

SENATOR CRITTENDEN AND "THE WHIGS."

The Hon. John J. Crittenden in New York—Address of the Whig General Committee—Mr. Crittenden's Speech in Reply—He Will Not Accept the Presidential Nomination—Will Aid in Electing a Good Man—Thinks All Agitation Should Cease, and the People Be Allowed to Ponder and Think—Reception of the Delegation at the St. Nicholas Hotel, &c., &c.

Yesterday a delegation from the Whig General Committee of 1858 presented an address to the Hon. John J. Crittenden, who is at present sojourning at the St. Nicholas Hotel, preparatory to his departure for Washington to resume his Senatorial labors.

The "Whig Delegation," which numbered some thirty gentlemen, met at three o'clock at Thorp's Hotel, Broadway, and proceeded to the St. Nicholas Hotel, on arriving at which Mr. Crittenden was introduced to the delegation.

Mr. W. T. Johnson then read the following address from the representatives of the democratic whigs of the city and county of New York:—

Mr. John J. Crittenden—HONORABLE AND BRAVE—We associate with you the democratic whigs of the city and county of New York, who are for the reform, the fame and the immortal principles of our former leader, at once your political and your personal friend, Henry Clay, and recognizing in you the elements of a social and political bearing near to his, and finding you occupying a position in the ranks of our national government, which is rivaled by any in point of merit and worth as a conservative whig and national statesman, coming down to us from the past, full of credit and glory, and of honor and fame.

We have sought this interview to welcome you to our city, and extend to you the hearty good will and warm congratulations of the Old Guard, from whom you are proud to derive our origin. We are glad to see you in our banquet—save that of our warm and devoted hearts to the principles you advocate and whose country you honor.

It is our duty to express to you our warmest sympathy for the highest motive of man, the free will offering of a generous and patriotic constituency of New Yorkers, who have united in the republication of the National Standard, and in the popularizing of the disfranchising or disincorporation of our brethren in whatever quarter of our Union their social and political life may be cast. We are, my dear friend, proud to see you in the ranks of our national government, and to see you in the ranks of our national government, and to see you in the ranks of our national government.

It is our duty to express to you our warmest sympathy for the highest motive of man, the free will offering of a generous and patriotic constituency of New Yorkers, who have united in the republication of the National Standard, and in the popularizing of the disfranchising or disincorporation of our brethren in whatever quarter of our Union their social and political life may be cast.

It is our duty to express to you our warmest sympathy for the highest motive of man, the free will offering of a generous and patriotic constituency of New Yorkers, who have united in the republication of the National Standard, and in the popularizing of the disfranchising or disincorporation of our brethren in whatever quarter of our Union their social and political life may be cast.

THE ASHLANDER.

The Ashlander felt I knew him well in public life, and that he would be better or no better than I believe, but I did, and I can say for him, now that he is gone, I never knew such an unrepentant servant of the people as Henry Clay was. With courage, candor, and integrity, he was a man who was not only a patriot, but a patriot who had a heart.

It is our duty to express to you our warmest sympathy for the highest motive of man, the free will offering of a generous and patriotic constituency of New Yorkers, who have united in the republication of the National Standard, and in the popularizing of the disfranchising or disincorporation of our brethren in whatever quarter of our Union their social and political life may be cast.

NEWS FROM SOUTH AMERICA.

Affairs in Paraguay—No Reports of the Lopez River Defences—Buenos Ayres and Paraguay—Notice to Americans—The New Gold Mines—Speech of a Buenos Ayres Senator on the Affairs of South America.

We have from South America dated at Buenos Ayres on the 6th of October. The papers do not contain any notice of the river defences reported in England as being made by President Lopez against the United States ships.

OUR BUENOS AYRES CORRESPONDENCE. BUENOS AYRES, Sept. 27, 1858. The Paraguay Expedition—United States Troops—Restoration of Nationality of the Provinces—Capt. Page, &c.

We look with great interest for the coming of the Paraguay fleet under Captain Page. Prompt action and a decisive manner will prevent bloodshed. The purpose of the United States government to protect her citizens in foreign ports adds greatly to the security of Americans abroad, and to the respect that foreigners must have for a government that has both strength and decision.

But little has transpired indicating the ultimate result of the controversy between the Bishop of this diocese and the President of the Republic. The Bishop has appealed to the Legislature, now in session. Action upon petition has not yet occurred. In the meantime, the Bishop has issued orders to the clergy in the country to observe, by all legal means, the extension of the foul heresy of Masonry, and give example. I am informed, by a friendly source, that the Bishop has issued orders to the clergy to observe, by all legal means, the extension of the foul heresy of Masonry, and give example.

Some improvements are visible in and near the city of Buenos Ayres, such as a repaving of some of our roughest streets, a general whitening up and repairing of the chief public buildings, &c. &c. The improvement in the city is a good sign, and shows that the government is taking steps to improve the city.

BUENOS AYRES, Sept. 28, 1858. Milk Exclusion—Crating—Argentine Settlement on English Land—Brazilian Expulsion—Horse for India, and Horses at—Capt. Dupuis' Death—Accident to Lieut. McGary, &c.

No country in the world has more unbroken pasture land within the same number of leagues than the pampas portion of South America. Herds of cattle, horses, and flocks of sheep incredible in numbers, roam over these plains and fatten on the luxuriant grass. The land of the pampas is a rich and fertile soil, and is well adapted for the raising of stock.

BUENOS AYRES, Sept. 29, 1858. The project of shipping horses to India was brought forward by the Hon. Mr. Lopez, who has been a member of the Argentine Congress. The project is a bold one, and if carried out, it would be a great benefit to the Argentine Republic.

THE GOLD MINES OF CANADA.

The discovery of the immense treasures contained in the Canada Mines has put the whole province in commotion. The discovery is a great one, and will be a great benefit to the province.

RELATIONS OF BUENOS AYRES TOWARDS PARAGUAY.

From the Buenos Ayres Herald, Sept. 25. We cannot report any progress towards a settlement of the relations of Buenos Ayres towards Paraguay. The relations are still unsettled, and it is not clear what the future will bring.

AMERICAN CLAIMS AGAINST BUENOS AYRES. CONSULATE OF THE UNITED STATES OF AMERICA. Buenos Ayres, Sept. 25, 1858. Citizens of the United States of America who have claims against the government of the State of Buenos Ayres, are requested to present them to the Consul of the United States at Buenos Ayres, within the time specified.

W. HOLLEY HUDSON, Consul. THE GOLD MINES OF CANADA. The discovery of the immense treasures contained in the Canada Mines has put the whole province in commotion. The discovery is a great one, and will be a great benefit to the province.

OUR CENTRAL AMERICAN POLICY—The Mortara Case—Robert Owen's Death—The Atlantic Cable.

Our European fleet by the Europa reached this city from Boston last evening, but her mails were not delivered at the Post Office until midnight, and will be distributed early this morning.

THE MORTARA CASE. The Mortara case, which has been the subject of so much discussion, is now before the courts. The case is a difficult one, and it is not clear what the result will be.

ROBERT OWEN'S DEATH. Robert Owen, the great reformer, has died. His death is a great loss to the world, and it is a sad day for all who were his friends.

THE ATLANTIC CABLE. The Atlantic cable, which has been the subject of so much discussion, is now being laid. The cable is a great achievement, and it will be a great benefit to the world.
