WILL OVERSHADOW POLO TITLE EVENT

Tourney for Circuit Cups at Philadelphia Promises Great Things.

COMMITTEES ARE NAMED

While the national championship polo competitions which are holding the campus of the Penn State University at Nittanyville, Pa., are producing some of the best polo in the country, yet it looks very much as if that tournament will be overshadowed by the Inter Circuit cups, to be started at the Philadelphia Country Club on September 15.

The officials of the Polo Association are preparing to give the players a lot of sport amid more or less ideal surroundings, was not what a national championship meeting should be.

The tournament for the Inter Circuit cups looks up as a more representative affair than the Point Judith event. The Polo Association yesterday announced and announced that all teams coming to Philadelphia would be provided with transportation.

This provision covers at most twenty mounts and four grooms for each team. Should the Hawaiian Circuit decide to send on team, it will have to pay the fare itself. The Polo Association wishes to provide transportation for any team west of the Pacific coast.

All right, James may your shadow never grow less.

Dear Tom—Will you kindly explain in your morning paper the proper way to walk in a park? I have been told that I must avoid a large tree trunk, but I have been told that I must avoid a large tree trunk.

Dear Tom—(1) If you will find two judges of walking who can agree on what constitutes fair walking I will give you a season pass for the Federal League. (2) Yes, three of them.

Dear Tom—Will you kindly let me know the date of the first Moran-Coffey fight?

Dear Tom—Can you say if Fred Stearns is a better pitcher than the late Fred Stearns? I know when and where he died. C. A. H. What Fred Stearns do you mean?

WORKING ON GRIDIRON ALONE ALL SUMMER

Davidson of W. and J. Is Evidently Anxious to Make the Football Team.

Washington, Pa., July 29.—Trying to get his physical condition for the football season, the real preliminary practice of which does not start until September 1 and which does not open until the last part of the month, Arthur Davidson, who will try for a backfield berth on the Washington and Jefferson College football eleven next fall, is practicing daily at College Field.

It is not a big athletic man, but in his workouts, with the exception of several young boys occasionally and now and then a summer school student who shakes off the languid feeling produced by the torrid weather of the past week and accompanies him to the grounds. But this does not interfere in the least with his daily practice. He goes through a regular programme every day.

It consists of putting throwing forward passes and several dashes around the track all of which consumes about an hour. Davidson backs from College Field but is attending summer school.

In action he resembles Hastings, the first star. Another promising candidate for the backfield is a backfield berth will be George A. C. Gables, who was Washington High School next fall.

The eleven led by Brown was the best ever represented the local school. He played every game and was a star. He is a strong backer. His home is in Washington. In playing condition he is about 150 pounds.

Another indication of the real enthusiasm that is shown in football is the ready sale of season tickets. This was inaugurated this week by Manager J. A. Murray, who has a corps of assistants canvassing the town.
