

OLGA NETHERSOLE  
EXCITABLE WITNESS

She Calls Court "My Lord" and  
"Your Highness" When  
Testifying.

TELLS OF \$31,000 CLAIM

Says Managers Were Unfair  
and They Say They Lost  
\$40,000 on Her Tour.

Olga Nethersole, the English actress, was a witness before Supreme Court Justice Penderton and a jury yesterday in her suit against Liebler & Co. and the Shubert Theatre Company which brought her here in 1911 for two seasons, to recover \$31,000 because her managers permitted her to play only one season. She heard the attorneys for the defendants say they lost \$40,000 on the season she did play and that she believed she was no longer a drawing card in this country. Miss Nethersole, a black from the tip of her velvet hat to her patent leather pumps. In her excitement when telling her story of unfair treatment she occasionally addressed Justice Penderton as "My Lord" and "Your Highness."

Defense Says She Was Unreasonable.

The contract under which Miss Nethersole was called for her appearance in "Mary of Magdalen" for two years at \$1,000 a week and 25 per cent. of the gross receipts. Herbert C. Smith of counsel for the Shubert company told the jury that originally Miss Nethersole signed an ordinary contract and that when she came to America she demanded a "sole star contract" and wanted other allowances that were not rightfully hers. He said that when she didn't employ from the defendants for the second season she refused to take other engagements and contented herself with sitting quietly in her English home, waiting to bring the suit.

On the witness stand the actress gave her name as Olga Isabel Nethersole. When her attorney asked if she was the actress she said, "I have appeared in America as actress and manageress." Miss Nethersole testified that after the third performance of "Mary of Magdalen" she thought a representative of Liebler & Co. tried to get her to sign a new contract for only one season of twenty weeks.

The Court Couldn't Guess.

"I haven't any idea," said Justice Penderton, somewhat surprised. "They put the picture of another woman in the newspapers and labelled it with my name." The actress also said she paid \$214 for printing and wasn't able to get that money from her managers.

"They had billed me very inadequately and I had to have the printing done," she said. "How much more of this old stuff are we going to be charged with and have unloaded on us?" asked Mr. Smyth. "I'm not going to unload anything on you, young man, unless you can use and put in a bill for the money, but never got it. When they asked for more pictures I said I wouldn't buy any more until they paid me the \$17. And what do you think they did, Mr. Lord?"

McANENY HATES TO MOVE.

Asks to Retain His Suite in Western Wing of City Hall.

Borough President McAneny sent a letter to the Sinking Fund Commission before he left for White Sulphur Springs suggesting that he retain as President of the Board of Aldermen the suite of offices in the western wing of City Hall which he occupies as Borough President of Manhattan.

He further suggests that the new Borough President, Marcus M. Marks, be housed in the offices of the City Clerk. In the western wing of City Hall, Mr. McAneny points out that the architects of the City Hall restoration will be able to provide ample quarters for Mr. Marks, especially if the office of the chairman of the finance committee is utilized.

President McAneny has a large share in the work of the restoration of City Hall and has made his own office the most attractive and most typically Colonial in the whole building.

Vann after shooting the policeman escaped with a man named Ben A. report that to-night was that the men were surrounded and that before morning they would be forced to surrender or be killed.

BURGLARS GET \$2,450 COAT.

PASSAIC, N. J., Nov. 13.—While the family of Felix Hinzberg of 243 Passaic avenue slept last night burglars broke through a cellar window and ransacked the first floor, getting about \$4,000 worth of loot. Chief among the articles taken was a Persian lamb coat valued at \$2,450. Jewelry and silverware worth nearly \$1,000 were also taken. Mr. Hinzberg is connected with Coe & Schreiber, importers of woollens, 225 Fourth avenue, New York.

DR. SPITZKA DENIES LOVE NOTES.

Admits He Knew Mrs. Gersghall—Will Fight \$50,000 Suit.

Dr. Edward Charles Spitzka, the noted alienist, who has been sued for \$50,000 damages by Joseph Gersghall, a jeweler, for alienating the affections of Mrs. Minnie Gersghall, yesterday said that while he knew Mrs. Gersghall and treated her as a patient there is no merit to the suit and he will fight it to the end.

NEW PHONE DIRECTORY OUT.

Distribution of 555,000 Copies, an Increase of 5,000, Begun.

The distribution of the fall and winter issue of 555,000 copies of the New York City Telephone Directory to subscribers in Greater New York began yesterday.

The new telephone directory contains 618 pages, twenty-four more than the summer issue. It has more than 205,000 names, or an increase of 5,000 over the last issue, making this the most comprehensive telephone directory ever delivered in any city. Its edition will be delivered in two weeks by a specially organized force of 500 men, at the rate of about 40,000 directories a day, at a cost of \$1,200 a day. At the same time the old directories will be collected. When the work of delivery has been completed 1,500 tons of telephone directories will have been moved.

WIDOW OUT IN TAXI TO BREAK DRIVERS' STRIKE

Mrs. Haverty Braves Howls and Threats to Get Fares at Hotel Belmont.

Mrs. Catherine Haverty, a widow with four children, who has been the head of Haverty's Taxicabs, Inc., since the death of her husband four years ago, went out in a taxicab yesterday from the garage of the firm at 145 East Forty-first street to break a strike of the chauffeurs.

The strike began a week or two ago. All the strikers backed except to the garages of the Renault and Haverty companies. Mrs. Haverty refused to have any dealings with the chauffeurs' union and the strike against her still stands.

BROOKLYN WIDOW LOST \$20,000.

Lawyer Will Face Charge of Embezzling the Money.

LOUISVILLE, Nov. 13.—Charged with embezzling \$20,000 from Mrs. Sarah Wells, a widow, aged 63, of 108 Hancock street, Brooklyn, Walter H. Craig, a lawyer, formerly of 44 Court street, Brooklyn, was arrested here today. He will return to New York without extradition papers.

Craig, it is charged, invested Mrs. Wells's money for her and instead of making investments merely held up the money, asserting that it had been lost. Craig was found in Louisville after a search that began last July.

City Thanks Mrs. Sage.

The Board of Estimate sent to Mrs. Russell Sage yesterday resolutions thanking her for her \$25,000 contribution for the restoration of the City Hall rotunda.

POLICE WITHDRAWN FROM MAIL WAGONS

With Eight Union Leaders in Tombs, No More Trouble Is Expected.

PISTOL BATTLE AVERTED

U. S. Officials Spoiled Plan to Shoot Up Garage—Grand Jury at Work.

Policemen were withdrawn from mail delivery automobiles yesterday because the United States Government believes it has arrested all the members of the local union who favored violence or has them in flight. They have eight of the Tombs under \$5,000 bail and they hope to have about twelve more today or to-morrow.

The local headquarters at Fifteenth street and Avenue A were deserted yesterday and members who came down to the Federal Building said the union has no funds, no sanction by any other union, no hopes and no officers.

The Federal Grand Jury had the case under consideration yesterday and among the witnesses were a dozen or more men who had been forced out on strike. They talked freely in the corridors of the building, though not revealing what they had testified.

It became known in this way yesterday that the post office inspectors prevented a serious tragedy last week. Fourteen members of the union, among them the most radical, agreed to man a large automobile, drive past the garage of the New York Postal Transfer Company in the early evening and to shoot into the open door of the garage, at policemen, officials, employees and anybody else who might be standing there. The car was hired and the hour fixed. This was telephoned at once to the authorities and twenty-fifth street between Tenth and Eleventh avenues became soon after a field of war. Policemen were brought around from stations and private detectives and special guards were routed out.

An automobile containing a dozen men came down Eighth avenue shortly before the hour named, but just before it reached the Twenty-fifth street corner, there came a warning signal from a man on the corner. The car instead of turning continued straight ahead and got away.

Harry Lubwitz, a striker acting as a special deputy, said that he was forced to quit work.

They put a gang in front of my house in West Forty-eighth street and told my wife they were going to get me," he said. "I had to climb off then and come down here to help."

Charles Schill worked last week, but a delegation went to the home of his aged mother in Flatlands. They told the mother they were going to kill her son if he sought, she became prostrated and to save her, Schill quit.

J. A. Bassett, another striker, talked so peculiarly that Assistant United States Attorney Osborne had him taken to the New York Hospital, where it was found that for the twelve days he had been going around suffering from concussion of the brain, caused by a rock, by a striker or sympathizer before he quit work.

Joseph Cassidy, vice-president of the company that has the contract, was in jail yesterday when a man struck him a glancing blow on the back with a rock. Cassidy gave his assailant one of the most successful beatings that some of the crowd ever saw. He then let the man go.

It is thought that some action may be taken by the Grand Jury to-day.

Fined for Barring Fire Escapes.

Nathan Handel, a clothing manufacturer, was fined \$50, with the alternative of fifteen days in prison, in Special Sessions yesterday for having three exits to his clothing factory at 35 Goere street. He paid the fine.

DEFENSES FEDERAL BIRD LAW.

Dr. F. S. Palmer Urges Importance of Their Protection.

In direct refutation of those who declare the Federal migratory bird law unconstitutional, Dr. F. S. Palmer of Washington, D. C., an eminent ornithologist and leader in the movement for the protection of birds throughout the country, made a vigorous plea for the preservation of birds yesterday at the morning session of the Ornithologists Union at the American Museum of Natural History. He declared that the law was unique in the annals of protection of birds and was of interest to more persons than any law of its kind in the country.

There are 5,000,000 people hunting this year, he said, but a large proportion of the additional 85,000,000 of the population of the United States are interested in the protection of all migratory and insectivorous birds.

There is some misapprehension, he said, in regard to the scope of the law. It does not protect all migratory birds, but it does protect all migratory game birds and migratory insectivorous birds. The work of protection has proved successful because it is based on scientific instead of arbitrary principles.

Other speakers were W. E. Clyde Todd and Robert Cushman Murphy. Motion pictures of Antarctic life taken by Herbert G. Ponting, F. R. G. S., who accompanied the Antarctic expedition under Capt. Scott, were shown.

WANT THE WHOLE COUNTRY DRY

Anti-Saloon League Says States Can't Control Liquor.

COLUMBUS, Nov. 13.—Thirty-five hundred men and women church and temperance workers meeting here today in connection with the biennial meeting of the Anti-Saloon League adopted resolutions calling for a Federal constitutional amendment for national prohibition.

The resolution says: "It is a Federal evil, a national menace too powerful for State authority, requiring national jurisdiction and treatment. It begets the individual, burdens the State and impoverishes the nation. It commercializes vice and capitalizes human weakness."

It is therefore declared for its national annihilation by an amendment which shall forever prohibit throughout the territory of the United States the manufacture, sale, importation, exportation and transportation of intoxicating liquors to be used as a beverage.

Bishop Luther B. Wilson of New York and the Rev. P. A. Baker of Ohio were elected moderators and superintendents respectively of the league.

RUNAWAY HURTS TWO.

Dashed Into Group in Eighth Avenue and Woman May Die.

A runaway horse pulling a laundry wagon ran into a group of men and women at Eighth avenue and Fifty-third street yesterday. Miss Nellie Downer, 49 years old, a dressmaker, of 19 West Ninety-eighth street, suffered a fractured skull and is expected to die. Morris Kohn, 79 years old, of 45 West Ninety-second street, was badly bruised and was taken home.

NEW JERSEY NOTES.

WESTFIELD.—Fred Sheerer, the thirteen-year-old son of Mrs. Theresa Borchering of Grove street, was killed yesterday afternoon when he collided with an express wagon while riding his bicycle.

JERSEY CITY.—A recount of the Hoboken majority vote was begun yesterday by the Hudson County Board of Elections at the County Court House.

PATERSON.—A jury in the Passaic Circuit Court here gave a verdict for \$5,000 in favor of Geille De Leon, 8 year old, against Dr. Morris Johnson, who ran down the girl with his automobile last spring.

NEWARK.—Walter J. Hammill, a clerk in the offices of Lindbergh, Dupre & Paulsen, pleaded non vult before Judge Martin in the Court of Common Pleas yesterday to having embezzled \$4,500 from the firm.

MONTCLAIR.—Chief Justice Gumper granted an order yesterday for a recount of the votes cast for town councilman in the Third Ward.

GRANT ESTATE MAY BE TAXED.

Surrogate Decides Appraiser Nagle Had No Power to Exempt.

Surrogate Fowler decided yesterday that Transfer Tax Appraiser Nagle had no power to determine that the late Gen. Frederick Dent Grant, U. S. A., was not a resident of this State, and accordingly to exempt his \$100,000 estate from taxation here. Appraiser Nagle held that an army officer is only a temporary resident of his army post, and as Mrs. Grant, the executrix, claimed her husband's residence to be in Washington the estate was not taxed.

The Surrogate ruled that when conflicting allegations were made the appraiser must report to the Surrogate, who will determine the question of domicile. Surrogate Fowler said he would pass on the question on the evidence before the appraiser, or if the parties do not consent he will take new testimony.
