

IRISH DOWN THE NEW YORKS.

THE SENIOR "METS" WON BY 17 POINTS TO 97.

Court Injunction Permits Castleman and Joyce to Run Under Protest—Sheridan Also Objected To—Sullivan Runs a Wonderfully Fast Mile—Trophy Cup Field U.P.

The senior track and field championships of the Metropolitan Association of the A. A. U. took place yesterday at Travers Island under the auspices of the New York A. C. The weather was glorious and the whole list of competitors was excellent. The battle for point honors merged into a duel between the New York A. C. and the Irish A. A. C. After the smoke of battle had cleared away it was announced that on the basis of points for a first, 4 for a second, 3 for a third, 2 for a fourth and 1 for a fifth the Irish A. A. C. had tallied 117 points to 97 for the New York A. C. But the cup was not awarded, for there are a few protests standing against the award to the Irish A. A. C. Even when disposed of, the score will still favor the Irish.

For the first time in the history of amateur sport the iron arm of the law made its appearance in the shape of a mandatory injunction from the Supreme Court to the games committee, ordering that Frank R. Castleman and John J. Joyce be allowed to compete under protest. These were suspended some time ago, Castleman for playing summer baseball at Paul Smith's, in the Adirondacks, and Joyce for competing at Medford, Mass., on July 4 instead of at Celtic Park, where he was expected to appear, not having entered. During the progress of the sports a new protest was made against Martin J. Sheridan of the Irish A. A. C. It was in the shape of an affidavit that Sheridan had received a sum of money for competing at the sports in Boston. John Mackley, the Cornell trainer, was said to be mixed up in the deal. Sheridan caused some excitement in the pole vault when he fainted after a fall, but he revived sufficiently soon afterward to capture the first prize in the discus.

The mile run was a cracker from the start, and was one of the best races seen in these parts since the rainy days of Tommy Connelley. A couple of hundred yards or so left on the wide track of the Irish A. A. C. looked like having the race in hand, but Sullivan of the same club came with a well timed sprint, passed Cohn and won a grand race in the splendid time of 4 minutes 27 seconds, figures which have not been equaled in nearly ten years. Another rattling tussle was seen in the half mile. Bromfield of the Irish A. A. C. led along in the best of form, but everything seemingly his own way when Miller began to crawl up, closely followed by Valentin of the Irish A. A. C. Round the bend Miller and Valentin shot by Bromfield and the pair raced for the tape amid great excitement. Valentin, just snatching the victory by a yard.

John Flanagan was not quite up to form in the weights and he succumbed to Sheldon in the 55 lb. The New York A. C. man threw the big weight like a giant and won by a few inches.

Later last night the experts figured that if Castleman, Joyce and Sheridan were allowed and their points thrown out the Irish A. A. C. will still win by one point.

ORR WINS PRESIDENT'S CUP.

Ohio Rifleman Score Decisively in Military Championship.

SEA GIRT, Sept. 9.—Under faultless conditions of wind and light the President's cup was won today by Sergt. Clarence E. Orr of Ohio in a rattling finish on the 1000 yard range, with one shot left to go. Orr's claim to military champion of the United States was hotly disputed on the skirmish field and long distance ranges, but most hotly by two of his team mates, Fry and Windsor.

Incidentally, with the championship medal and the autograph letter which the Ohio sergeant will receive in the course of a few days from President Roosevelt, Orr won the championship of Ohio, for the Buckeye cracks won five of the first eight places and skirmished like fends.

Sergeant-Major Evans of the First New York butted in on the Ohioans with a beautiful skirmish run, beating Windsor out of third place on the Ohio team. The Ohio team would have scored first, second and third honors, with two points of margin between the three men.

Sergt. Doyle, the old reliable of the Seventy-first New York, was a good fifth, and Lieut. Pearson of the Cavalry, who is put up like a varsity quarterback, would have landed second place had he not been penalized five points in the skirmish or beating the sergeants at one shot left to go. He penalty dropped him into sixth place, and Semon and Richards of the formidable Ohio aggregation followed in seventh and eighth places.

Boatwain Hamilton of the navy and Lieut. Ranney of the Seventy-first New York tied for ninth place, the navy man winning on the higher skirmish run. Capt. Corwin of the Seventy-first New York took nineteenth place, failing to make his usual high skirmish run.

The second stage of the match was begun on the skirmish field at 11 o'clock in the morning under conditions that made the rifleman who had failed to qualify for the first stage begin their run at 11:30. The range flag swung lazily in a head breeze of six miles and the light was perfect.

The skirmish runs were handled quickly, and when the last volley had been fired at the Ohio yard the Capt. Windsor of Ohio, who is the tallest man on the range, was in the lead. Price of New Jersey, leader in the first stage, was in the lead in the second stage, but he was in the lead. The highest run was by Evans, of New Jersey, who scored 98 in the skirmish and 100 in the second stage. The cavalry would have netted 94 but for his penalty. The Ohioans averaged 86 in their runs, Windsor leading with 92.

The fate of any of the competitors who scored under ten points was definitely settled and many of them withdrew from the 800 yard range was taken up in the afternoon. The range was held by a cloud, held through the two long ranges, and the wind blowing around to 200 degrees. The range was held by a cloud, held through the two long ranges, and the wind blowing around to 200 degrees. The range was held by a cloud, held through the two long ranges, and the wind blowing around to 200 degrees.

Two full scores were made at the 800 stage, both Orr and Richard of Ohio scoring seven bullseyes. Orr's possible record was 100. Windsor by one point, and with the top ten well bunched the firing at the 1,000 stage was begun under the same ideal conditions.

Windsor was out of the running, but he treated the field to a pretty exhibition on the long range, starting out with two bullets or six shots following with one on his record string.

The high score, however, was made by Teves of New Jersey, who scored 100. Groome of the District of Columbia, who tied with 31 out of 35. Windsor, one of the best 1,000 yard shots in the country, was his game and scored but 27, and Evans, with a similar total, left the honors for dispute between Orr and Fry.

Fry finished with 29, and the rifleman bunched around Orr to watch his last shot. Fry would have made Fry the winner and a four would have tied the two men. In that event the match would have been a draw. Fry finished with 29, and the rifleman bunched around Orr to watch his last shot. Fry would have made Fry the winner and a four would have tied the two men. In that event the match would have been a draw.

It was announced that the first stage would include all the long range and the second stage the rapid fire and skirmish. It was good news, for the rapid fire continued at the close of the first stage threw out several who were strong at the long ranges and skirmish and some lucky strikes in the rapid fire placed men in the second stage who were weak at either long range or skirmish.

ELMINA WINS LARCHMONT CUP.

In Light Air She Manages to Crawl Over the Course.

The yachts that started in the race for the Larchmont cup yesterday had a hard experience. When they started the wind was from the southwest and they had a beat across the Sound to Hempstead Harbor, where they ran into the feet of the New York Yacht Club. Then the wind died and all the boats anchored. It was tantalizing, too, because the boats out on the Sound were having a little wind that sent them around their courses.

Denial of the Elmina got his boat under way again and taking advantage of every little puff beat on toward the second mark.

Elmina showed remarkable sailing qualities in the light breeze and then home. Classes Q and below the course in 4 hours 19 minutes 55 seconds, sailing in 94 per cent. The Corona, when the Elmina had reached the finish was half way on the second leg, and the Invader was still at anchor. The Corona kept the pace and finished, taking second prize. The Invader gave up the race.

Four of the regular raceabouts finished. The starting line of Elmer Park to the park of the Marina and Field Club at Bath Beach, from there they continued on to Beach. From there they continued on to Beach. From there they continued on to Beach. From there they continued on to Beach.

REGATTA ON GRAVESEND BAY.

Last Championship Contest Held by New York Yacht Club.

The feature of the annual regatta of the New York Yacht Club, that was held yesterday afternoon off its clubhouse at Ulmer Park, was the fifth and last race to count in the championship of the yacht racing associations of Gravesend Bay. Twenty-one yachts started.

At the finish it was generally conceded the S. E. Vernon's Vivian II, D. S. Wylie's Lisana, Alfred McKay's Oreganah and the Beta owned by Snedeker and Camp had done the best work in their respective classes throughout the season. Nothing, however, can be officially known until the secretary makes up the season's summary.

The regulation racing course of the association was covered yesterday by all the yachts. It was, however, reversed with the racers leaving the marks on the port hand. As usual the various divisions sailed together.

TROTTER DROPS DEAD ON TRACK.

Black Robert Succumbs to Strain of Race at Empire City Matinee.

Struggling for supremacy until the heart ceased to beat the noted trotter Black Robert yesterday afternoon off the Empire track yesterday in the deciding heat of the race for Class B trotters. It was the twelfth matinee of the New York Driving Club, and every race had been a thrillingly contested.

Four starters made up the field in Class B trotting, and Black Robert scored away from his field as if the race was at his mercy.

After several scores Black Robert became nervous and from that time he was more or less unsteady. Two bad mistakes caused him to finish behind the winner in the first heat in a time that was only a nice exercising gait for a horse of his speed.

Black Robert was the contending factor in the second heat until the distance stand was reached. Then he made a break and seemed to be laboring. Just after passing the wire he swerved and dropped dead.

When Black Robert took his record of 2:18 1/2 at four years he was looked upon as coming champion and Frank Work paid a long price to add him to the best collection then owned by one owner in this city. Mr. Work soon learned that the highest his trotter was not suited to a driver of his advanced years and he sold him to Clarence Collins, who has since driven him on the Speedway.

Over that famous course Black Robert showed a mile in 2:07 1/2. Class A pacing, Susie G., 2:14 1/2, showed just how good she was by being only of the two Black Robert made here this season. The first was finished in a job and shows the daughter of Oriole, 2:11, to be capable of a mile in 2:07 1/2. The second division, consisting of the bad actors, had a race that was devoid of interest. The time was 2:28 1/2. Two heat and two in form to have made a showing in the fast division.

PIEL BROS.

East New York Brewery, Brooklyn.

OFFER TO FAMILIES THEIR REAL GERMAN LAGER BEER. This is the perfect and unquestionably the finest product possible of malt and hops. The perfection is attained by reason of the highest grade of malt and hops, the absence of substitutes and chemicals, and the application of the most approved German method under the skillful direction of an expert brewer.

On the quality of our beer alone has our business been built up and our name become known all over this country. There is no sterling quality of the best imported, which cost 100% more, lacking in our beer, while the most inferior domestic beer cost only one cent less a bottle than our fine and luxurious beer.

Delivered in Greater New York at 61.25 per case of 24 bottles. DECORATIVE and HOUSEHOLD LINENS are shown in collections which embrace Dolies, Centrepieces, Tea Cloths and Scarfs, trimmed with Renaissance, Chamy, and Filet Italian laces; Linen Damask Table Cloths and Napkins in new patterns; Hemstitched and Embroidered Linen Sheets, Pillow Cases, Bolster Cases and Bed Spreads; Hemstitched, Scalloped and Embroidered Towels.

CALLAGHAN A WINNER.

Captures Diving Event in Atlantic Highlands Meet.

ATLANTIC HIGHLANDS, N. J., Sept. 9.—The Atlantic Highlands Athletic Association held its fifth annual aquatic meet this afternoon. The swimming and diving contests brought together most of the prominent A. A. U. swimmers. C. M. Daniels of the New York A. C., the champion of the A. A. U. in four events, sent in his entry, but did not compete.

The diving contest was won by T. Callaghan, N. Y. A. C., Walter Lee, N. Y. A. C., and Phil Kearney, N. Y. A. C., proved a close and pretty exhibition, Callaghan winning by one point. The 400 yards swim, which was fought out by L. B. Goodwin and E. H. Adams was the most exciting race of the afternoon, the former winning by a narrow margin. Great interest was expected of P. Roetzge, the Berlin swimmer, who had entered in the 100 yard swim, but the best he could get was fourth place. The summary:

400 Yards Open—Won by L. B. Goodwin, New York A. C., 5:20.2. Second, E. H. Adams, N. Y. A. C., 5:25.2. Third, T. E. Webb, New York A. C., 5:30.2. Fourth, P. Roetzge, Berlin, 5:35.2. Time, 5:20.2.

100 Yards Open—Won by Harold C. Reese, New York A. C., 1:30.2. Second, J. E. Berlin, New York A. C., 1:35.2. Third, T. E. Webb, New York A. C., 1:40.2. Fourth, P. Roetzge, Berlin, 1:45.2. Time, 1:30.2.

50 Yards Open—Won by John Baker, Lawrenceville, Ga., 45.2. Second, J. E. Berlin, New York A. C., 48.2. Third, T. E. Webb, New York A. C., 51.2. Fourth, P. Roetzge, Berlin, 54.2. Time, 45.2.
