

CANADIAN ROADS ASK HIGHER RATES

Apply to Dominion Commission for 30 Per Cent. Increase on Freight.

BASED ON GREATER COST

Say Prices Have Risen More Than 100 Per Cent. Since War Began.

MONTREAL, July 10.—The Canadian Railway Association, representing all lines in the Dominion, today applied to the Railway Commission for a 30 per cent. increase in freight rates.

The association announced that the application was based entirely on present costs of railway operation, including labor and materials. These increased costs, according to the application, exceed by enormous sums increased revenue obtained from the rate advance granted in August, 1918.

At that time wage increases were given employees based on increases in the United States under the so-called McAdoo award. Although these increases were accompanied by rate changes the effect of the new rates was to add only \$13,000,000 to the gross revenue of the railways as against \$50,000,000 additional wage costs, thus

creating a discrepancy of \$37,000,000 for the first year.

This discrepancy, instead of shrinking, is daily growing greater, according to officials. Prices of coal, rails, engines and other materials also have risen, they asserted, more than 100 per cent. since the beginning of the war.

The proposed increase is a matter of national necessity, quite as much as of railway necessity, declared one executive. "This is not an increase calculated to offset any accumulated losses on the books of any one road, nor to affect the rate of profit on privately owned railways."

The application is intended to obtain for the railways nothing more and nothing less than compensation for the alarming shrinkage in the purchasing power of the railway dollar.

5,000 SLACKERS TO PRISON.

Thirty Thousand Cases Remain to Be Disposed Of.

WASHINGTON, July 10.—Five thousand draft evaders have been convicted in Federal courts and given sentences of from thirty days to one year in prison, according to reports compiled today at the Department of Justice. Thirty thousand cases remain to be investigated, but officials said today that rapid progress was being made in rounding up the delinquents.

The figures, it was explained, do not include cases of persons who were called in the draft and deserted, as such cases are handled by the military authorities.
