

RELIGION AS POWER REBUILDING WORLD

Confidence That Church Will Meet Present Demands Is Expressed.

NEWS OF ARCHBISHOP

Other Notable Clergy Heard at Luncheon of National Republican Club.

The eleventh season of Saturday luncheons and non-partisan discussions held by the National Republican Club closed yesterday with a symposium upon the theme, "Are American Religious Influences Equal to the Demands of Present Conditions?"

The speakers were the Rt. Rev. Thomas F. Gallor, Bishop of Tennessee and president of the executive council of the Protestant Episcopal Church; Rabbi Nathan Kraus of the Central Synagogue of New York and the Rev. Henry H. Fiedick, D. D., professor of practical theology in Union Theological Seminary.

Archbishop Patrick J. Hayes of the Catholic Church in a letter of regret wrote: "There has never been any religious disturbance in history without religion playing a momentous role either as a strong ally or as a strong foe, according to the way man regarded the movement. The present state of human affairs is no exception, for religion is essentially a part of man's very self."

The extraordinary service of high character the churches rendered the nation during the war should be a guarantee of their splendid equipment now post-bellum days for reconstruction. The reconstruction may be spiritual, social or political, or all three together. The church best serves when it speaks a spiritual message that is understandable and compelling. It should interpret the everlasting life and immortality in terms that are true and fill the needs of the hour.

The Pope and the Sermon on the Mount must be the basis of enduring progress in all ages. Science, letters, art, commerce and industry, what do they profit the race if they fail to lead man to a cleaner and better life? The reconstruction of the meaning of "human existence." What the people need today is leadership toward ideals and principles that are unchanging and unimpeachable because written by the finger of God in the very soul of man.

"The primary mission of the church is to save the soul of America. Social service and philanthropic work are very secondary matters to reaching the souls of men and leading them to a spiritual contentment that the State, education or wealth have not within their power to bestow. If America seeks first the kingdom of God and His will, then all other things will be added unto her. Labor and capital, the great and the lowly, the rich and the poor, the learned and the unlettered will fraternize, know one another, and peace and justice will reign. Save the soul of America and the body politic and social will take care of itself."

A common note that ran through messages received from clergymen of various denominations and also through the addresses of the speakers was that confidence in the efficacy of religion and religious influences to meet the demands made upon them by present conditions. Some of those who, like Archbishop Hayes, sent written messages to the conference were: Bishop John W. Hamilton of the Methodist Episcopal Church, Dr. John H. Mott, international secretary of the Y. M. C. A.; Dr. Cordeus Whiffin of the Fifth Avenue Baptist Church; Raymond Calkins, D. D., of the Congregational Church of Cambridge, Mass.; the Rev. George W. Richards of the Reformed Church of Lancaster Pa.; and Dr. Paul D. de Schweinfelt of Bethlehem, Pa.

BIG BLAST OF FIRE ENTERS FIREHOUSE

Explosion in Building Opposite Causes \$20,000 Damage.

While the crew of Engine Company 72 at 22 West Twelfth street was cleaning the firehouse yesterday afternoon, some of the apparatus having been moved into the street, there was an explosion in the four-story brick building opposite at 17. Simultaneously two long forks of flame burst out, reaching over the sixty foot width of the street, and burst into the roof of the firehouse. Two firemen clearing the apparatus outside the door were scorched in the flame wave.

Two others, operating a hose on the fire floor, dropped the nozzle as the flame reached them. They recovered it at once, doused the firemen in the street by preventing their clothing from burning, and then the crew got the apparatus in shape for fire fighting. Another alarm was run, bringing additional apparatus, but before it arrived a part of the house at 17 had been destroyed. The explosion is supposed to have come from bursting steam pipes. The building was occupied by Levy, Stern & Co., button manufacturers. The report was heard several blocks, bringing a big crowd and the police reserves. The damage was estimated at \$20,000. The fireman most seriously burned was Larry Kane, 45, who has been in the Fire Department seventeen years.

ARNSTEIN HIDING IN HOTEL HERE, 'TIS SAID

'Surrender To-morrow,' New Bulletin From Fugitive.

Although a rumor that appeared to have a fairly good foundation placed Nicky Arnstein in a certain hotel in the white light district yesterday, the fugitive was not arrested. It was said that Nicky was remaining in a room on an upper floor of the hotel, and that certain of his associates had been seen entering and leaving the hotel. One is a man who has had much to do with negotiating bail for the alleged "master mind" in the bond holdouts. The other is a man who is believed to be the brother of the fugitive. It is believed that Arnstein is actually in hiding in the hotel. A special prosecutor was sent from Washington to gather the evidence and present it. Some of the most prominent persons in Michigan were among those subpoenaed.

This inquiry was punctuated with considerable friction, and those of the witnesses from Michigan were held in contempt of court for refusal to answer questions in the Grand Jury room. They were Allan A. Templeton, Frank W. Hays and Thomas H. Phillips. Martin W. Littleton, acting as attorney, obtained their release from custody on writs of habeas corpus. He had advised them to persist in their refusal to answer.

After a month of this sort of proceeding the investigation in New York collapsed and the special Federal prosecutor went back to Washington. A member of the Grand Jury then got himself into contempt by visiting Newberry in his office in New York and telling him that the Grand Jurors had stood sixteen to one for a dismissal of the charges. He said that the one obstinate member had been "a man who thought that Henry Ford was the greatest man in the world."

SENATOR NEWBERRY GUILTY; SENTENCED

Continued from Page 1. Pounced by Martin Block, a grover, of Charlevoix, foreman of the jury, a little after 11 o'clock. Sentence was passed at 2 o'clock. Immediately thereafter Frank C. Dalley, for the prosecution, moved the dismissal of the charges against twelve other defendants, clearing the court record of all of the 136 indicted except those convicted with Senator Newberry.

Sentences of the 14 Others. The sentences imposed upon the others were as follows: Charles A. Floyd, two years in Leavenworth and \$5,000 fine. William J. Mickel, two years. Allan A. Templeton, one year six months. Roger M. Andrews, one year six months. Milton Sakman, one year six months. Richard H. Fletcher, one year six months. James F. McGregor, one year three months. Fred Henry, one year three months. Hannibal Hopkins, one year one day. Y. C. Cohen, one year one day. John S. Newberry, fined \$2,000. Harry O. Turner, fined \$2,000. George S. Todd, fined \$1,000. Judge Sessions overruled the motion for a new trial pending an appeal.

A crowd surrounded Senator Newberry the moment court was adjourned. Many of those who pressed forward were persons who had been exonerated. They assured Senator Newberry that "they were with him."

Senator Newberry and the wives of most of his convicted associates refrained from tears. It was noticeable that the most emotion was displayed by wives of those whom the jury failed to convict.

Conviction Takes 18 Months. The efforts of the Federal authorities to convict Truman H. Newberry of illegal expenditures in connection with the obtaining of his Senatorial seat cover a period of more than eighteen months.

As early as October, 1918, a month before his election over Henry Ford, who was the Presidential choice, the Federal Grand Jury in New York city began an investigation into the cost of the Newberry primary campaign.

The expense of this inquiry was great. Witnesses in large numbers were brought from Michigan to New York to testify. A special prosecutor was sent from Washington to gather the evidence and present it. Some of the most prominent persons in Michigan were among those subpoenaed.
