Men, Horses and Dogs Illustrate Work of Department in Presence of Governor and 30,000 Others— Excitement a Plenty From Cavalry Charge to Polo.

Wholly absorbed with the woman's... The club descended, beating Tessie to the floor of her little home. The thug (a particularly thuggish-looking thug) snatched Tessie's gun, sprang her senseless form with the toe of a grimy boot and fled across the field with the gait of a plough horse.

Hounds Take the Scent. The barking of wildly excited dogs disturbed the car. Two bundles of brown fuff rocketed across the field. Two keen noses found the scent. Still in sight, but away off, the despoiler of Tessie's valuables neared a high fence. It was never to reach it.

A Five Reel Thriller. The "Tribulations of Tessie" (if one must offer a title to the five reel drama that outlived the movies) was the feature of the field day programme.

Crack Sprinters and Jumpers Set a Fast Pace. The summaries of the athletic events at the police games at Sheephead Bay yesterday follow:

100 Yard Dash for Men 25 Years and Over in the Service—Won by William McHugh, 24th Precinct, first, 17.2 seconds; second, William Beckman, 17th Precinct, 17.5 seconds; third, John T. Nilon, Traffic A, third, 17.8 seconds.

Military Training Demonstrated. The exhibition was chiefly interesting in that it gave a pretty big crowd a definite notion of the general dependability of the new York City policeman—the broad shouldered, slim waisted, flat hipped, quick thinking, quick footed type that has replaced the thick necked, big stomached, slow thinking, heavy footed type.

NEW BOROUGH BANK DIVIDEND.

Depositors to Get 6 Per Cent.—In compliance with a promise made to the depositors of the defunct Borough Bank of Brooklyn, State Superintendent of Banks Eugene Lamb Richards will pay a 6 per cent. dividend to the creditors of the institution. This was authorized yesterday by Supreme Court Justice Callaghan of Brooklyn.

Treated for Tuberculosis.

In a report of the arrest of Pierre Sampson, son of the Barla art dealer, in the civil suit brought by Dr. Charles A. Wilson-Freest, a throat and lung specialist, to collect a bill of \$1,460 for medical services it was stated that these were performed in connection with a wound received by the defendant while fighting in the French army.

to romp down the field in the face of real machine gun fire is something else again, but Gov. Whitman said it looked like real war to him and he is the commander in chief of the army and navy of the State of New York.

Athletes Set Fast Paces. Several well known athletes distinguished themselves in the games. John J. Eller, scratch man in the 100 yard dash, won the event in 10 2-5 seconds, beating George McCadden and William C. O'Connor. Eller triumphed again in the low hurdles, starting from scratch and covering the 150 yards in 16 4-5 seconds, beating Daniel Shea and William Beckman.

Mounted Policeman Samuel Hamilton was thrown from his horse and suffered bruises. He was sent to his home at 575 Fifth avenue, Brooklyn. Policemen R. O'Brien, James Gannon, George Sullivan and Edward Cadell were slightly injured while taking part in the field games and were attended on the field or sent home.

EX-CONVICTS HOSTS AS OSBORNE DINES

Reformed Offenders Express Gratitude for Help of Sing Sing Warden.

SHOP HEAD PRAISED TOO

The lower East Side is perhaps the last place in town where one would expect to come upon a dinner party in honor of a warden of Sing Sing and the superintendent of Sing Sing's workshops. Just that sort of function was

begun in a Brown street cafe on Friday night and came to an end after midnight yesterday morning, with Thomas Mott Osborne and Supt. Jim Almy of Sing Sing as chief guests of a group of hosts composed of former prisoners at Sing Sing.

Richard, who was in Sing Sing for five years; Sam Rosen, whose bit lasted seven years, and many others. Many of the former convicts made speeches in which they told of their experiences since leaving prison, and of their firm purpose to stick to the narrow path henceforth. They talked also of their gratitude and admiration for the warden and his associates, who had helped them to come back among men.

GREENHUT'S COURSE IS PRAISED BY TRUSTEES

Reorganization of Company Completed with the Captain's Help.

Praise for the spirit in which Capt. J. B. Greenhut aided the trustees of J. B. Greenhut Company in their work of smoothing out the recent financial difficulties of the company is contained in a letter sent to him by the trustees, Walter C. Noyes, William A. Marble and Alfred A. Cook.

organization of the enterprise, which went into effect last fall, has now been consummated and all creditors have been paid off in accordance with the plan of reorganization. The trustees' letter follows: "When we took possession of the affairs of the business, all its books and records were open for our inspection and every possible assistance was rendered to us, not only in connection with the management of the business but also in connection with the future investigation of its past history. Both you and the other officers of the company cooperated with us in every way, and at no time did we find any evidence of a desire to withhold any information. We feel it a duty as well as a privilege to add that, while the affairs of the corporation covered a wide field and involved matters concerning questions which were raised from a legal standpoint, nothing was brought to our attention which in our opinion reflected unfavorably upon your personal character and integrity, both of which have our respect.

showed in connection with the reorganization and your cooperation which made it possible to accomplish a result which was desired, namely, the continuing of the business and avoidance of the liquidation of employment by thousands of workers at a time when the loss of such employment would have been calamitous. Your successful efforts to pay off in full thousands of depositors of the banking business conducted on the premises which was accomplished before our appointment, must have been a source of gratification to all who were the beneficiaries of your efforts in the matter. We are glad to be able to write this letter to you because of the pleasant character of our relations and we beg to extend to you our best wishes for your welfare and for the future success of the reorganized company."
