WOOD UNDER FIRE.

Thompson Committee Delves Further Into Subway Signal Contract.

Joseph S. Auerbach went before the Thompson legislative committee yesterday and denied that he ever told Public Service Commissioner Williams that he would startle the community if he got a contract for installing signal devices in the Brooklyn Fourth Avenue subway.

The contract in question was awarded on recommendation of Commissioner Wood in December of last year.

Mr. Auerbach not only denied such possession, but said he had no recollection of having talked to Commissioner Williams at all.
