

why will never be told, as the train crew undoubtedly met instant death.

Advices from the wreck at midnight state that the country for miles around is lighted by the burning cars and that the flames could not be quenched because of lack of proper apparatus.

Bodies were piled up along the track by the farmers before the special train sent from Adrian arrived.

The rescuers managed to pull from the burning ruins of the immigrant cars some 20 badly burned but their identity will probably never be ascertained.

As soon as the news of the disaster reached Division Superintendent Burns of Detroit, the wires were kept hot ordering specials from Adrian and Peru and Montpelier to the scene of the wreck.

A special train from Detroit carrying thirty-two physicians and surgeons started for Seneca with right of way.

A trainload of injured has been taken to Adrian. There are now thirty-six Detroit doctors on the ground.

OUR MESSAGE TO PAN-AMERICA

DOCTRINE OF RACE AND GOOD WILL REHEARSED.

Mandate to Europe Against Territorial Aggrandizement on This Continent Applies Equally to Us—Our Delegates Give Banquet to the Conference—Move for Bringing About Peace Between Venezuela and Colombia Falls

CITY OF MEXICO, Nov. 27.—After submission of the report of the Railroad Commission to the Pan-American Congress this morning and the reading of several communications of minor importance...

It is impossible now to give the text of the messages, but it may be said that President Castro's telegram, which contained about five hundred words, was most insolent and insulting to the conference.

He actively resented the receipt of the telegram from the conference, expressing thanks for it and then went on to say practically that Colombia alone was responsible for the trouble between the two countries.

He had been having trouble with her for two years and he implied that the Colombian Government was not good enough to make it worth while or possible to enter into negotiations which were likely to obtain a result he might desire.

After the conference message which caused the Venezuelan War Minister to resign, resulting in his arrest by President Castro, Colombia's message was not received.

WINNING DEMOCRATS A-GRIN.

CROKER CHIEF CAN'T SING ANY HARMONIES WITH THEM.

"Get Out!" Is Their Refrain—Frank Campbell Dreams a Dream of an Unbowed Democracy and of Him and Croker Letting the Party Pick Its Candidates.

Squire Croker was still chanting his harmony song yesterday. No one of the Democrats who talked about the song took it very seriously.

"I see that Croker says that he is willing to make concessions. What in blazes has he got to concede?" Frank Campbell of Bath, the chairman of the Democratic State Committee, said:

"I believe that Mr. Croker is sincere in his desire to bring about harmony in the Democratic party and I am for harmony all the time, but it is not enough for the leaders of the factions to meet for the leaders of the party to work together and without friction."

PARTRIDGE HAS GOT NO LETTER.

Has Heard That Mayor-Fleet Law Wrote to the Governor About Him.

Col. John N. Partridge, State Superintendent of Public Works, came down from Albany last evening to spend Thanksgiving Day at his home in Brooklyn.

Col. Partridge said that he had not heard of any such letter. "I think the letter which you newspaper men have been talking about is one which was written by Mr. Low to Gov. Odell, asking the Governor if I could leave the Public Works Department," said Col. Partridge.

"What the Governor's reply was I do not know. You can say that I have not received any letter myself, and do not know that a letter was sent to the Governor, but have heard that it was."

"Do you expect that the office of Police Commissioner will be offered to you?" "Well, where there is so much smoke there must be some fire," said Col. Partridge.

"As a matter of fact, the newspapers have made me out such a great man and have painted me in such glowing colors, that I greatly fear that I shall never be able to live up to the standard they have set for me, no matter in what capacity."

"I am not ready to make any announcements yet, but will be some time before Christmas. Until then the prophets can have things all their own way. The guesses that are made are interesting and the comments that are made bring out some valuable and instructive."

"It was reported that Mr. Low, among others, had been considering the name of ex-Mayor Charles A. Schieren as a possible Dock Commissioner. Mr. Schieren, an chairman of the State Commerce Commission, made a special study of the business of the port of New York and knows pretty well what he needs are."

"To-day Mr. Low will take a little rest from political activities and he will receive no callers on business whatever."

"I am not ready to make any announcements yet, but will be some time before Christmas. Until then the prophets can have things all their own way. The guesses that are made are interesting and the comments that are made bring out some valuable and instructive."

OGLED NORMAL SCHOOL GIRLS.

Central Park Masher Caught and Sent to Jail—Says He's an Elevator Man.

Some of the young women who attend the Normal College are obliged to pass through Central Park. For the last two weeks they have been greatly annoyed by the actions of a man about 30 years old who tried to flirt with them and several of the young women finally went to the Arsenal and made complaint to the police.

The detective saw the man approach the students, brush against one of them and raise his hat. Kahl ran up and grabbed him and asked the young women if they had seen him before.

They can't make any such complaint against me, they say. "You may do so, but I'll give you \$10 and I want to tell you that if you come before me again on a similar charge I will send you to jail for six months," announced the Magistrate.

The prisoner could not pay and went to jail.
