The Wanamaker Store

The JUNE WHITE SALE Is in Full Swing

The splendid stocks of Muslin Underwear lead the procession. They are the finest and most comprehensive collections that we have ever gathered. This morning the Linen Store makes its new announcement, and every housekeeper will recognize the extraordinary character of the offerings at a glance. Sheets and pillow-cases have been going up in price. Our stocks present the same economies as heretofore. The collections of Shirt-waists, Corsets, and Infants' Garments are also the best we have ever presented. Women will recognize the fact that they must come this week to secure the cream of the collection, and the earlier they come the better.

1,000 Taffeta Silk Dresses At \$9.50 Each, Worth \$18

Today we make another presentation of Silk Dresses even more extraordinary than the one that made such a furore two weeks ago. These dresses are all newly made up, designed from selected models of the most stylish character. All are of excellent taffeta silks, in plain shades of green, brown, tan, violet, navy blue, pink, light blue and a few in black, also in black-and-white and brown-and-white checks, and a few changeable shades. The waists are plaited in various styles, some with small round yoke of lace, others with deep yoke finished with scallops and straps of silk with buttons. Others are in plain tailored effects. Some have elbow sleeves, others have full length sleeves. It is a superb offering of fine new dresses, regularly worth \$18, now at \$9.50 each. Second floor, Broadway, Stewart Building.

20,000 Yards of 25c Printed Irish Dimities at 15c a Yard

These are all spic-span-new goods. Not a yard has been on our counters before. More than half the lot has just come out of the Custom House. There are upwards of two hundred patterns to select from, in large and small floral printings of pink, blue, and heliotrope on white grounds, black figures on white, and white figures on pink and cadet blue grounds. The cloth is in the various dimity weaves—the regular dimity stripes, the cluster corded stripes, and nainsook checks and corded plaids. The offering is extraordinary, first, because all the goods are in new patterns, selected for our regular stocks; and, next, because of the tremendous variety offered at this reduction in price. Regular 25c Dimities at 15c a yard. Rotunda, Stewart Building.

High-Grade Suits for Boys At \$10.50, were \$12 to \$16

These are the handsomest Suits in our stocks. The fabrics are in tropical weights of worsteds and velours; all are half-lined. They are beautifully made, and represent the finest ready-made clothing for boys that can be found anywhere. The styles include Norfolk Jacket Suits with bloomer trousers, and Double-breasted Jacket Suits with knee trousers. In sizes for 10 to 16 years—though not complete in all patterns. Our own former prices were \$12 to \$16; now all are marked at \$10.50 a suit. Main floor, Wanamaker Building.

The White Sale of LINENS

Well-informed housekeepers will know how to estimate the splendid value which are presented in this sale of housekeeping linens. In the first place, every fabric is absolutely pure linen, in every quality, no matter how low the price, if it is sold in the Wanamaker Linen Store. If we should quote values on the basis of today's market prices the reductions would appear very much greater. All are perfect goods in desirable qualities and patterns.

SENTENCED DAY OF CLAICHE GIRL

SHE WILL NOT TESTIFY AGAINST POLICEMAN MORTON.

May Possibly Be Called as a Witness in His Favor When His Trial for Perjury is Begun—She is Not Likely to Escape With a Term at Bedford Reformatory.

Berthe Claiche, the young woman of the Tenderloin who killed Emil Gerdon and pleaded guilty to manslaughter in the first degree, will be sentenced this afternoon. Although she pleaded guilty nearly two months ago her sentence has been delayed in the hope that she would furnish the District Attorney evidence that would help in sifting out the methods of McAdoo's vice squad in the Tenderloin and assist in entrapping some of the members of the squad, notably Harry Morton.

But Berthe has been of little or no assistance to the authorities. She has had several talks with Assistant District Attorneys Ely and Vandever since she abruptly ended her trial by pleading guilty, but she has been very shy of giving information that would incriminate any policeman. It was expected that she might assist the District Attorney's office in the case that was being prepared against Harry Morton, but on the contrary she has steadfastly refused to say anything against Morton and in addition has put everything she has said in a favorable light for him.

That, however, did not stop the District Attorney from having the Grand Jury indict Morton on three charges of perjury for his connection with the Claiche case. He is accused of having sworn falsely in the Coroner's court when the Gerdon inquest was held, of having sworn falsely at the trial of Policeman Cody at Police Headquarters and of having committed perjury at the trial at Berthe Claiche. Morton swore that when Berthe Claiche had Gerdon arrested Gerdon said in English, "if you have me pinched I'll kill you when I get out."

If the intention of the District Attorney's office to put Morton on trial as soon as possible. The trial is expected to be very interesting. Two former members of the

vice squad, Billafer and Martineau, will be witnesses against Morton and there are a number of persons, some women of the Tenderloin, who are ready to swear that Gerdon couldn't speak a word of English.

The District Attorney's office gave up hope on Saturday of getting anything out of Berthe Claiche. It was then decided to sentence the girl as soon as possible. Justice Vernon M. Davis, before whom she was tried, was communicated with and he said he would be at the Supreme Court, Criminal Branch, at 3:30 o'clock this afternoon.

There has been considerable speculation as to the sentence the girl will get. There has been an impression that she would be sent to the Bedford Reformatory. This was based on the understanding that she had promised to give a lot of information against the police. Since she has failed to do this the District Attorney's office is of the opinion that she should not be let off too lightly. The maximum penalty for manslaughter in the first degree is twenty years.

It is not the intention of the District Attorney's office to call the girl as a witness against Morton. It is not improbable that she will be a witness for Morton.

WANTED TO MAKE ONE ARREST.
Deputy From Up State Comes Down to Help Land His Brother-in-Law.
William S. Henry of Lacona, Oswego county, was arrested yesterday on Willis avenue by Detective Sergeant McManus of the Bronx bureau, Sheriff N. S. Tooley and Deputy Sheriff J. S. Snyder, the two last named being from Lacona. Henry is charged with forgery and larceny in obtaining money under false pretences.

The two officers from up the State had a bench warrant issued by the District Attorney of Oswego county, and they intend to take Henry back with them. Snyder is a brother-in-law of the prisoner, and says that he was sworn in on last Friday with the special object of making the arrest. Snyder says that Henry married his sister-in-law and left her about a year ago.

Henry is accused of having forged a check for \$25 and getting Joseph Hattner of Lacona to cash it. He also is said to have solicited subscriptions for a magazine and failed to turn in the money. About one hundred subscription blanks were found on him. He put up some resistance and it took quite a time to get him to Bronx headquarters.

KILLED UNDER WAGON HE DROVE
Driver Fell Asleep, Tumbled From Seat and Was Run Over.
A man known only as Whitey Elliott and employed as a driver by Harry Fisher, a sub-contractor for the Pennsylvania Railroad tunnel, was killed early yesterday morning under the wagon he drove.

At 2 o'clock Sunday morning Elliott drove a load of stone to the foot of East Thirty-third street and dumped it. He then loaded on a big shovel, used for excavating, and started for the west side of the city.

Policeman John J. McCreery of the East Thirty-fifth street precinct saw a man's body in the street in front of 122 East Thirty-second street. The man's chest was crushed in and his face was badly cut. An ambulance was summoned from Bellevue Hospital and the man pronounced dead. He was identified as Elliott by his driver's card. Later the team of horses Elliott was driving turned up at the East Thirty-fourth street ferry.

The police say that Elliott fell asleep and tumbled off his wagon under the wheels.
