

\$5,000,000 FOR NEW SCHOOLS

BOARD OF EDUCATION MAKES A RECORD BREAKING DEMAND.

\$5,000,000 Needed at Once to Complete Work in Progress—Jump of \$2,225 in This Year's Registry—Increase Over Choice of a Staten Island Principal.

A new record in the amount of money asked was made by the Board of Education at its meeting yesterday when a resolution was adopted asking the Board of Estimate to appropriate \$5,000,000 more for new schools and school buildings.

The highest amount appropriated in any one year for school building up to the present time was \$14,000,000. If the board gets the additional amount it will make the total amount of money given to the department this year \$43,000,000, including the special and general school funds.

There is a public demand for more schools and it takes money to build schools, explained one of the members.

City Superintendent Maxwell submitted a report stating that the registration in the elementary schools for September was 22,225 more than a year ago.

A committee was appointed to study the matter and to report on the matter to the next meeting. The meeting took up the election of a principal of the Curtis High School at New Brighton, Staten Island, the salary of which is \$5,000 a year.

The calendar showed that the board of superintendents had nominated Harry F. Towle, who is in charge of a branch of the Boys' High School of Brooklyn. Some of the members were in favor of appointing William A. Crane, who is now the acting principal of the street cleaning work in Brooklyn.

LECTURE TO STREET SWEEPERS. They Must Sweep Down the Wind and Toward the Curb.

Macdonough Craven, the new Street Cleaning Commissioner, when asked yesterday if Supp. Clarke was to be shifted from the charge of the street cleaning work in Brooklyn, said: "If the people of Brooklyn want some other official I will probably make a change if I can find the proper man for the place."

Commissioner Craven had all the district superintendents of the department before him yesterday, and he made this speech to them:

In this department our first proposition is to clean the street surface, and I want you to pay particular attention to the street surface. Of course we have got to remove ashes and everything of that sort, but the street first. Your work will simply be a measure of your efficiency.

Notice always have noticed that a great many of the sweepers will sweep the length of the street, and nine-tenths of them will sweep against the wind. I want always to have the sweeper commence at the middle of the street, and sweep toward the curb all through his tour of duty.

CROSS TO THE TENDERLOIN. Brooklyn Police Inspector Shifted to New York Division.

Borough Inspector Adam A. Cross, who has been in charge of Brooklyn and Queens, was yesterday transferred to the command of the Third Inspection district, which includes the Tenderloin, by Police Commissioner Bingham.

Following the retirement of Inspector Druban, the Commissioner was in doubt as to whom he would put in the "hoodoo" district.

It was in the Tenderloin district that Inspector Schmittberger got into trouble for failing to close gambling houses. Inspector Druban, who is now in charge of the white lights admitted that he was not equal to the job of cleaning up the district, and he got out.

Inspector Cross is a hard worker and a strict disciplinarian, and Commissioner Bingham believes that Cross will keep the lid on the Tenderloin. The Commissioner has not appointed any men for the borough inspectorship in Brooklyn.

ELLISON HUSTLES 'EM.

Will Move into the New Hall of Records on Monday, Not on Jan. 1.

Corporation Counsel Ellison will move into the new Hall of Records on Monday. He went over to the building yesterday and asked when the rooms assigned to his office on the sixth floor would be ready for him. He is replied: "You can move in on Monday, if you are ready to make arrangements to make things ready for you try. Anyway, I will be here on Monday, and offices must be ready for me and my personal staff."

A THIRTEEN WEDDING.

Actor Joseph Herbert, Jr., makes Viola Hopkins his Bride.

Joseph Herbert, Jr., the actor, who is in the cast of "About Town" at Lew Fields' Theatre, and Viola Hopkins, in the chorus of the same company, were married two weeks ago, but didn't tell about it until last night. Dr. William H. Warren, the hotel chaplain, performed the ceremony at his home in West Ninety-fourth street at midnight.

Your SHOES?

Do You Wear the Best Made, the Handsomest, The Best-fitting, the Most Comfortable Kinds?

Do you know WHY there has grown up here at WANAMAKER'S a Shoe trade so great that we have had to provide THREE LARGE SHOE STORES to take care of it? Such a tremendous business didn't just happen.

- The First—for the regular stocks of Women's Shoes (Fourth avenue and Ninth street, Stewart Building) with a special Boot Shop for Women's Finest Shoes.
The Second—an Under-Price Shoe Store for Women—in the Basement of the Stewart Building.
The Third—the Men's Shoe Store, with its Fine Boot Shop also, on the Main floor, Wanamaker Building.

Then note how busy they all are—how necessary. These enormous facilities are simply the outgrowth of tremendous Wanamaker achievement in the production of Shoes.

Our shoe experts stand at the head of the shoe manufacturing craft. They know every detail of shoe-making from the raw-hide to the finest bench-made product that is exhibited in its glass case. They determine the specifications of every shoe that comes into the Wanamaker stores. Sometimes they buy the leathers, at home and abroad, and have the shoes specially made for us. ALWAYS there are extra and better details of finish than go into the regular product of even the best factories that make shoes for us.

In three popular grades, Wanamaker SUPREMACY is ABSOLUTE, tested by the most drastic comparison with the best shoes sold elsewhere on the market.

\$3 The "Wanamaker-Wear-Well" Shoes for Men The "Wanamaker-Reliable" Shoes for Women Each presenting broad and complete assortment in every wanted style, for dress and business wear.

\$3.90 The "Wanamaker Special" Shoes for Men and Women Made over the same specifications, and of the same fine leathers, and mostly in the same factories that produce the same shoes to sell elsewhere at \$5.

\$5 Fine Shoes for Men and Women, made with many hand-wrought details of construction and finish that give them a full dollar's worth of betterness over any other shoes sold at \$5 a pair.

Wanamaker Shoes FIT better, WEAR better, and HOLD THEIR GOOD LOOKS longer than any other shoes sold elsewhere at their prices.

THAT is why three shoe stores are necessary to meet the tremendous demands for them. This is why Wanamaker Shoes command YOUR interest—if you require the BEST in shoes, and do not wish to pay more for lower quality elsewhere.

You'll admire the shoes when you see them, and feel their comfort. You'll admire them far more, after you have worn them awhile and proved their superiority over all others, by the splendid service they will give you.

HEARING ON SMOKE CASE. New York Edison Company's Stacks Won't Be Smoky After March 1, It is Promised.

The Anti-Smoke League appeared against the New York Edison Company at a meeting of the Board of Health yesterday afternoon. John W. Lieb, Jr., third vice-president of the company, said that upon the completion of new furnaces, about March 1, only hard coal would be used by the company.

Owing to the construction of the old equipment, until that time, he said, it would be necessary to burn a mixture of bituminous and hard coal and some smoke would have to be exhausted. He promised to submit further plans at the next meeting and the hearing was adjourned.

SOMETHING FOR DELANY. His Successor Names Him as a Condemnation Commissioner.

Corporation Counsel Ellison has decided to recommend to the Appellate Division the appointment of John J. Delany, his predecessor in the city's law department, as one of the commissioners to act in condemnation proceedings for the acquisition of the land required for the viaduct for the additional water supply. Mr. Delany resigned as Corporation Counsel after transferring his allegiance from Mayor McClellan to Charles F. Murphy.

MANY HURT IN FLYER WRECK. Engine and One Car Roll Into River—Two Fatally Injured.

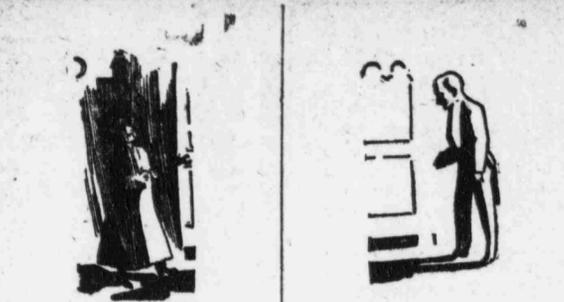

PITTSBURG, Oct. 24.—The Cleveland flyer on the Pennsylvania jumped the track near Bellevue, just below Pittsburg, to-day while running a mile a minute, and after sidwiping a freight train on a siding plunged over the bank.

The engine and one car rolled into the Ohio River. The remainder of the train stayed on the bank. Engineer C. Ewing and Fireman A. V. Reynolds, both of Cleveland, were taken from the river fatally hurt.

The cause of the accident has not been determined. Four passengers were badly hurt and twenty-five others were bruised and out by broken glass.

OBITUARY. John F. Dolan, one of Building Superintendent Murphy's inspectors in the plumbing division of the Manhattan Bureau of Buildings, died on Monday at his home, 26 West 114th street, of a stomach ailment. He was appointed an inspector in the old Department of Buildings by Commissioner Brady, and upon the establishment of the Bronx Building Bureau was transferred to it. He returned to the Manhattan bureau in 1893. He was a member of the Nameless Club. He leaves a widow.

James Bernard Casey, formerly Democratic leader in the Eleventh ward, Brooklyn, who had been employed in the County Clerk's office and the Comptroller's office more than thirty years, died on Monday at his home, 102 E. Edwards street, aged sixty-fourth year. He was a member of the Junia Democratic Club. He leaves a widow, son and two daughters.

"I know the cut I want," said East Brumme L. "My tailor knows the rest."

The cut of the Coat is what you look at. But the sewing and tailoring are not less important.

The one may be imitated superficially. It takes time, skill and honest workmanship for the other.
