Duchess of Marlborough Entertained at Lenox--Rare and Interesting Exhibits Seen at Flower Show

Lenox, July 25.—Society made much of the Lenox flower show on Wednesday and Thursday. In no summer colony where society meets are the gardens finer than Lenox and an exhibition of their products is always important. Prominent among the exhibitors were Mrs. John E. Parsons, Mrs. Robert Witherop, Mrs. Clara Heredia, Mrs. William B. Osgood, Mrs. William E. S. Griswold, Mrs. William D. Sloane and Mrs. Giraud Foster. Their gardens furnished the bulk of the exhibits.

The most exciting of the most interesting of the exhibits were twenty-four varieties were shown by some contestants for awards. Mrs. Giraud Foster brought a new variety, five flowers on each stalk, which was one of the rare exhibits. Charles Lanier made a large showing of plants.

Mr. and Mrs. William B. Osgood Field entertained the Duchess of Marlborough during her visit in Lenox. Mr. and Mrs. William Douglas Sloane would have entertained her at Elm Court, but they were unable to do so because of Mrs. Sloane's illness. The Duchess arrived last Friday night at Highland House, the Field place, which has been her home since she was last in Lenox, which interested her very much. Mrs. Field is a cousin of the Duchess and they were very intimate before the marriage of the Duchess in 1895. A pleasant part of the Duchess's stay was her visit to the flower gardens at Highland House and at Elm Court. She is very fond of old-fashioned flowers and a great number of these are shown in the gardens. Mrs. Field, who has special talent for the arrangement of flowers, selected and arranged the floral centerpieces for the dinner table during the Duchess's visit, using the flowers the Duchess found most pleasing. The entertainments were very largely of an intimate family nature, only one large entertainment being given.

During her visit the Duchess wore white gowns. In the morning and while motor-riding she was seen in white linen, and on Sunday at church she wore soft white and pink. Her evening gowns were white. Mr. and Mrs. John Henry Hammond, who were at Elm Court, went to Newport with the Duchess on her return to New York.

Spots have been prominent all the week. On Monday the Junior championship tennis began at the Lenox Tennis Club, very large entries from all of the surrounding resorts meeting on the courts. In the opening games of the girls' championship there was a surprise when Miss Hope Palmer of Lakewood, N. J., defeated Miss Alma de Borchgrave of the Lenox Tennis Club, who was one of the strongest entrants. Miss Palmer won the Hotel Astor championship in 1913.

Golf has been largely followed by both men and women. The weather on Tuesday and Wednesday was cool and with a touch of September in the air. Miss Anna de Borchgrave, daughter of Mr. and Mrs. Frank S. DeBorja, who has taken up golf this year, won the women's tournament, with Mrs. George Batey Blake of the Lenox Golf Club as runner-up. John Sloane and Dr. F. W. Schmitt were tied for the Lenox Golf Club.

Several dinners were given for theatre parties who went to Pittsfield for the performance of the Pittsfield players in "The Young Heavies," a play in which Harrison Gray Peck will present Lydia Lopulowa, the Russian dancer, on Broadway in September. Miss Lopulowa has the first English speaking part in this play.

Mr. John R. Brooke of Washington, an annual visitor to the Maplewood hotel, reached his seventy-second birthday, Tuesday. The dining room of the hotel was decorated in his honor, and Mrs. Charles Hewitt Wright gave a luncheon for him at the Country Club of Lenox.

Red, white and blue flowers formed the setting for the luncheon and the army was largely represented in the guests on the occasion.

Lenox is now the richest town in the Berkshire. Its value as placed by the State is \$10,000,000. In wealth it outstrips all of the manufacturing towns and all larger resorts. Its wealth consists in nearly a dozen large properties which are situated on the property of the Lenox Hotel.

William Douglas Sloane and Robert W. Parsons are the largest contributors to the fund raised for the purchase of a country club. The purchase of the estate, which was ratified this week, gives the Lenox a property of 150 acres and a large villa which is capable of being adapted to the needs of a country club. As soon as the legal formalities are completed the club will take possession of the property and it will be put in shape for the opening of the clubhouse in September.

The club will be open all the year and members of the club will be put up there during the winter. The clubhouse has twenty bedrooms and a complete equipment for lodging and feeding its members. The winter sports will be developed. Skating, tobogganing, snowshoeing, skiing, curling and hockey are the sports of the Lenox Club. Probably the programme of the Lenox Club on Walker street will shortly be disposed of as a villa site and the Lenox Club has had its home will be wise owners of the property of New York has brought property in Lenox.

Thomas Shields Clarke has brought an organization of the large property owners at "Round Table" where owners of farms will meet and discuss

products, methods and conditions in the management of large properties. At Mr. Clarke's meeting this week were John E. Parsons, Joseph H. Choate, Albert R. Shattuck, George W. Fisher, Dr. Henry P. Jaques and Grenville L. Witherop.

Mr. and Mrs. Henry McBurney, who settled at Cherry Hill in Stockbridge, invited their friends to St. Paul's Church this week when their first born was christened Charles Brian Montagu McBurney. Col. and Mrs. Frank Montagu Reddell and Miss Elizabeth Criswell, Mrs. McBurney's parents and brother, were present at the service.

Frederic Crowninshield and Clark G. Vorhees, the artists, and Daniel Chester French and Augustus Lukeman, the sculptors, are of a committee arranging for an art exhibition in Stockbridge. They have invited the artists of the region to show their works. These include Ben Foster, Walter A. Nettleton, A. T. Vanlaer, Wilfred Von Glehn, H. Bolton Jones, Kathleen McEnery, William Fuller Curtis, Willard Metcalf, William Carrigan, Robert Reid, Lydia Field Emmet, Marie O. Kolbe, Thomas Smith and Miss Elizabeth Criswell. Miss Clementina Furness, who has been in Europe since the first of the year, is returning to Edgecomb in Lenox for the first of September and she and her sister, Mrs. John A. Zimmerman, will give a series of large dinners during the autumn.

Mr. and Mrs. David Lydia have gone to Newport to visit Mrs. William W. Tompkins for several weeks.

Visitors this week have included Gen. and Mrs. Thomas H. Hubbard and Miss Anna W. Hubbard, who left late in the week for Bar Harbor. Mr. and Mrs. Harrison Hooker, who visited with Mr. and Mrs. Anson Phelps Stokes; Mrs. Cleveland Perrie, who was the guest of Mrs. Elizabeth R. Jones, and Mr. and Mrs. Aymar Embury III, who were entertained by Mr. and Mrs. Philip Barden.

Mr. and Mrs. Giraud Foster gave a large dinner this week. Smaller dinners were given by Mr. and Mrs. J. Woodard Haven, Mr. and Mrs. Frederick Crowninshield, Mr. and Mrs. George E. Tarnure. The largest luncheon of the week were those given by Mrs. Charles Pollock in Pittsfield and Miss Mary Weyman in Stockbridge.

FOR THE AUTOMOBILIST.

WATERBURY, Conn., July 25.—The automobile touring bureau of the Hotel Elton, Waterbury, Conn., which is also the information bureau of the Ideal Tour, has sent a representative over the route and found conditions excellent. The route from New York to the Berkshire via the Naugatuck Valley is in exceptionally fine condition and follows the rejuvenated post road as far as Bridgeport and then turns north along the beautiful Naugatuck River Valley to Waterbury.

With the exception of one piece of State road work at Shelton which is rapidly nearing completion the road is in splendid shape, smooth and dustless under the Connecticut system of constant patrol of the principal trunk lines. Above Waterbury the route is one of the finest pieces of State road in New England all the way to the Massachusetts line.

The tourist should avail himself of the recently opened new road via Winsed, from Pittsfield the best route at present is via North Adams instead of the usually routed South Williamstown road, which is undergoing reconstruction, although there is a detour through Cheshire. Beyond to Manchester the road is excellent. The road is in good condition.

From the White Mountains to Poland Spring the roads are unusually good owing to an abundance of good weather, which has kept the surfacing in wet condition.

From Poland Spring to Boston the general condition of the highway is good, the road from Boston to Hildford to the New Hampshire line having added much to this section.

From Boston to Waterbury is found the longest continuous stretch of macadam on any road in the country. The road is a post interesting section of New England.

From Waterbury to New York via Bridgeport is the most picturesque of the entire trip.

AT SHELTER ISLAND.

SHELTER ISLAND, N. Y., July 25.—Dancing still holds the centre of the stage at this resort. To-night the ballroom of the Prospect House was the scene of a spirited contest for the gold cup offered by James Ebert, the manager, and new steps were introduced in the one-step, hesitation, maxixe and tango.

The children are outshining their mothers and fathers in the modern dances. So interested are they that Mr. Ebert has offered two silver cups to be competed for by them on August 7. The kiddies would rather dance than have their usual lawn and pool parties. Younging has resumed its old time popularity. Gardiners Bay has become a popular rendezvous for cruising yachtsmen. Daily this harbor has a regatta aspect.

Commodore Charles P. Prettyman of Philadelphia and Larchmont recently entertained the following party on board the flagship Taro: Mr. and Mrs. George R. Hanson, Mrs. Henry C. Hartman, James Ebert, Mrs. E. W. Bunting, Commodore Hardy, Mrs. P. B. Karpen, Mrs. Frederick Bauer and Mrs. H. Y. Ball.
