

SOUTH CHINA IS SEEKING REUNION

All Except Two Provinces Want to Patch Up Differences With North.

WEARY OF THE MILITARY

Negotiations Are Taking Place at Shanghai Between Two Governments.

WASHINGTON, June 26.—Reunion of all except two of the southern Chinese provinces with northern China is forecast in advices received here to-day from Shanghai concerning the negotiations now nearing an end there between representatives of the northern and southern Governments.

According to these advices, the southern leaders, becoming weary of the exertions of the military party in the south, which has its headquarters in the provinces of Quang Si and Quang Tung, decided upon the secession of all of the other southern provinces and their reunion with the north. It was charged that the militarists were collecting all of the taxes and sending the money to Quang Tu, which is their stronghold, leaving the other provinces without resources.

In the opinion of the Chinese leaders the provinces of Quang Si and Quang Tung, in which Canton is located, could not hold out long if the other provinces in the south joined with the northern Government.

Wu Ting-fang, former Minister to America and Secretary for Foreign Affairs of the Chinese Republic, heads the southern Chinese representatives at Shanghai. Assisting him in the negotiations are Dr. Sun Yat-sen, the first Provisional President of China; Tang Shao-yi, former Premier, and Gen. Li Lieh-chun, who took a leading part in the establishment of the republic.

JERSEY WILL FIGHT NEW YORK TAX LAW

Holds Assessment on Incomes of Commuters Is Unjust.

TRENTON, June 26.—Attorney-General McCran announced to-day his intention of bringing suit in the United States District Court to enjoin the State Comptroller of New York from collecting income tax from residents of this State under the New York income tax law. Mr. McCran's proposed action is a sequel to the passage by the New York Legislature of an act at the last session amending the original law, which was held to be unconstitutional by the United States Supreme Court because of its discrimination against non-residents taxed by New York.

The new law, according to Mr. McCran, is discriminatory and retroactive and therefore unconstitutional. New York, under its provisions, is attempting the collection of taxes for last year from residents of this State.

His advice to all persons against whom taxes have been levied is to comply with the law under protest in order to protect their rights pending the proposed suit.
