

RADICAL OR WILSON

After Seeing Col. Roosevelt, Ex-Progressive Efforts of New 1916 Revolt.

LIKES HUGHES, NOT ROOT

Medell McCormick of Chicago, who used to be vice-chairman of the Progressive National Committee, met reporters at the Plaza last night after a two hour talk with Col. Roosevelt at Oyster Bay.

Mr. McCormick, who has been doing considerable traveling about the country of late, thinks that Elihu Root is out of the question as the candidate of the Republican party for the Presidency.

Mr. McCormick finds much opposition to the President's preparedness scheme, but he sees little sentiment for half measures.

Mr. McCormick finds much opposition to the President's preparedness scheme, but he sees little sentiment for half measures.

Mr. McCormick finds much opposition to the President's preparedness scheme, but he sees little sentiment for half measures.

PERKINS FOR A FIGHT IN 1916

Says Bull Moose Will Have National Ticket in the Field.

CHICAGO, Nov. 19.—The Progressive party must and will have a national ticket in the field in 1916.

This was the statement of George W. Perkins, chairman of the national executive committee of the Progressive party, who addressed a meeting here last night.

"It is essentially a time for the broadest and highest order of statesmanship and patriotism, and I am personally convinced that between now and the assembling of the national convention next year, and when that convention does assemble, the party will, by its every act, make it perfectly plain to the people of this country that the course it takes will be constructive and not destructive, forward looking and not backward looking, broad and not narrow as regards political issues, and that it will make it perfectly clear that the responsibility for selfish action, blunders and mistakes, for which the country always has to pay, will rest on the shoulders of the men who are in politics in this country for personal advantage and aggrandizement."

SUPPS WILL PAY \$300 RENT

Compromise Is Arranged in Suit Entered for \$2,100.

While the jury before Supreme Court Justice Ford was deliberating yesterday whether the woman's political party should be abandoned because of the cold, the attorneys arranged a compromise.

WHITMAN SIGNS SUFFRAGE PLEA

Indorses Petition of Pacific Coast Workers for Anthony Amendment.

ALBANY, Nov. 19.—Gov. Whitman has received three suffrage workers at the Executive Chamber to-day and signed their petition to Congress asking enactment of the Susan B. Anthony amendment to the Federal Constitution.

LEADER MANN IN CAPITAL

Will Perfect Plans for Fight on Democrats in Next Session.

WASHINGTON, Nov. 19.—Representative James R. Mann of Illinois, Democratic leader of the House, arrived in Washington to-day prepared to take up the cudgels against the Democrats at the coming session of Congress.

HUGHES OFF NEBRASKA BALLOT

State Official to Permit Him to Retire From Primary.

LINCOLN, Neb., Nov. 19.—Justice Hughes will be permitted to withdraw his name as a Republican Presidential candidate. Secretary of State Pool has made no official ruling and will make none until after the Justice's declaration has been received, but it is unofficially stated that his wishes will be observed.

MCCALL TELLS CHARGES ARE TOO VAGUE

Service Board Chairman Tells Governor That Thompson Committee's Attack Is So Indefinite That He Cannot Make Answer—Maltbie Testifies.

Chairman Edward E. McCall of the Public Service Commission thinks that the charges made against him by the Thompson legislative committee are so indefinite as to make it impossible for him to answer them and he has written a letter to Gov. Whitman to that effect.

After quoting several passages from the charges filed by the committee Judge McCall said in his letter to the Governor:

"I think a mere reading of the above quotations from the charges will convince you as a lawyer that they are so absolutely indefinite and devoid of specification as to make it impossible for me to make other than a general answer. This, I think, is unfair both to you and me in that the joint committee in formulating charges should make them sufficiently specific so that you as an official charged with the duty of making the precise nature of the complaint, and I as the official complained of should have the charges in such form that they would be clear, specific and in sufficient detail."

WHITMAN LACKS INFORMATION

Gov. Whitman replied that he did not have the charges before him and probably would not have them until the day set for Judge McCall's hearing.

Mr. McCall stated that he would refer the letter to the Thompson committee. He said also that if on his hearing it appeared that Judge McCall had not been supplied with the information he desired he would receive an opportunity to get it. The date of the hearing is November 30.

After both letters had been put upon the record Senator Thompson said that the committee was preparing and would forward to Judge McCall within a few days all the information he desired.

One of the charges against Judge McCall is that he acted contrary to the interests of New York city and the people of the State in the matter of an application by the Edison Electric Illuminating Company of Brooklyn for permission to buy 122 acres of stock in the Kings County Electric Light, Heat and Power Company.

Mr. McCall said that he had no objection to the application of the Edison company, which is alleged by the Thompson committee to be aided by his power.

Mr. Maltbie explained the vote. In view of the fact that the testimony yesterday of Milo R. Maltbie, who was a Commissioner at the time the application was granted, was very interesting.

Mr. Maltbie was one of the Commissioners who acted as a Commissioner in getting the Edison company to recapture the franchise of the Amsterdam company and had taken the matter to the courts in an effort to show that the Edison company kept its promise to supply the city with more power.

He then went on to explain that the order granting the application specifically provided that the sale of the 122 acres to the Edison company was a merger and that he voted for it.

"I think," said Senator Thompson, "that the Corporation Counsel was more to blame than the Public Service Commission."

It is taken for granted that in making his defense before Gov. Whitman Judge McCall will refer to the fact that Commissioner Maltbie, whose motives the Thompson committee has never assailed, believed that the order

PLEA FOR RATE ADVANCE

TOLEDO, Nov. 18.—In an address at the annual banquet of the Toledo Transportation Club to-night Newman Erb, president of the Minneapolis and St. Louis Railroad, spoke on "The Menace to National Prosperity."

STIRS MCCALL'S WRATH

Hayward in Dispute Over Third Avenue Action.

A difference of opinion between Chairman Edward E. McCall and Commissioner Hayward continued the proceedings of the Public Service Commission yesterday.

Mr. Hayward gave some of the testimony on which the Thompson legislative committee has preferred charges against Judge McCall, and the asperity with which their colloquy yesterday was conducted indicated that the matter is not without the outward calm of all concerned in the effort to find Mr. McCall there is the making of a fine explosion when the assembly meets to-day.

At the meeting yesterday Commissioner Wood moved that the commission's counsel be instructed to inquire into whether or not the Third Avenue Railway Company had failed sufficiently in action being taken to repair it to warrant Commissioner Hayward's comment on this was that the company had admitted the fact that it had failed to do the work.

Mr. McCall stated that he would refer the letter to the Thompson committee. He said also that if on his hearing it appeared that Judge McCall had not been supplied with the information he desired he would receive an opportunity to get it.

After both letters had been put upon the record Senator Thompson said that the committee was preparing and would forward to Judge McCall within a few days all the information he desired.

One of the charges against Judge McCall is that he acted contrary to the interests of New York city and the people of the State in the matter of an application by the Edison Electric Illuminating Company of Brooklyn for permission to buy 122 acres of stock in the Kings County Electric Light, Heat and Power Company.

ARMY AERO SQUADRON ON 450 MILE FLIGHT

First Stage of Six Day Journey to Texas Is Reached Safely.

WICHITA FALLS, Tex., Nov. 19.—The six aeroplanes composing the First Aero Squadron, U. S. A., which left Fort Sill, Oklahoma, on a 450 mile flight to Fort Sam Houston, Texas, reached here safely to-day after being in the air less than one hour.

The flight was made at the rate of about sixty-five miles an hour. The weather conditions were nearly ideal for flying, with a light breeze from the west, twenty minutes covering the difference in time between the slowest and the fastest flight.

Major C. Carberry was the first aviator to reach here. His time was 39 minutes for the forty-five mile air line distance. The other machines ranged from 40 to 45 minutes flying time. All of the aeroplanes settled on a previously selected aviation field after shooting high over the business section of the city.

The squadron is composed of fifteen aviators and ninety men. Those who did not fly to-day accompanied the motorcade, which will be held to-morrow. The aeroplanes were: Capt. Foulis and Lieut. T. D. Milling, C. G. Chapman, J. E. Carberry, T. S. Bowen and I. A. H. Jones.

The aeroplanes will make the trip to Fort Sam Houston from Fort Sill in six days.

CAUTION

There is such a thing as too much caution, but it is a safe guess that more failures are due to an absence of caution than to an excess of it.

Certainly, in choosing a building Contractor, an Owner cannot very well be too careful, because the natural complexities of the business require that a man shall hire an organization whose record and reputation, past and present, are established beyond all peradventure.
