Lion d'Or Takes Toboggan in a Sensational Finish

Motor Cop Is Second and Naturalist Third in Great Sprint Which Features Day at Belmont Park—Whitney's Tryster First Home in the Juvenile.

By HENRY V. KING.

In one of the most sensational and thrilling finishes seen on a local track in several years Lion d'Or, a colt which was competing in selling races last year, won the famous Toboggan Handicap over six furlongs at Belmont Park yesterday afternoon.

The cheer and shouts of nearly 40,000 excited racers Lion d'Or took down the major portion of the purse by a short head, Motor Cop was second, only a few inches from Naturalist. So close was the finish that almost every one present was in doubt of the result until the official numbers were called.

Lion d'Or was not the favorite. Neither was he one of the choices. He was the displaced outsider, but so well did he run that he received an ovation which was almost prolonged as long as that greeted Harry Payne Whitney's Tryster when he sped home the victor of the historic Juvenile a half-hour previously at the short odds of 4 to 5.

The officials of the Westchester Racing Association announced that the race was the largest that ever took place on the beautiful course. This may or may not be true, but it surely was the largest crowd seen at that or any other track in this district in the last dozen years. The huge grand stand was jammed. So were the lawns and the clubhouse, and thousands of others occupied the old field, which has not been in use for many years.

Whitney's Tryster was the favorite. He was the displaced outsider, but so well did he run that he received an ovation which was almost prolonged as long as that greeted Harry Payne Whitney's Tryster when he sped home the victor of the historic Juvenile a half-hour previously at the short odds of 4 to 5.

I. KUMAGAE HAS A SCARE AT TENNIS NEW RING RULES TO BECOME GENERAL

Ichika Kumagae experienced some anxious moments in the early half of his match with Francis J. Hunter on the Amekassin Country Club courts yesterday. Hunter's cannonball service, his speed and hard hitting had the Japanese star baffled for a while, and it appeared as if he were in the third round of the Eastern New York State tennis championship, would go extra sets or end in a straight set victory for Hunter.

The purpose of junior championships in the establishment of a large class of youngsters who aspire to the honors of the winner of the Junior title to be considered a worthy opponent of the champion of the class.

It is noteworthy that the weights for the senior championships are the same as the European and Australian scale and thus makes the poundage for each class uniform all over the world.

As the weights and rules of the International Sporting Club are put into effect, it marks the first time in American history that ring rules have been sanctioned by legislative enactment. There is small doubt that the weights and rules adopted by the International Sporting Club will eventually be adhered to all over America, and possibly the world.

The rowing situation was somewhat tangled last Saturday when the Navy, which had been beaten by Syracuse on its own course, turned the tables on Jim Ten Eyck's pupils in the American Henley.
