UNIVERSAL CYCLOPÆDIA AND ATLAS

IS PRODUCED BY THE BRAINS OF THE WORLD

This monumental reference work was produced by Charles Kendall Adams, LL.D., as Editor-in-Chief, assisted by 40 distinguished American scholars in charge of Special Departments, and 3,000 contributors, including more than 400 College Presidents, ex-Presidents and Professors—all eminent specialists in our own country and in Europe. The present revision was in charge of Rossiter Johnson, Ph.D., LL.D., as Editor, assisted by able scholars from all parts of the country.
