ALL BLUFF, THIS AMERICA, SHE SAYS DEPARTING.

Yvette Guilbert is grievéd. She says she is tired of New York from her feet yesterday.

We want is their money. Another manager says to me, 'Do you think I am in this business to educate the public?'

The American managers tell me, when you ask them how they dare to give some of the worthless plays that they do, 'Oh, the American man who has just finished his day's work, he is too tired to be able to think again and we have to give him something over which he will not have to work his brain.'

ridiculous. But what amused me the other day to see in front of the Brooklyn opera house a board calling attention to a bargain matinee. Fancy a bargain matinee of opera. Another thing that struck me as funny was to see a brand of cigars advertised as 'costly looking.'

Mme. Guilbert shut her book with a snap. 'But it is all America,' she said. 'Just this bluff. The looks satisfy. Each is struggling for his own interests, and everything is just for show. Politeness is unknown, and Madame has her head and shrugged her shoulders again just to show that the outlook for us is dismal indeed.'

The plan of arbitrating the waistmakers' strike collapsed yesterday and the strike is now to be a fight to a finish. The members of the Associated Waist and Dress Manufacturers will take extra precautions to protect the strike breakers, and in anticipation of a long fight the waistmakers' union decided to issue appeals to all the other unions for financial assistance.

The clash came when John Mitchell and Morris Hillquit, the representative of the union, met the arbitrators of the employers on Friday afternoon at the Hoffman House. The session ended in the employers flatly refusing to arbitrate the question of recognition of the union. The representatives of the union argued that the question of recognition was practically the only one to be arbitrated.

The executive committee of the Manufacturers Association met yesterday for several hours at the Hoffman House, where Marcus M. Marks, president of the National Association of Clothiers, who originally proposed the plan of arbitration, tried unsuccessfully to straighten out matters, but all negotiations were called off. Later this statement was issued by I. B. Hyman, president of the Associated Waist and Dress Manufacturers:

Messrs. John Mitchell and Morris Hillquit, representatives of the shirtwaist makers, met I. B. Hyman and J. B. Flaherty, representatives of the Associated Waist and Dress Manufacturers, yesterday at 4 P. M. at the Hoffman House. They were in conference for about three hours.

Mr. Mitchell and Mr. Hillquit insisted that one of the questions to be submitted for arbitration was that of a 'closed or union shop.' The representatives of the waist manufacturers stated that the manufacturers would under no circumstances unionize their shops, or agree to employ only union help, or enter into union agreements; that they were perfectly willing to have any complaint of employees or grievances investigated, considered and settled by the arbitration committee, but that the question of a 'closed shop' was not open for consideration.

Mr. Mitchell and Mr. Hillquit refused to take up the question of grievances or complaints of employees unless the arbitration committee would also consider the 'union shop' question, and as the representatives of the manufacturers would not consent to this condition nothing was accomplished, and the conference came to an end. The workers are returning in considerable numbers and it is evident that the strike will end shortly.

The Waist and Dress Manufacturers will never sign any union agreements. In a supplementary statement a member of the executive committee of the manufacturers said: 'We do not care whether or not our employees are all union workers as we have declared for the open shop, but we will not make any agreement with the union to employ only union workers. This is the recognition of the union wanted by the strikers and if we granted this demand it would mean control of our business by the union. As the demand cannot be split or compromised it is plainly not arbitrable.'

REPLY TO THE RECEIVERS OF THE McLAUGHLIN CONCERN. The receivers recently appointed by Judge Chetfield in the United States Court in Brooklyn for the McLaughlin Real Estate Company have reported that they found on hand when they took possession of the concern only \$812 in deposit and office furniture reckoned at \$535.

A number of the creditors of the company have objected to the continuance of Harry S. Stewart as one of the receivers and have applied to Judge Chetfield to substitute another in his place. The objection to Mr. Stewart is that he was the personal attorney for Glenwood Hawkins, a holder of one-sixth of the stock of the company and a former officer.

A. A. Howell, counsel for the creditors, told Judge Chetfield that one officer of the company took \$100,000 from it and another \$110,000, and that proceedings would doubtless be taken to recover these sums.

NO CHANCE OF ARBITRATION

WAISTMAKERS AND EMPLOYERS CANNOT AGREE.

The Latter Decline Even to Consider the Question of Employing Only Union Workers and Say That the Employees Make That a Fundamental Demand.

IMPERIAL COAL.

Sheriff After a Bunch of Englishardt's Promoters.

'Deputy Sheriff Burnes has received executions aggregating \$18,150 against the Imperial Coal and Coke Company of 17 Battery place, the Pioneer Commercial Corporation of 17 Battery place, and Albert F. Engelhardt of 17 Battery place, all in favor of the Geneva National Bank of Geneva, N. Y., on judgments obtained in Ontario county.

The way of the two Engelhardt companies, the Imperial Coal and Coke Company and the Pioneer Commercial Corporation, has been hedged with unpleasantness. The Pioneer Commercial Corporation, according to some of the stockholders, in its capacity of a dealer in 'guaranteed stock and high grade investment securities' recommended the coal company stock to investors.

The hearing for the appointment of another receiver in place of Mr. Stewart will be continued before Judge Chetfield next Friday.

REORGANIZATION COMMITTEE INCORPORATED TO ACT AS AN OPERATING CONCERN. CHICAGO, Dec. 11.—The Secretary of State at Springfield has issued papers of incorporation to Charles G. Dawes, Emile K. Boicot, George P. Hoover and Andrew Cook, Chicago members of the reorganization committee of the Chicago Consolidated Traction Company, authorizing the organization of the United Railway Company. This is the first step in the reorganization of the consolidated lines.

A franchise is to be asked of the city at an early date which will be in many ways similar to that under which the Chicago Railway Company is now operating. The company will act in the nature of an operating company for the Consolidated properties.

The capital of \$100,000 authorized on behalf of the new company is purely nominal and will be held in escrow, subject to the issuance of certificates, as was done in the case of the Chicago Railway Company.

Pilot Chart of Indian Ocean. The United States Hydrographic Office has just issued the first number of a quarterly pilot chart of the Indian Ocean.

It shows best routes, ocean currents, magnetic variation of the compass, northern limits of floating Antarctic ice, wireless telegraph stations, prevailing winds and atmospheric pressure. The reverse of the chart is devoted to an article on cyclonic storms, with special reference to handling vessels in or near the storm area, besides some items regarding the port facilities of harbors in West Australia and the East Indies.

TORRENS LAW UPHOLD.

Matter Will Now Be Carried From Appellate Division to Court of Appeals.

The Appellate Division of the Supreme Court in Brooklyn has handed down a decision unanimously upholding the Torrens system of land title registration in the first case brought in the State to test its constitutionality.

Thomas F. Duffy, the plaintiff in the case bought a house in Decatur street and sought to have the title registered under the Torrens system. Objection being raised, he began the suit the progress of which has been watched with interest by the title companies, which are opposed to the new law.

The case will now be carried to the Court of Appeals.

Young Woman Robbed Accuses Allen. Miss Blanche Frazer of Atlanta, Ga., who was drugged and robbed of \$3,800 worth of jewelry by two young men in a furnished room house at 359 West Twenty-third street, Manhattan, on November 5, went to the Second precinct station in Jersey City yesterday afternoon and identified Archibald L. Allen, the piano salesman who was arrested on Thursday night as one of her assailants. She picked Allen out of a line of young men in a police 'standup' and said she was absolutely positive she had made no mistake.

'I would know him in a hundred,' she said. Miss Frazer will appear to-morrow in the First Criminal Court, Jersey City, as a witness against Allen at his examination.
