to the house and rang the bell. No one answered. Then he went down into the arway. The basement windows were open, but the inside shutters were closed. Capt. Chapman broke the fastenings on one of the shutters and crawled in, followed by Welch.

Mrs. La Casse declared there wasn't but the Captain said "With Wardman Welch trailing him, he went all over the house, marching in and out of all the rooms. One of them was occupied by a girl, who was badly frightened. He found four Frenchmen sitting on a back porch but not gambling. When he went back to the room, Mrs. La Casse was there. She was screaming when he saw her. She was screaming when he saw her. She was screaming when he saw her.

CHAPMAN'S CHIEF RAIDER SCORED.

Kudlich Threatens to Make an Example of Him and Discharge Two of His Prisoners.

Capt. Chapman's raking over of the streets of the Tenderloin netted ten women prisoners on Wednesday night, and these were arraigned in Jefferson Market Court yesterday. Magistrate Kudlich again gave expression to his opinion of the matter, and announced a rebuke to Policeman Leazenbe of Chapman's command. Leazenbe does not look his twenty-one years by at least four years, and his assignment to arrest women on the streets seems to have been a congenial one. He has been arraigning women a bunch of five at a time. He was arraigned last night for arresting one of his prisoners. He was a notorious character and then admitted that he did not know her.
