This picture, slightly, represents one of the many busy corners in the Ruppert bottling department, where Christmas orders for KNICKERBOCKER BEER are filled. Old Santa Claus has made a greater demand this year than ever before, forcing Father Knickerbocker to fill and ship out over 350,000 bottles a day, which is only about one-half the bottling capacity of the entire plant, if all the machines were kept busy ten hours a day. Ruppert's beer and Christmas cheer march hand in hand through the holiday season, adding health and happiness to each festive occasion. Therefore, assure yourself of a "Merry, merry Christmas," by ordering from your dealer a case of JACOB RUPPERT'S Knickerbocker The Beer That Satisfies. Every precaution of cleanliness is rigidly observed, the sterilization of bottles, the use of filtered rinsing water, automatic filling direct from glass-lined steel storage tanks, and automatic capping and labeling, so that the beer comes out of the bottles a wholesome pure product of health-giving strength. The bottles in use if placed end to end would more than reach across the continent. The beer cases in use and on hand if piled end on end would make a column 95 miles high. But the most consoling factor, by which we measure our phenomenal success, is the approval of the public and the popular appreciation of our efforts in producing "The Beer that satisfies." We wish a "Merry Christmas to all." FOR SALE BY ALL DEALERS'
