Sella and Sara Silverstein, the sisters of Selig the bomb thrower, were two others brought before Magistrate Droege.

The interview the Silverstein sisters had with McCaffery was lengthy, but it did not serve to throw much light on the young tailor's motive for throwing the bomb nor to indicate in any way that his action was dictated by any conspiracy.

"He has always been so sick that he will be glad if he dies. It will be better for him," said Sella.

The girl went on to say that her brother used to be given to much studying at nights and that he went to a night school somewhere in Brooklyn some time ago.

HUNTER SOUGHT FOR ARREST THOUGHT THAT WAS THE WAY TO TEST THE POLICE RIGHTS.

Told That the Authorities Are Inclined to Host Him Tomorrow, He Replies That He Is Not in Hiding—Again Denounces the Police for Their Brutality.

Robert Hunter, who was slated to make the chief speech at the meeting of the unemployed in Union Square on Saturday afternoon and who defied the police to stop him, in spite of the fact that there was no permit for the meeting, was told over the telephone at his home near Stamford that the authorities had a disposition on the night that he would be arrested.

"Really, I don't see how they could hold me responsible," said Mr. Hunter. "I didn't organize the demonstration and was merely invited to be one of the speakers."

"I don't plan to go to New York to-morrow, but I am going down some day this week, and at that time I intend to get legal advice as to making a thorough investigation of the events that led up to the bomb throwing and of that act itself."

"I want to find out a little more about this man Silverstein than the police are likely to permit for the meeting."

REVOLUTIONISTS ARE NERVOUS. Russians at a Small Gershuni Meeting Condemn the Russian Bomb Throwing.

A poorly attended meeting in memory of Gershuni, the Russian revolutionist, whose funeral was celebrated in Paris at almost the same time, was held yesterday afternoon by the New York Russian Social Revolutionists in the Murray Hill Lyceum, Thirty-fourth street and Third avenue.

After the affair in Union Square the police were not taking any chances, and a hundred policemen under Capt. Patrick Byrne and Lieut. Charles Manning were scattered about the hall and behind the stage.

Besides this there was a body of men in the street to keep people from loitering, and around the corner in the East Thirty-fifth street station house there were several more policemen in reserve.

Dr. L. Magnes of Temple Emanu-El was to be a speaker, but after he had looked over the affair of policemen, who seemed to outnumber the revolutionists, he begged the committee to excuse him, saying that after the bomb throwing the day before he believed that it would be best for him not to give an address.

Capt. Byrne and Lieut. Manning were interested in a banner that the Russians were about to put up. The principal trouble with it was that it was red.

PEOPLE'S INSTITUTE SIFTS IT WILL MAKE A REPORT MADE ON THE UNION SQUARE DISORDER.

The Platform Offers to the Audience the Opinion That the Authorities Were Probably Wise in Prohibiting Large Open Air Assemblies Just Now.

There were nearly fifty plain clothes policemen in the audience last night at the meeting of the People's Institute in Cooper Union because of the demonstration on Saturday in Union Square.

After an address by President M. W. Stryker of Hamilton College on an ideal fundamental democracy men in the audience, as is the custom, asked questions, and one man in a blue sweater got up and asked what the people at large and the People's Institute in particular should do in regard to the incident of Saturday.

"I mean," said the man in the blue sweater, "that the Commissioner of Parks acted as an autocrat in refusing 40,000 people the right to the use of Union Square for a meeting."

Mr. Smith took it upon himself to answer the question, "I don't know the limit of the power of the Commissioner," he said.

Mr. Stryker asked the commissioner had the authority and Mr. Smith said:

"If he had the right, then he was standing within his rights. He might have acted differently, but it is simply a question of whether he judged rightly or wrongly."

There was long continued applause and then Mr. Smith told the questioner that he thought that the man who had asked the question was to the guilt or innocence of another man until there had been a trial and a verdict rendered.

"The speaker of the evening has told us of an ideal democracy," said a young man in the center of the audience.

"That a committee including the Rev. Thomas R. Slicer, who was on the stand, be appointed to investigate the Union Square incident and report in all detail as to whether the Park Commissioner was within his rights, whether the Constitution was violated and whether the police had the right to the full and free use of their clubs."

LABOR IN PORTO RICO POLITICS. American Federation Unions to Have an Organ and a Ticket.

A meeting of the executive committee of labor unions and Socialist organizations which arranged the unemployed demonstration on Saturday was held last night at Labor Temple, 243 East Eighty-fourth street, at which ten members were present.

At the close the chairman, Sol Fieldman of 3 Sylvan place, said that a committee which will report Tuesday night had been appointed to find out who really threw the bomb.

Fieldman said that in spite of Silverstein's declaration that he threw it it was the sense of the committee meeting that it was the act of neither an anarchist or Socialist in view of information received by the committee to the effect that the bomb may have been thrown by a policeman.

Fieldman said that two men whose names he didn't want to disclose had informed the committee that they saw a policeman in the center of the crowd at the moment of the explosion, and just then the bomb went off. The committee suspects this policeman.

Fieldman said that in spite of Silverstein's declaration that he threw it it was the sense of the committee meeting that it was the act of neither an anarchist or Socialist in view of information received by the committee to the effect that the bomb may have been thrown by a policeman.

THE NEW SPRING BLACK Suits for Every Man.

WE believe in the old axiom that "a thing worth doing is worth doing well." And this vast array of black suits proves it.

There are twelve kinds of black fabrics—rough and smooth. There are eight prices—\$15, \$17, \$18, \$20, \$22, \$25, \$28 and \$30—and every size at each price.

To glean an idea of its immensity note these figures: There are six sack models—conservative and radical. There are twelve kinds of black fabrics—rough and smooth.
