# NEW ATTACK ON WILSON MADE BY MEXICAN CHIEFS

## Carranza and Three Highest Aids Quoted as Blaming Him for Revolt.

## GEN. GONZALES TALKS OF DOUBLE DEALING

## Insists President Should Declare War or Be a Real Friend.

## CABRERA STATEMENT IS DENIED IN PART

## Not for Publication. Says Author—Arredondo Denies Insults to U. S.

## WASHINGTON, Oct. 29.—

Statements accredited to Mexicans high in Carranza's councils and specific denials of these statements have followed each other in bewildering succession in the last twenty-four hours.

But in the fog of doubt created by these shifting assertions and contradictions the outlines of one large and solid fact are plain enough. This tangible reality is that there is serious friction between the administration and the de facto Government of Mexico. The friction appears so great that the Wilson policy toward Mexico seems to be threatened with complete collapse and continuation of the negotiations at Atlantic City is likely to become a farce and a travesty upon diplomacy.

The Outlook asserts that from Gregory Mason it has received authoritative statements issued by Venustiano Carranza, the President of Mexico, and Aguirre, his Secretary of State, Gen. Alvaro Obregon, Minister of War, and Gen. Pablo Gonzalez, the four most powerful men in Mexico—who they would denounce the administration's Mexican policy of "double dealing" and state that they would prefer open war to "honeyed words on the other side and aid to their enemies on the other.

Arredondo Will Deny It.  
Upon learning of this, Eliseo Arredondo, Carranza's ambassador in Washington, announced that he will go to the State Department to-morrow and will deny the authenticity of the Outlook's alleged quotations. He also stated that he would from Mexico city to repudiate these supposed interviews, he announced.

At the same time he will repudiate the name of Luis Cabrera, president of the Mexican delegates at the international conference, which criticized the administration sharply for not enforcing strictly the neutrality laws and for not suppressing anti-Carranza propaganda on the border.

He explained that the Cabrera statement was put out by an employee of the Mexican News Bureau, the de facto Government's semi-official publicity agency without the knowledge or consent either of the agency or of Senor Cabrera.

It is admitted that in conversation with a representative of the Outlook, Senor Cabrera said the United States could aid the de facto Government by expelling its well known enemies from the border, which he said would be a vigorous and effective measure against the sending of arms over the border. But he had no idea he was to be quoted, and made no "unpleasant" references to the American Government.

It is regarded as significant that a statement given out in the city of Mexico by Carranza on Saturday, simultaneously with the Outlook's statement, should correspond in many details with that declaration, and the inference is drawn that these statements were actually prepared by Carranza's office.

## A Severe Arrangement.

The statements which the Outlook will publish in its forthcoming issue, which Senor Arredondo says he has telegraphic authority to repudiate are the severest arraignment of the Wilson policy that has been made in Mexico.

Carranza has not kept faith with President Wilson, he declares also that President Taft, Secretary Knox or Ambassador Henry Lane Wilson could have prevented the assassination of Madero. Of conditions obtaining more recently the First Chief says, according to the Outlook:

But lately we have had to complain of very serious interference in our affairs by your Government. We consider the invasion of our country by the forces of Gen. Huerta very wrong and very unfair. We would not have complained much if the American army had made a quick dash across the border and then withdrawn. But maintaining the expedition in Mexico like a thorn in our side is very unjust and has hurt our Government.

We cannot make such acts of your Government as the forthcoming words of Senor Arredondo. It is this inconsistent policy from your Government which is responsible for the disaster in which Americans find themselves held in Mexico. It seems to us that your President has not kept faith with Mexico.

## Wants Consistent Policy.

We would prefer a firm, frank, consistent policy from the United States to the present policy of the Wilson administration. We are grateful to Wilson for understanding that this is a social problem and for the sympathy which he has shown for the people of Mexico. And we believe that your Republican Presidents are sometimes inclined to be too overbearing toward the Mexican nation. We believe that the American people usually have the virtue of consistency. What we would like from the next American President, whatever his name may be, is a Mexican policy. This they must be prepared to meet.

# GREEK KING YIELDS AGAIN TO ENTENTE

## Agrees to Withdrawal of Troops From Thessaly and the Epirus.

## ATHENS, Oct. 29.—

The Greek Government made known officially to-day that following the recent series of visits by the Entente Ministers to the royal palace, King Constantine has spontaneously undertaken further to dispel Entente suspicions of his sincerity by ordering what he had previously refused to grant on the insistence of the French Military Attaché, that is the transfer of the Third and Fourth army corps from Thessaly and the Sixteenth Division from the Epirus, and the withdrawal of the southern Greek peninsula. In Thessaly and the Epirus only a force sufficient to maintain order is to be kept.

Such an evidence of good will on the part of the sovereign is taken in usually well informed circles here to indicate a more complete cooperation for the operation of Greece with the Entente Allies.

The recent report that Prince George, King Constantine's brother, was to return to Athens from London, where he has been for some time representing the views of the Greek court, is untrue. King Nicholas, however, the governor of the interior zone, is expected in Athens within a few days.

# REICHSTAG SESSION STORMY.

## Government Heeked on Preventive Arrest System.

## Berlin, via London, Oct. 29.—

The Reichstag session Saturday when the question of abrogating the system of "preventive arrest on suspicion" came up was a stormy one.

Deputy Dittmann, Socialist, started the trouble with a recital of hardships and injustices and Deputy Hauss of Absece and Deputy Seidow, a Pole, added fuel to the flame by similar recitals. Dr. Helfferich, Secretary of the Interior, expressing regret that injustices and evils should have been investigated and attempted to defend it as an absolute necessity on the ground that the security of the State was infinitely more important than that of the individual.

He criticized Herr Dittmann and his fellows in the sharpest manner for publicly making charges that at the best could be proved only by investigation and attempted to defend it as an absolute necessity on the ground that the security of the State was infinitely more important than that of the individual.

## THE BELL PROVIDING FOR THE ABOLITION OF THE PREVENTIVE ARREST SYSTEM WAS REFERRED TO A COMMITTEE OF TWENTY-ONE MEMBERS.

# MYSTERY IN ENVOYS COMING.

## Two European Ministers to Mexico on Way to Washington.

## SAN ANTONIO, Tex., Oct. 29.—

Two European Ministers to Mexico passed through San Antonio to-day en route from Mexico city to Washington. The two were Gen. Alvaro Obregon, Minister of War, and Gen. Pablo Gonzalez, the four most powerful men in Mexico—who they would denounce the administration's Mexican policy of "double dealing" and state that they would prefer open war to "honeyed words on the other side and aid to their enemies on the other.

# RUMANIANS PURSUE CAPTAIN BOELKE, GERMANY'S GREATEST AVIATOR, KILLED

## Northern Army Routs Bavarians, Driving Them Toward Transylvania.

## ELUDING VON MACKENSEN DOBRUDJA FORCES MAY BE ABLE TO CROSS DANUBE ON PONTOON BRIDGES.

## LONDON, Oct. 29.—

Encouraging reports of Rumania's situation on all fronts come to-day from both Bucharest and Petrograd. Practically no advance is announced by the German War Office.

The Russo-Rumanian troops in the Dobrudja has a good chance to elude Von Mackensen's trap by crossing the Danube on bridges of boats. The northern army has beaten the Bavarians decisively in the Jiu Valley and is pursuing them in the Transylvanian Alps. The Austrian attempt to separate the Russian army from the Rumanians in the Carpathians has been stopped.

# HE HAD SHOT DOWN HIS 40TH ADVERSARY

## One Time Elevator Man in New York Hotel Won Fame in War.

## LONDON, Oct. 29.—

Capt. Boelke, the famous German aviator, has been killed, according to a Berlin despatch received by Reuters' Telegram Company by way of Amsterdam. A collision with another aeroplane on Sunday during a battle in the air put the shot of the French or British aviator, brought down his machine within the German lines.

## HE SHOT DOWN 40 AEROPLANES.

Last Friday Capt. Boelke shot down his fortieth aeroplane. He was probably the most skillful aviator of any army in the war. Certainly he was most successful in bringing down hostile aeroplanes.

A Paris paper reported on October 18 that Capt. Boelke had been severely wounded by a shot from a French anti-aircraft gun, but on October 23 the German official statement said he had brought down his thirty-seventh and thirty-eighth aeroplanes.

## BRIDGES OF PONTOONS HAVE BEEN BUILT ACROSS THE DANUBE, LEADING FROM THE NORTHERN DOBRUDJA INTO NORTHEASTERN RUMANIA AND Bessarabia, BY WHICH THE RUSSO-RUMANIAN TROOPS CAN ESCAPE FROM VON MACKENSEN, WHO IS TRYING TO DRIVE THEM INTO THE DANUBE MARSHES.

The bridges are near Braila, in Rumania. The Danube is a narrow river, but the Rumanians have built a series of pontoon bridges across it, leading from the northern Dobrudja into northeastern Rumania and Bessarabia, by which the Russo-Rumanian troops can escape from Von Mackensen, who is trying to drive them into the Danube marshes.

## THE BULGARIANS TO WHOM HAS BEEN ENTRUSTED THE PURSUIT OF THE RUSSIAN AND RUMANIAN TROOPS WHICH REACHED ASTRVO, SOUTH OF BABADAGH, ON THURSDAY. BABADAGH IS FIFTY MILES NORTH OF THE CONJANIAN-CERNAVODA LINE.

The Bulgarians to whom has been entrusted the pursuit of the Russian and Rumanian troops which reached Astrvo, south of Babadagh, on Thursday. Babadagh is fifty miles north of the Conjanian-Cernavoda line. The pursuers destroyed a Russian ammunition wagon and other wagons and 500 more prisoners. The German statement says the situation in the Dobrudja is unchanged.

## TIRGU JIU THREATENED.

## In the Jiu Valley the Rumanian victory came just in time. The Bavarians, who advanced south through the valley from Hancu, in the Transylvanian Alps, had reached Tirgu Jiu, which is now a town. Tirgu Jiu is a considerable town, twenty miles inside the Rumanian border. The Rumanians captured a railway through the fertile plain that would be of great value to Von Falkenhayn's army.

The Rumanians rallied to this danger, and with reinforcements threw themselves upon the Bavarians. It was announced yesterday that the Rumanians had defeated the Teutons, taking 450 prisoners and a quantity of arms and ammunition. The Rumanian statement says the Bavarians are being chased in the mountains of the Jiu valley.

Two batteries of four inch mountain howitzers were captured by a detachment of the Rumanian army, which immediately turned on their late owners. The Rumanians have a good many Krupp guns and were able to use their own ammunition in the capture of the guns. The Rumanians may have to be evacuated by Gen. Cvandra's Rumanian army, according to the Rumanian statement.

The charge was made by Director Roloff of the United Chartist, who has been captured by the Rumanians. He has been captured by the Rumanians. He has been captured by the Rumanians.

## RUSSIAN REPULSE ATTACK.

## Russian artillery stopped the Austrian drive in the Carpathians yesterday in the region south of Ibrna Watra. At Negri the Austrians tried again to break the connection between the Russian and Rumanian right. The attack failed.

At the two important points in the Alpine passes, which put serious threat to the Rumanian front, the Rumanians have a drive on Bucharest, the Predeal Pass and the Kimpolung region at the Rumanian end of the Torsu-Pass. The Rumanians have received serious losses in the former region the Rumanians have stopped an attack north of Azuga, and occupied Mount Ungliamare. Near Kimpolung the Rumanians made progress on their left, repulsing attacks on the centre and right. Petrograd says the Rumanian success in this region resulted in the capture of the village of Livich.

The strong Rumanian attack being made east of the Alt Valley, south of the Red Tower Pass, is still proceeding. A Berlin statement says that in the Alt Valley the Rumanians have advanced more than six miles.

Petrograd announces also that the Rumanian attack in the Buzeu valley resulted in the capture of Golube-Gerulj Mountain. To-day's Rumanian statement says:

# COLLIDES WITH ANOTHER AEROPLANE DURING BATTLE IN AIR, IS REPORT.

## Wilson Nearly Forwarded Soothing Addendum to Second Lusitania Note.

## STOPPED BY GARRISON CABINET PROTESTS CAUSED WILSON TO REWRITE DOCUMENT AFTER BRYAN RESIGNED.

## WASHINGTON, Oct. 29.—

The Sun learns positively that President Wilson did not add an addendum to the second Lusitania note which amounted to assuring Germany privately that the demands in the note were not to be taken too seriously. Investigation shows that Senator Lodge has proof of his charge that the addendum would have been sent had not certain members of the Cabinet threatened to resign unless it was eliminated.

Secretary Bryan's resignation from the Cabinet followed the protest of Secretary of War Garrison against the secret postscript. Only the fact that the President quickly changed his mind and incidentally blamed Mr. Bryan for having insisted that though the addendum prevented Mr. Garrison from tendering his resignation on the spot. The humiliation Mr. Garrison felt is said to have been a factor in the draft of the addendum.

"I went up in an aeroplane over there and came down again, just as in America I had previously, like so many thousands of other Americans, gone up for an aeroplane ride. That's all there was to it."

## DEAD AFTER GUN ACCIDENT.

Mr. Shannon and Herbert F. Funke, another guest, went out on the bay with William Brown, who acted as guide. Water got into Funke's eyes, and they decided to bail them out.

As Mr. Shannon was handling his gun Mr. Funke the gun unexpectedly went off. The load of duck shot entered Mr. Shannon's leg below the knee. The accident occurred at 11:30 A. M., but it was 1 o'clock before the wounded man arrived at his uncle's home.

Dr. Protzoff, who was called to attend Mr. Shannon's leg before the physicians attended him lost so much blood that he died early.

# BETS \$500, SO HE'S SURE OF A WHITMAN VICTORY

## Rich Farmer Explains to the Governor Why He's Such an Enthusiastic Rooter.

## Gov. Whitman greeted many well wishers yesterday in the St. Regis, but few were as enthusiastic over his prospects as Thomas Ramsey, a wealthy farmer of Indian Lake, N. Y., who also is stopping at the hotel.

"I know conditions in Hamilton and Fulton counties," said Ramsey, "and you will carry both."

"What makes you so confident?" the Governor inquired.

"I have a bet of \$500 on you to win them and I don't see how you can lose. It is against the law to bet," suggested the Governor with a smile, "and you must not tell me as an officer of the law."

A bet of \$500 to \$450 with Hughes as the favorite also was posted in the St. Regis.

More of the Ohio money made its appearance in the Hotel McAlpin yesterday. Col. John T. Ashley, treasurer of the hotel, put away in the safe an even bet of \$5,000 on the result in that State.

## KILLS WIFE IN STREET.

## Shoots at Sister and Falls to Kill Himself.

## Mrs. Rose Rovner, 25 years old, of 1701 Lexington avenue, was walking with Miss Stella Weiss, her younger sister, under the viaduct at 107th street and Park avenue when a man shot her down from behind and fired a bullet at her sister.

Then he turned the weapon toward himself and shot twice. One bullet broke in the front of his hat, the other through the brim at the side. Having failed twice in his attempt at suicide, he walked away.

At Park avenue near 108th street John Way, a detective, arrested Benjamin Rovner of 2228 Seventh avenue. He had no weapon, but he had holes in his hat and powder marks on his hand, and he admitted the woman was his wife. But when confronted with her body he steadfastly denied the murder.

Mrs. Rovner separated three months ago after they had been married six years and had a half. She has two children, Lillian, 5 years old, and Henrietta, 4.

In his pocket was found a note saying "I will kill my mother, my father and my sister. Notify my father at once." Another note which had dropped to the floor was signed "Rose" and read "If you don't stop annoying me I
