

TOWN OF IMUS SURRENDERS

DEMORALIZED REBEL FORCE FLEES FROM LAWTON'S MEN.

Victory at Zapote Greater Than at First Reported—A Third of the Rebel Force Killed, Wounded or Captured—People of the Province Welcome Our Troops.

Special Cable Dispatch to THE SUN. MANILA, June 15.—The town of Imus, which the Spaniards required months to capture, was peacefully surrendered to-night by two battalions of the Fourteenth Infantry. A white flag was hoisted from the church tower as the Americans entered. Many of the inhabitants, who had been terrified by the insurgents, fled from the town as Lieut. Zeigler's scouts marched in, but later they began to return, at the solicitation of the Mayor.

The town occupies a naturally strong position on a deep river, with steep banks. One bridge spans the river. The church and arsenal were found to be loopholed for rifles. Quantities of shells and powder were left behind by the rebels, evidence of their hasty retreat. The people of the town are poverty-stricken.

On the morning the Mayor of Imus, carrying a gold-headed cane and wearing his badge of authority, walked into Bacoor and formally surrendered his town. He was sent to Gen. Lawton at Las Pinas.

The Mayor told Gen. Lawton that the people of Imus were very glad that the Americans had simply of Aquinaldo's army consisted of a few hundred men, and that the rebels were demoralized. The Mayor told Gen. Lawton that the insurgents passed through Imus on Tuesday night in utter confusion, carrying with them 100 dead and 300 wounded. Thirteen of their dead were buried at Imus yesterday.

The Mayor also said that the rebels were reduced to the smallest supply of ammunition. This statement, however, is surprising. Although the fire of the insurgents at Zapote was terrific, their dead had belts and cartridge-boxes full of ammunition.

Apparently the backbone of the insurrection in the Cavite province is broken. This morning the road was reported clear to Cavite. Inhabitants of Cavite de Viejo walked to Bacoor to see Gen. Lawton.

The brief campaign has been more effective than even Gen. Lawton anticipated. A priest at Las Pinas told Gen. Lawton that 4,000 rebels were defending Zapote. Each man swore upon the crucifix that he would only leave the field dead. Gen. Lawton thinks that the rebels are demoralized.

The rebels made the pluckiest stand they have made in the course of the war. The fight at Zapote bridge was terrific. The rebels had twenty-foot fortifications, but our men were unopposed. The short range made it impossible to attack them, and the mountain guns were fired at twenty-five yards. The rebels' heads to pieces.

The officials reported this morning showed that 121 rebels were buried on the field right where they fell in the hottest of the fight.

The Fourteenth Infantry are returning to Manila. The Fourth Infantry, Thirteenth Infantry and the First Wyoming Infantry have been sent in cases to Las Pinas. A substantial bridge has been built at Paranaque, and preparations are being made to hold the towns. The people of the country are welcoming the Americans with enthusiasm.

Bacoor and Las Pinas are full of men working in the fields, repairing houses and apparently settling down to business after five months' pillage by the Filipinos.

Cut Wires and Tore up the Track Near Calumpit—Skirmish Near San Fernando. Special Cable Dispatch to THE SUN. MANILA, June 15.—A body of infantry entered the rear of the American lines, three and one-half miles north of Calumpit, to-day, and destroyed the telegraph wires and a portion of the railroad track. The Third Artillery and a party of signalmen are now repairing the damage.

A skirmish at San Fernando this morning developed heavy firing from a large force of rebels.

Gen. Otis Reports One-third of the Rebel Force Killed, Wounded or Captured. WASHINGTON, June 15.—The success of Gen. Lawton's troops in Cavite province has proved much greater than was expected. According to a despatch received this morning from Gen. Otis, the victory was the greatest of any since the beginning of the insurrection. The enemy lost in killed, wounded and captured nearly 1,500 men. This, Gen. Otis says, was about one-third of their total. The despatch is as follows:

CLEVELAND RIOTS GROW.

THREE ENCOUNTERS ON THE STREETS OFFER RUNNING THE CARS.

Three Non-Union Employees of the Company Seriously Hurt—Passengers and Other Employees Also Injured—Assaults May Have Used Weapons to Escape. CLEVELAND, O., June 15.—Serious riots occurred in the east end this afternoon in the street car strike and as a result three non-union men are in the hospital seriously injured. Several passengers in the cars were cut and bruised and other non-union men were badly injured. Big solidated car 980, headed by Collier, was attacked by fourteen men at the cemetery just outside the city limits at 1:45 P. M. There were ten passengers aboard, five of whom were women. The fourteen men in the attacking party hid in the bushes along the tracks. As the car came along it was greeted with a shower of clubs, bricks, dirt balls and rocks. Windows were shattered and the passengers screamed and ducked under the seats. The bricks crashed through the glass and demolished parts of the roof.

Three Additional Transports Chartered to Take Soldiers to Manila. WASHINGTON, June 15.—Reinforcements for Gen. Lawton are to be rushed to Manila within the least possible delay. The Quartermaster's Department has just secured three additional transports for transporting troops to the Philippines, and a schedule has been prepared showing their capacity and the troops which it is proposed they shall take. The determination to send eight companies of the Twenty-fourth and Twenty-fifth Infantry changed materially the plans of the department made last week for the departure of the Pennsylvania and Sheridan. It is now proposed to send the Twenty-fourth and Twenty-fifth Infantry, and also the Pennsylvania and Sheridan. The aggregate capacity of the transports is 2,000 men, and the schedule is as follows: Six troops of the Twenty-fourth Infantry, 200 men; eight companies Twenty-fourth Infantry, 800 men; Gen. Shafter has been instructed to make up the additional number in recruits and second-line companies of the Twenty-fourth and Twenty-fifth Infantry, 800 men. The additional number to be sent to Manila on the Pennsylvania is 2,000 men. The States Express battalion, stationed at West Point, was to-day ordered to proceed to Manila via San Francisco.

MORE DREYFUS AGITATION.

Indications That There Will Be Disorder at the Trial at Rennes.

PARIS, June 15.—Several fancy cabinets are given by the evening newspapers, but the fact is that M. Polignac's arrangements are not yet complete. The office of Minister of War presents a serious obstacle, as no one is desirous of accepting that office. M. Polignac asserts that M. Polignac will take the office himself. The latest rumor is that M. Ribot has withdrawn from M. Polignac's combination. M. Polignac has obtained promises of assistance from MM. Gullain, Delcasse, Krantz and also from M. Sarrien. M. Bourgeois has telegraphed his good wishes and promises to support M. Polignac's Ministerial combination, but alleges that his mission to The Hague prevents his accepting a portfolio. M. Constans has also telegraphed his good wishes from a distant point. It is daily becoming evident that there is much ferment in military circles. This is demonstrated by several recent orders of the day issued to troops by their commanders. Consequently the new Government will probably find it necessary to adopt severe disciplinary measures.

JAMES HOWARD SHOT?

Report of Another Death in the Feud at Manchester, Ky.

LONDON, Ky., June 15.—It is reported here to-night that James Howard was shot this afternoon while standing in front of the Court House at Manchester, Clay county. James Howard killed George W. Baker, the County Attorney, and a part of De Witt Baker, April 1, 1898. Communication with Manchester is very limited, and details of the shooting have not arrived. Before adjourning court at Manchester this morning Judge A. King Cook admitted Frank Fisher, charged with the murder of Jim McMurphy, to bail. This action enraged the Philpots, who are allied with the Bakers against the Whites and Howards. It is said the Philpots are a dangerous set of men when aroused, but the fact that Fisher was not a member of the White-Howard faction holds them in check until now, and they place the blame for the miscarriage of justice on the officials. It is almost impossible to get any one to leave the town and there are few strangers who dare enter it. The lively stable men at London will not send a team there for any purpose without first insuring their horses.

Report of Another Death in the Feud at Manchester, Ky. Before adjourning court at Manchester this morning Judge A. King Cook admitted Frank Fisher, charged with the murder of Jim McMurphy, to bail. This action enraged the Philpots, who are allied with the Bakers against the Whites and Howards. It is said the Philpots are a dangerous set of men when aroused, but the fact that Fisher was not a member of the White-Howard faction holds them in check until now, and they place the blame for the miscarriage of justice on the officials. It is almost impossible to get any one to leave the town and there are few strangers who dare enter it. The lively stable men at London will not send a team there for any purpose without first insuring their horses.

MAZET STOPS UNTIL AUG. 1.

DEFERRED ORDER OUT OF THE ROOM FOR INSOLENCE.

His Amazing Testimony About the Prize-Fight He Did Not Stop—Isn't Going to Stop Any Like It—A Girl, 16, One of the Metrick Suicide Company, Three Clergymen and Several Detectives Tell About the Wide-Open Town—The Girl Says the Police Are Cultivating the Disorderly Houses Again—Democratic Members Want the Committee to Adjourn Since Die. At the conclusion of yesterday's session the Mazet committee adjourned until Aug. 1. Assemblymen Hoffman and Boland, the Democrats on the committee, protested that the investigation was useless. They wanted to sit on the case until the trial. Mazet's testimony was questioned yesterday by his friend, the Jeffries-Fitzsimmons prizefighter. He said that no contest like the Jeffries-Fitzsimmons fight, staged as it was, would be interfered with by the police of this city so long as he remained the executive of the prize-fighting business. Mazet's testimony he said that Mr. Moss was protecting law breakers. He reiterated the statement, and then Mr. Moss declined to question him further, and requested that the Sergeant-at-Arms be directed to remove him from the room. Devery drove the Sergeant-at-Arms to the door, and out he went, automobile. It is possible that charges may be preferred against Devery for his failure to stop the Jeffries-Fitzsimmons fight.
