

PHILBIN IS GOING TO THE TOP.

COL. MURPHY HOPES HILL GET THE GUILTY INTO JAIL.

Has Emphatically No Sympathy with Them—Deportation of Persons Not His Line—Prosecution May Not Stop at Captains—Several Are Suspects.

It was said at the District Attorney's office yesterday that not only Capt. Diamond, but other police captains in whose precincts vice has been known to flourish, will be hunted down by District Attorney Philbin.

Police Commissioner Murphy was asked yesterday what he was going to do now that Bissert had been convicted. He said: "I received a letter from the District Attorney this morning informing me that Bissert had been convicted. I have written him to send me the papers in the case, including the record of the conviction."

Col. Murphy was informed of the rumor that the District Attorney was preparing to proceed against Capt. Diamond, Bissert's superior officer.

"If Capt. Diamond is guilty, by God, I hope he is convicted," said the Colonel with unusual energy. "If he is convicted, he will be dropped from the department just as Bissert will be."

When he was told of the report that Bissert would turn State's evidence against his captain, the Commissioner replied that if Diamond was guilty he hoped that Bissert would do that very thing.

A Sun reporter had a confidential talk yesterday with a policeman, who was sure that his name would not be divulged, in reference to the conviction of Bissert.

The patrolman, who was one of the appointees of the Roosevelt Police Board, said that he personally knew of dozens of patrolmen who were highly esteemed.

Mr. Philbin will proceed in his investigation of the case of Bissert and his associates. He has spoken to no one of his plans save his assistants who have received his instructions as to the lines along which evidence is to be obtained.

Mr. Philbin believes that in every precinct in which vice has thrived there is at least one keeper of a gambling table who will tell of the relations existing between him or her and the police.

There is nothing to believe in the story that Bissert will turn State's evidence against Capt. Diamond. The wardman's friends laugh at the tale and point out that even if Bissert were to do so, it would be of no avail.

FOREST FIRES DRIVE GANE.

Great Damage Reported in Northern Ontario and Quebec.

QUINCE, Aug. 3.—Tremendous damage has been caused by fire to the forests in northern Ontario and Quebec, especially in the neighborhood of the headwaters of the Ottawa River and its principal tributaries.

Wild animals, including moose and deer, and game birds are all driven from their haunts to the rivers and lakes. During the progress of the fire they could readily be shot down or captured, as they refused to turn back into the woods.

In several instances section men on the line of the Canadian Pacific Railway found large numbers of partridges and other game birds on the track and were so terror-stricken that they were easily made captives.

The damage to standing timber by the fire is estimated at \$2,000,000 to \$3,000,000. One firm alone, that of Gillies Brothers, puts the loss at \$200,000. Besides the losses incurred by lumbermen, the Governments of Ontario and Quebec are also heavy sufferers.

Justice Refused to Marry Them—Girl May Have Been Flora Willet.

Justice of the Peace John Duffy of Jersey City received a visit on Friday night from a young man and a golden-haired girl, apparently not more than 18 years old who explained that they had eloped and wanted to get married.

"I should like to oblige you," said the Justice, "but I don't believe the young lady is old enough."

Wife Couldn't Forgive Him for Deserting Her and Their Three Children.

New Buttrick, N. J., Aug. 3.—A grave in the potter's field is the penalty that Andrew Gray must pay for deserting his wife and children. Gray lived in Mahwah, near Hackensack, N. J. Two years ago he left his family and took to farming at Monmouth Junction, ten miles from here.

RAILROAD MEN'S NERVES FAIL.

MOST ACCIDENTS DUE TO NEUROBOSIS, SAYS DR. SCOTT.

Glasgow Expert Cites Cases at the Annual Meeting of the British Medical Association—The Temperament of Employees Should Be Considered.

LONDON, Aug. 3.—Two or three important points were brought out at the annual meeting of the British Medical Association this week. Dr. Alexander Scott of Glasgow made the alarming assertion that most railway accidents were due to neurobosis of railway men, caused by the nerve tension of their duties.

Another man who had been working on a farm because a railway servant and afterward a signal man. The nervous tension was so great that it brought on headache, weariness and insomnia. He ultimately recovered and is now an excellent workman, but not a signal man.

Another case cited was that of a signal man who was found on the floor in convulsions. When he was able to speak he said he never entered the signal box without feeling that he was on the brink of a precipice and that some day a disaster would occur.

Another man who was put in the signal box after doing general railway work developed an acute mania in the form of a affection of the nervous cells.

Dr. Scott referred to the Slough accident. In this case the engineer declared that he did not know how he had run past the danger signal. The jury found that the engineer had been afflicted for a moment with aberration of the mind, yet this same man had conveyed over 100,000 passengers without a single mistake.

Turning to the question of driving electric cars Dr. Scott stated that a Glasgow man who was used to driving horses was put on an electric vehicle. He caused a smash-up in which one person was killed and several injured. It was proved that the man had not tasted drink and the case was one of nervous tension.

MANY BANDITS AROUND PEKIN.

Look Threatening, but the Ministers Express Confidence That All Is Well.

From THE SUN'S Correspondent at Peking. PEKIN, Aug. 3.—All the French troops which were here, exclusive of the legation guard, have left. The 400 French soldiers now at Pao-ling-fu will depart within twenty days.

The employees of the Belgian Railway Company are fearful of trouble from the bandits and robbers. The Chinese troops are the only protection now for the railway employees and missionaries from attacks by robbers and Boxers and the Allied Villagers' Associations.

Reports are coming in that various bands of outlaws are gathering to the east of here and more will assemble in the southwest when the allies evacuate Peking and the province of Chili.

IN SPITE OF ALL THIS THE MEMBERS OF THE VARIOUS LEGATIONS ASSESS THAT A QUIET AND SUCCESSFUL SETTLEMENT OF ALL THE TROUBLES HAS BEEN REACHED.

NUMBER OF VISITORS TO ENGLAND BREAKS RECORD.

Permanent American Colony in London Also Growing—Curious Features of the Situation the Refusal of Americans Now to Give Extravagant Tips.

LONDON, Aug. 3.—Enormous as was the influx of American visitors to England in 1900, it is even greater this year. Steamship agents, hotel keepers, travelling agents and custodians of places of public interest agree that the year 1901 has broken the record.

Stratford-on-Avon, the Peak Lake districts and other resorts are reaping popularity with Americans and are reaping great profits. London, above all, is filled with these friendly invaders, as the hotels, omnibuses, theatres, trains, streets and shops all bear witness.

PARALLEL TO THE SPOONER INCREASE OF THE floating American population of London is the increase of the permanent colony. The last two years have seen a 30 per cent. increase in the resident American population of London, says the Secretary of the American Society of London, and the number is always increasing.

MANILA POLICE FORCE COSTLY.

Commissioner Decides That It Must Be Reduced and Reorganized.

MANILA, Aug. 3.—The Philippine Commission to-day took up the discussion of the Municipal Personnel bill. Senator Pedro Paterno addressed the members of the commission and asked for a heavy increase in the salaries of municipal officers, in lieu of which he suggested that they should receive grants from the Government as well as decorations and titles, as was done under the old Spanish administration.

He argued against the exemption of the extensive religious properties, which comprised Manila's most valuable lands, from taxation. He also urged the commission to amend the charter so as to require a specific assessment of all property by Jan. 1 for the purpose of securing necessary information.

MAD DOG SCARE IN BROADWAY. Hunted Animal Dived into Subway Trench Terrifying Workmen There.

A black and tan dog, made things apparently from fright only, suffered a lively afternoon. The dog had been chased for several blocks by a crowd of boys and men who set up the cry of "mad dog."

THE WORST OF HIS TROUBLES BEGAN THEN. The thirty or forty Italians at work there struck at him with their picks and shovels. Naturally the dog snarped at them.

THREE FIRE DEPARTMENT CAPTAINS AND SIX LIEUTENANTS WERE MADE YESTERDAY.

PHILADELPHIA, Pa., Aug. 3.—The Rev. Dr. Henry Collin Minton of California, Moderator of the General Assembly, has declined the call to the pastorate of Chambers-Wytle Memorial Presbyterian Church, Broad street below Spruce.

RIPANS I suffered from indigestion for a long time. My symptoms were swelling of the abdomen, with pain and most terrible headaches; also a coated tongue. Since taking Ripans Tablets I have grown better and am now nearly well. I feel grateful and thought I would say so. At Druggists.
