A Chorus of Praise for This New Novel

"The book is well written and the life and character of the horde of lawless men, who have been among the prospectors and hunters, in every wild rush into the West, on the quest for gold, is vividly and realistically depicted."-San Jose Mercury Herald.

"For the lover of forthright, redblooded fiction, probably no book from Zane Grey's pen will prove so entertaining, or so rich in excitement as his new story, 'The Border Legion'. In it, as in his other tales, he pictures the life of the border West."-Philadelphia Press.

"Mr. Grey probably has never done anything better than the present story, which furnishes an excellent picture of life in the West of a half century ago, and readers will agree there is plenty of action throughout the volume." Pittsburgh Press.

"Nobody surpasses Zane Grey in the writing of thrilling early West romances, and 'The Border Legion', his latest work of this order, keeps well to the mark."—Chicago Herald.
