The Coolness and Attraction of Mattings.

Probably if physicians had the prescribing of Summer Furnishings, Mattings would head their list. Every reason urges their use—cleanliness and healthfulness leading. Japanese and Chinese designers spend their lives in thinking out novelty patterns. This year's are rarely unique; odd and bizarre at times; always artistic.

Personality in Hosiery.

Our Novelties Meet Every Whim of Man or Woman.

To couple Fancy Hosiery with Low Shoes is a natural phase of fashion. So says the edict from the other side—no follower of style will disregard it. We are safe in claiming precedence for our magnificent display. Designers have struck out from the beaten track and achieved smartness, distinction in a myriad ways, and all their originality is here in thousands of pairs.
