

EXULTANT THIEVES CAUGHT.

HAD FIRED A ROW OF BUILDINGS TO STEAL FROM THEM.

Newark Authorities Had Thought the Five Accidental Until Shepherds Received Letters in Which the Criminals Boasted of Their Crimes.

Indecent letter writing has brought about the arrest of two principals and two alleged accessories in a case of burglary and arson in Newark.

The letter was signed with the names of Dr. Dewey, J. D. Rockefeller, John T. Torrance, took the letter to police headquarters, and the case was turned over to Detectives Carroll and Long.

Just then the Chinaman who owned the laundry received a package from New York. It contained a letter informing him to get a better class of custom before the writer visited Newark.

The clerk's description of the man tallied with that given by Cady's stableman. Then a woman told the detectives that she saw the man who had been arrested.

Steglich is 24 years old and lived at 25 Norfolk street and his home is at 345 Pine street. They were kept apart and questioned separately. Their stories conflicted and Steglich had quite a chat with him.

It is said that both of the letters were written by a young woman friend of Steglich.

Special Cable Dispatch to THE SUN. London, Oct. 8.—Great interest was displayed in Bow street police court today in the case of Dr. Krause, formerly Governor of Johannesburg, who has been in jail for some time on a charge of high treason in communicating with the Boers.

The Public Prosecutor applied to have Dr. Krause committed to jail until he could be sent back to the Transvaal for trial. The prosecutor held that Krause engaged in a treasonable conspiracy while he was on parole in England by writing to Dr. Leyds, the European agent of the Boers.

Dr. Krause was remanded for a month. "Brook's" letter to "William" containing these references was addressed through the American Consul at the Hague.

The Public Prosecutor next traced the ill-feeling between Douglas Foster and Dr. Krause. In 1896 Foster was the President of the organization of Uitlanders and Dr. Krause entrusted him with the duty of suppressing the agitation against the Boer Government.
