SOLDIERS DO NOT WANT TO GIVE UP THEIR ARMS WHEN THEY ARE PAID.

General's Refuse to Aid in the Distribution of the \$3,000,000—Gen. Gomez Now Criticizes the Administration of Gen. Brooke—Hope of Settling the Dispute.

Special Cable Dispatch to The Sun.

HAVANA, May 13.—The situation here with reference to the distribution of the \$3,000,000 among the Cuban soldiers has reached a crisis, and the relations between Gen. Brooke and Gen. Gomez are strained to the point of breaking. The Cuban officers appointed to serve with the American officers in the distribution of a part of the money, dated at Havana on April 28, requesting urgently the Legion of Honor for Lieut. Foques and medals for certain non-commissioned officers, laying stress that they should be given before his return to France. There is a Napoleonic touch about the attitude toward the Government, showing that he thinks himself an important personage.

The expedition is reported healthy. It is a remarkable performance since the French flag was hoisted down at Fashoda on Dec. 11 to cross the Abyssinian tangleland eastward to the coast. Local chiefs and headmen of the Negroes received the gallant Franchman with marked attention and the greatest hospitality. His progress was like a triumphal march. Freshly built quarters awaited the weary mission at the end of every day's journey. It reached Addisaba on March 31 and rested there. It is expected at Jibuti on May 17, where Gen. Martineau has made great preparations to welcome Major Marchand. The cruiser D'Assan has been at Jibuti since April 16 and will convey Major Marchand to France.

NO ENGLISH CHURCH LEGISLATION.

Interesting Aspects of Wednesday's Action on the Discipline Bill.

Special Cable Dispatch to The Sun.

LONDON, May 13.—Wednesday's long-throated debate on the Church Discipline bill is in every way unique. There was a record attendance of Commons, the ladies' gallery was filled with Churchwomen and strangers, and the gallery was filled with acetic High Church priests and unworldly Low Church ministers. Mr. Charles McArthur's bill, which was introduced by the Government, censured the Bishop and proposed to divide the matter out of their hands and let the lay courts dispose of the ritual parsons. Sir R. E. Webster, on behalf of the Government, made a compromise amendment advising the Bishop to maintain the character of the Protestant Church, and to reserve to himself the exercise of his disciplinary powers. This was intended to help the perplexed Commons, but as a matter of fact, the division list is the most amazing document ever seen. The abstainers who would not touch the ritualists, including himself, formed a secret revolutionary junta. They determined to kill the King and draw lots to decide who should make the attempt. The lot fell to Accliaroti. He has since satisfied himself that the lottery was a job, in which he was destined from the first to draw the name.

FLATTERS AGAINST KING HUMBERT.

Alleged Accomplice of the Would-Be Assassin, Accliaroti, to Be Tried.

Special Cable Dispatch to The Sun.

ROME, May 13.—The five men charged with being accomplices of the assassin who attempted to kill King Humbert last year will be tried next week. Accliaroti is a repentant assassin, but his remorse is accompanied by a fierce desire for revenge. His statements, which have never varied under cross-examination, show that a group of seven anarchists, including himself, formed a secret revolutionary junta. They determined to kill the King and draw lots to decide who should make the attempt. The lot fell to Accliaroti. He has since satisfied himself that the lottery was a job, in which he was destined from the first to draw the name.

London Trade Paper's Criticism of the Academy Pictures.

Special Cable Dispatch to The Sun.

LONDON, May 13.—A trade paper, the Tailor and Cutter, issues something unique in the way of criticism of the Academy pictures. The artist's work in which the artists have painted the clothes of their sitters. Lord Kelvin's trousers, it says, are so free of seams that the only conclusion possible is that he must have grown in them. Sir Charles Scoble's coat and trousers have apparently neither buttons nor seams. Indeed, scarcely any of the pictures show any seams.

A RIVAL TO MARCONI.

M. Ducretet Has a New System of Wireless Telegraphy.

Special Cable Dispatch to The Sun.

LONDON, May 13.—A despatch from Paris to the Central News says that M. Ducretet, who was the engineer of the Eiffel Tower, has invented a system of wireless telegraphy which can be carried on between Paris and New York. This, however, would require poles 3,000 feet high. Prof. Branley of the University of Paris, the despatch says, believes that Ducretet can substantiate his claim.

CHURCH RAN IN CANAAN'S STREETS.

It Was Consecrated Still and a Vestryman Stopped the Show.

CANAAN, Conn., May 13.—The main street of Canaan, where the church of the Holy Trinity was consecrated last night, was closed to traffic this afternoon. Had it not been for a vestryman of Christ's Church the gutters might still be flowing with it, as the supply of the State Law and Order League, under whose auspices the consecration ceremony was to have been conducted, was not more than half exhausted.

ANOTHER BID FOR A TRUCE.

PHILIPPINES SEND AN ENVOY TO THE AMERICAN COMMISSIONERS.

Aginaldo Said to Be About Ready to Give Up the Fight—Rebel Funds Nearly Exhausted—Philippine South of Manila Want to Surrender—Thirty of Our Scouts Take the Trenches at San Idefonso.

Special Cable Dispatch to The Sun.

MANILA, May 13.—P. M.—Lieut. Reyes, representing the Philippines General, Gregorio Pinar, entered the American headquarters at Manila yesterday with a flag of truce, and requested the permission of the Military Commission to pass on to Manila for the purpose of conferring with the American Philippines Commissioners. To-day Lieut. Reyes came to Manila and called upon Gen. Otis, who told him that the Americans would at any time permit white flags to pass through the lines. He added, however, that he would leave the matter to the discretion of Gen. Lawton. This is probably another attempt on the part of the Filipinos to gain a truce.

PEACE CONFERENCE LIMIT.

Revision of the Geneva Convention the Only Probable Result.

Special Cable Dispatch to The Sun.

LONDON, May 13.—As the time approaches for the assembling of the czar's disarmament conference the expectations of just results are becoming more and more dim. A very simple but decisive fact justifies this view. The instructions which the delegates of all the great powers, with the exception of Russia, carry to The Hague, while of course in all details, embody a virtual prohibition against the acceptance of any radical proposal for changing the present international relationship. The policy of diplomatic machinery will remain unaltered and the game of beggar your neighbor between European nations will probably not receive any serious check.

SMUGGED GEN. WHEELER.

LEFT OUT OF THE CHARLESTON PARADE WITH EVIDENT DESIGN.

The People Expected Him, but the Irreconcilable Person in Charge Resented the Fact That the General Was a United States Army Officer—Veterans Angry.

CHARLESTON, S. C., May 13.—The fact that Gen. Joseph Wheeler was snubbed in Charleston because he was an officer of the United States Army has furnished another sensation as the result of the convention of the United Confederate Veterans. In the great Confederate parade on Wednesday afternoon thousands of people lined the streets and screamed and yelled for Wheeler, but the long procession moved by with the little fighting hero unnoticed. The city to-day has just come to realize the situation. Gen. C. I. Walker, the commander of the State division, is responsible for it. In the list which he gave to the committee of arrangements who were to ride in the procession the name of Wheeler was not included, and the lists, in fact, were made by Walker, and neither of them mentioned Gen. Wheeler.
