

HAMBURG-AMERICAN

CRUISE to South America

The Land of Opportunity For Business or Pleasure

Unusual facilities and comprehensive arrangements—the result of over 20 years' experience in building up our cruises has made this cruise to a virgin country possible.

South America has in recent years become of special interest to Americans, and only lack of convenient transportation facilities, such as are afforded by this cruise, has deterred many from visiting the interesting countries of the South American continent. The itinerary comprises a vast range of scenery and climate from the Tropics to the Antarctic, from the luxuriant Equatorial Savannahs to some of the highest mountain ranges. Many of the regions are rarely visited; perhaps never before have they been made as accessible to travelers whose chief object is pleasure and recreation.

"South America is undoubtedly entering upon a new industrial and material movement. Its development during the next ten years will arrest the attention of the world. Its mining wealth and resources, especially those of gold, copper, silver, tin, platinum and nitrate in the Andean States of Colombia, Ecuador, Peru, Bolivia and Chile, will require the investment of North American capital not unlike that already needed in Alaska and Mexico."

On January 22d, 1910, the magnificent twin-screw 12,500 ton Steamship "Bluescher" leaves New York for SOUTH AMERICA and the STRAITS OF MAGELLAN, including visits to Brazil, Argentina, Uruguay, Chile, St. Thomas, Trinidad and Jamaica.

This is a delightful trip of 81 days, over 16,000 miles. Cost from \$350 up!

WE ALSO HAVE CRUISES TO THE ORIENT, to the WEST INDIES, During Jan., Feb. & March—duration from 18 TO 30 DAYS—and regular weekly service to JAMAICA to fit every purse.

HAMBURG-AMERICAN LINE, 41-45 Broadway, New York.

Write or call. We have issued a series of "Travel Books" describing these cruises—illustrated—which give full information. They will be sent free upon application.
