PARKER'S HAIR TREATMENT

REVEALS HAIR TONIC restores HEALTHY HAIR and corrects Unnatural Hair and Scalp Conditions.

They assist Nature in restoring normal, healthy conditions by stimulating and revitalizing the hair growing process. Forty years' use has demonstrated their efficacy; many thousands continue to their beneficial value. Healthy hair needs attention. Incipient hair and scalp diseases grow worse by neglect.

Send description of your hair and scalp condition, general physical health, and age, and I will suggest proper treatment and tonic. Booklet B, "Healthy Hair," free on request.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best Doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take anti-malaria tablets, and the results will be satisfactory in the highest degree. You can obtain them at all drug stores in any quantity, 100 worth, 50 worth or more. Ask for A-K Tablets.

SICK HEADACHES

Sick-headache, the most miserable of all sicknesses, loses its terrors when A-K Tablets are taken. When you feel an attack coming on take two tablets, and in many cases, the attack will be warded off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way.

Genuine A-K Tablets bear the AK monogram. At all druggists.

How Fast Does Your Ice Melt?

This Question, Not the First Cost, Determines the Real Expense of Your Refrigerator.

A guest of the BELLECLAIRE (a foreigner) who had not visited America since the Centennial in 1876, was seen by the manager standing on Broadway looking up and down, as though in a quandary as to which way to go.

The manager went out on the street and asked him: "May I be of assistance to you? Where do you want to go?" He replied, in broken English: "I am looking for a sign. I want to get one of those American sodas. I had many of them when I was in the country at your Centennial celebration. I like them very much."

The manager smiled and said: "Come with me. I will show you where to get an ice cream soda, which is better than the soda you drank in 1876." So they walked up Broadway to a drug store and gave their order. The manager paid the check. The foreign gentleman was very profuse in his thanks.

Now, the sequel: That foreign gentleman evidently thought it unusual for a New York hotel manager to show him a simple little courtesy. It made a profound impression on him. He told his friends abroad about it. Evidently, he told many, for, ever since, the BELLECLAIRE has entertained hundreds of his fellow countrymen. They tell us, when they register, that their friend (mentioning him by name) recommended the BELLECLAIRE to them.

This incident happened two years ago. It is told to illustrate how great is the influence of a simple act of courtesy.

THE BELLECLAIRE forces try to anticipate what will contribute to the comfort and pleasure of its guests.

BOHN SYPHON REFRIGERATOR

There are two definite reasons to account for the fact that the Bohn Syphon Refrigerator holds ice consumption to the minimum. The Syphon system of rapidly circulating pure, cold, dry air, and an insulation that provides the highest standard of resistance, when attained, combine to hold the temperature in a Bohn Refrigerator at 40 degrees. Ice melts very slowly at this low temperature.

The walls of this Refrigerator have, in addition to the outer and inner cases and Porcelain Enamel lining, 7 heat resisting layers, including two of "Plasilium," the exclusive Bohn insulating material, the most effective lining ever put into a refrigerator.

The Bohn Syphon is installed in practically every dining and refrigerator car in use to-day. The car builders know.

The style illustrated above, Model No. 43, 39x22x50 inches, 125 lbs. ice capacity, is our most popular model. Regular list price, \$64.00; now specially priced at \$48.00.

The many other styles are also marked at attractive prices. There are Porcelain Lined Bohn Refrigerators from \$10.50 up. Call and see our large line in both wood and white porcelain exteriors. If you cannot call, write for our handsome catalog. We are the manufacturers, not middlemen.

SPRING BUDS IN A WINTER GARDEN SHOW

HENRIETTA FAUST. ADRIAN HAYES. JANE BARTON.

If the much catered to Tired Business Man is not sufficiently regaled with the sight of youth and beauty this summer it will not be the fault of the theatrical manager. They have combed the highways and byways for new faces for the summer shows. But it is whispered that the high prices of costume material are felt even less than usual. Here are three faces to be seen in "The Passing Show of 1916" at the Winter Garden.
