HYLAN'S PLURALITY 147,975; RECORD TAMMANY VICTORY; CLEAN SWEEP OF BOROUGHS

Shrievally of Queens Sole Important Office Not Won by Tiger. HILLQUIT A SURPRISE Received Only 7,129 Fewer Votes Than the 149,307 Cast for the Mayor.

GOSSIP AS TO PATRONAGE. Joseph Johnson May Be Police Commissioner—Nathan Straus Mentioned for Charities.

Complete figures show that Tammany Hall was swept back into power Tuesday by a vote that broke all records. The Democratic organization won every important office in the five boroughs with the exception of the District Attorneyship of Queens.

Mayor-elect Hylan's plurality is 147,975, the largest plurality ever given a candidate in the city. This figure of course does not include the 55,000 soldier vote, which will not be announced until December 15. This vote is expected to bring the total Democratic plurality up to 170,000. Judge Hylan received a total of 297,293 votes.

Major Mitchell's final vote is 149,307. Morris Hillquit received 142,174, only 5,133 votes behind the Mayor. William M. Bennett's final vote was 55,575.

Seven Socialists in Aldermen. Tammany will control every administrative branch of the city government, including the Board of Estimate and the Board of Aldermen. The Board of Aldermen is overwhelmingly so, with 45 Democrats, 14 Republicans and 7 Socialists.

The closest fight between a Democrat and Republican occurred in the race between David H. Knott, Democrat, and John J. Lyons, Republican, for Sheriff. Knott won by less than 9,000. All the other Democratic nominees in all counties were by pluralities of from 29,000 to 30,000.

Commissioners Possibilities. There was all kind of speculation yesterday in the market and believe it will be in Judge Hylan's cabinet. The name of Commissioner was discussed yesterday. The name of Joseph Johnson was mentioned.

Many Jobs for Faithful. There will be hundreds of places open to the "faithful," including Tax Commissionerships, Park Commissionerships and all kinds of jobs. It is believed that many is not going to overlook a job. It is hardly believed the Democrats will abolish any of the various bureaus and commissions created by the Tammany administration, as promised by Judge Hylan before election. To do so would deprive a number of very good jobs, and there are many lean and hungry braves to fill them.

Complete failure of the Fusion campaign is ascribed to various reasons by the leaders. It is admitted that the issue of patriotism on which the Mayor made his strongest plea for support did not influence the voters to any extent. In fact, the Democratic leaders insist that it was this issue that swung thousands of votes to the Socialist candidate.

Republicans Did Not Support. It is also very apparent that the Republican organization did not support the Mayor, although a majority of the Republican leaders in the city were supposed to be with him and a number of them were.

SUFFES TO JOIN OLD PARTIES

Keft Child, 13, in Barred Flat 9 Months to Foil Fancied Slavers. Suffes at Idea of Woman's Party—Say 1,800,000 Will Be Voters.

Men who lay awake last night fearing the formation of woman parties were in the State of New York yesterday at the polls. Women's success at the polls November 4 does not mean sex division in politics. Women are going to vote every old way, just the same as men. Take that from Dr. Anna Howard Shaw, Mrs. Carrie Chapman Catt, Mrs. Norman de R. Whitehouse, Miss Mary Garrett Hay, Mrs. James Lees Laidlaw, Mrs. Raymond Brown and all the rest of the suffes who have been laboring to bring about the late happy result at the polls.

1,800,000 Women to Vote. Naturally the sudden entrance of 1,800,000 women into the electorate of the Empire State causes much speculation as to what they will do. These figures—1,800,000—are Mrs. Catt's. She bases them on the fact that about that number of women in New York State last election. The number of women actually voting age in the State is much larger, 3,065,843, but some are small children and many of those who will be indifferent to the vote—again, just like the men.

This is by far the largest bunch of electors ever enrolled in Uncle Sam's army. Illinois has an estimated female population of 1,650,199 of voting age, but not all of them exercise the franchise. In Colorado, 1,246,647 and Indiana 800,484. Michigan has 848,916.

Taking all the States which have given either full suffrage or Presidential suffrage to their women, there are now 10,121,931 women in these United States who can go to the polls and say who shall take notice, anti-suffragists in Congress and all Government officeholders who may still harbor the notion that woman's place is in the home. The woman's party in the United States, the National Woman's Party, has a list of 19 States not counting Ohio, which had the bad taste to take back last Tuesday the vote its Legislature gave its women, is 19.

The experience in all the Western States where woman vote is that there is not only no sex division, but absolutely no notion that there could be any sex division. "When I was out there and asked the women about this, they simply couldn't get my point of view," said Miss Rose Young of the Suffrage Foundation, 171 Madison avenue, yesterday. "They are so accustomed to considering public questions along with the men and going to the polls and voting according to their various opinions that my questions about what the women do puzzled them."

Women May Fight Wadsworth. There may be a slight sex separation in New York State when James W. Wadsworth, Jr., term as Senator of the United States expires in 1921. The women of New York love him not, deeming him the most cantankerous anti-suffrage Congressman opposing suffrage for women. They are, as one of them admitted yesterday, "laying for Jimmy" in a way and with a determination which men could hardly be expected to equal.

Not only is Senator Wadsworth anti-suffrage, but he let his wife be president of the national anti-suffrage association in 1915. He is also a member of the New York State Bar Association. He is a man of many talents. He is a man of many talents. He is a man of many talents.

Will Vote for Next Governor. Next fall they also will vote for Governor and other State officers. The first city election in which the majority will be a woman will be the Mayor's election in 1921. It is believed that many of the women will vote for the Democrat.

Peace Conference Postponed. The international conference for lasting peace has again been forced to postpone its meeting through lack of delegates. The meeting, which was planned for November 12, is now fixed for November 19.

MOTHER HELD GIRL PRISONER

Kept Child, 13, in Barred Flat 9 Months to Foil Fancied Slavers. Mother Held Girl Prisoner. The child was taken to the rooms of the society at 355 East 177th street, the Bronx, and the mother was sent to Bellevue Hospital for observation.

Whether general steps should be taken by the managers toward cutting down salaries was laid on the table after some discussion. It is expected that action will be taken by the managers at the next meeting nine days hence. No definite form for the reduction has yet been fixed on—whether it will be a flat decrease or an arrangement by which many of the actors will perform on a profit sharing basis.

The fact that the theatrical business has been falling off of late has become increasingly evident, particularly with the hurried departure of so many plays which have shut up in a few nights when in an ordinary season they would have clung to Broadway several weeks in the hope of coaxing the public into the belief that they were successful. A few weeks ago the advance sale of one actor who has heretofore been able to draw good crowds of people in a mediocre vehicle was \$7 at 6 o'clock on the first night.

Advance Sales Very Small. Recently an actress of very high standing had no box office sale whatever by 4 o'clock on one day on which she was to appear. Another actress of a similar standing had a box office sale of \$110 on one night last week. A distinguished player with years of theatrical work in a week brought in \$58 as his draft on the public not so long ago.

A theatre which ordinarily would be good for an average of \$1,000 to \$2,000 easily during an ordinary season took in \$1,900 week before last. One of the leading rate ticket dealers was said to have a large number of tickets unsold in his hands on the public not so long ago.

THEATRES' WAR LOSSES TO CUT PAY OF ACTORS

Big Broadway Managers Discuss Remedy for Drop in Their Receipts. GOOD STARS DO NOT DRAW Box Office Intake in One Show House Only \$1,900 for Week, Against Usual \$7,000.

There is a movement on foot among the big managers along Broadway to reduce the salaries of their players or make them in some way share part of the burdens caused by the great reductions in the business of the theatres caused directly and indirectly by the war. In fact the movement reached such a point yesterday that the question was considered at a special meeting of the United Managers Protective Association.

Whether general steps should be taken by the managers toward cutting down salaries was laid on the table after some discussion. It is expected that action will be taken by the managers at the next meeting nine days hence. No definite form for the reduction has yet been fixed on—whether it will be a flat decrease or an arrangement by which many of the actors will perform on a profit sharing basis.

LIBERTY LOAN \$4,617,532,300, SAYS TREASURY

McAdoo Announces Over-subscription of 54 P. C. by 9,400,000 Subscribers. TO KEEP \$3,808,766,150

WASHINGTON, Nov. 7.—Subscriptions to the nation's second war loan of \$2,000,000,000 amounted to \$4,617,532,300 and came from 9,400,000 men and women of the country. This was the official announcement made to-night by Secretary McAdoo.

In other words, the loan has been over-subscribed to the amount of \$1,617,532,300, or approximately 81 per cent. Under the terms of the offer providing for the acceptance by the Government of 50 per cent of the over-subscriptions to a maximum subscription of \$5,000,000,000, the Treasury will retain \$3,808,766,150 of the total amount subscribed, returning to subscribers to amounts of \$50,000 or less Mr. McAdoo announced would be allotted the full amount of their subscriptions; the allotments to those for larger amounts being on the following basis: 50 per cent to those subscribing for \$100,000 to \$1,000,000, 75 per cent to those subscribing for amounts from \$100,000 to \$200,000, 60 per cent for amounts from \$200,000 to \$1,000,000, 40 per cent for amounts between \$1,000,000 and \$10,000,000, and 30 per cent for \$10,000,000 and over.

New York District Leads. "I congratulate the American people upon the phenomenal success of the second Liberty Loan," said Mr. McAdoo in his annual report to Congress. "The New York district has a right to feel particularly proud, as its total subscription amounts to \$1,555,454,450, which represents 33.5 per cent of the total of \$4,617,532,300. It is not only well over the top on the basis of the \$2,000,000,000 loan, but it has exceeded its maximum allotment by \$1,121,212,500."

Although the subscription has fallen below the \$5,000,000,000 maximum by \$332,467,700, officials here regarded the loan as being an unparalleled success. The New York district is in the financial history of the country, and taken in connection with the first loan only four months previous will constitute a record in the history of the patriotic offering of their savings for war purposes.

Figures for Districts. The subscriptions by Federal reserve districts follow: District subscriptions and quotas: Boston, \$175,300,000; New York, \$1,555,454,450; Philadelphia, \$200,000,000; Chicago, \$1,000,000,000; St. Louis, \$1,000,000,000; Kansas City, \$1,000,000,000; Dallas, \$1,000,000,000; San Francisco, \$1,000,000,000; Portland, \$1,000,000,000; Minneapolis, \$1,000,000,000; St. Paul, \$1,000,000,000; Omaha, \$1,000,000,000; Denver, \$1,000,000,000; Salt Lake City, \$1,000,000,000; Seattle, \$1,000,000,000; San Diego, \$1,000,000,000; Honolulu, \$1,000,000,000; Alaska, \$1,000,000,000; Hawaii, \$1,000,000,000; Puerto Rico, \$1,000,000,000; Virgin Islands, \$1,000,000,000; Guam, \$1,000,000,000; Philippines, \$1,000,000,000; Alaska, \$1,000,000,000; Hawaii, \$1,000,000,000; Puerto Rico, \$1,000,000,000; Virgin Islands, \$1,000,000,000; Guam, \$1,000,000,000; Philippines, \$1,000,000,000.

U.S. MISSION IN ENGLAND FOR CONFERENCE OF ALLIES; COL. HOUSE IS AT ITS HEAD

NEW REBELLION IN PETROGRAD. Maximalist Forces Seize Telegraph Offices, State Bank and Marie Palace.

PETROGRAD, Nov. 7.—A revolutionary movement which at any moment may develop into a battle for the possession of the capital was inaugurated to-day when an armed naval detachment, under orders of the Maximalist revolutionary committee, seized the offices of the official telegraph agency, the central telegraph office, the State bank and the Marie palace. In the latter, where the Preliminary Parliament has been holding a series of tumultuous sessions, it was forced to suspend deliberations. Considerable forces of troops are in readiness, but Premier Kerensky so far has shown an unwillingness to proceed to extreme measures, apparently clinging to the hope of conciliating the various factions.

The general traffic of the city was normal this afternoon and street traffic had not been interrupted, although there had been minor disorders in some sections. These were attributed to Apaches and were said to have no connection with the action of the revolutionary committee. The attitude of the Maximalists and the Bolsheviks continues to be the subject of intense anxiety. It is realized that a bloodbath is in the air. The position of the Ministry, in spite of a vote of confidence passed last night by the Preliminary Parliament, is very insecure.

Orders Against Outlawry. Leon Trotsky, president of the central executive committee of the Petrograd Council of Soldiers' and Workmen's Delegates, has informed members of the town Duma that he has given strict orders against outlawry and has threatened with death any persons attempting to carry out pogroms. Trotsky added that it was not the intention of the Workmen's and Soldiers' Delegation to seize power, but to represent the workers and soldiers in a congress of Soldiers' and Workmen's Delegates to be called shortly, that the body take over control of the capital, for which all necessary arrangements had been perfected.

London, Nov. 7.—The Admiralty announced to-night that British vessels sunk by submarines during the last week were the fewest since unrestricted submarine warfare began early in the year. Only eight vessels of more than 1,600 tons and four under that tonnage were sunk by mine or submarine. No fishing vessels were destroyed. Although the tonnage of the vessels destroyed is not given, it is believed that the week's tonnage loss, also in the low range, is the lowest since the beginning of the war. In the week ended September 16 only eight vessels of 1,600 tons or more were destroyed, but the enemy sank twenty vessels of more than 1,000 tons in the week ended October 13. The total was two steamships and three sailing craft.

U.S. WAR BREAD PLAN STANDARDIZES LOAF. Rules to Be Compulsive for All Bakers. While a definite programme has not been adopted it may be assumed that the United States will embrace the most advanced and satisfactory plan of operations, but also the financial, commercial, economic and other phases of the present situation which are of vital importance to the successful prosecution of the war.

There will undoubtedly be an effort to avoid the kind of interest among the participants and the more cogent reasons to anticipate that the result will be fuller cooperation and consequently a much higher efficiency and a more vigorous prosecution of the war. "The United States in the employment of its man power and material resources desires to use them to the greatest advantage. It is believed that there has been no easy problem to determine how they can be used most effectively, since the independent presentation of requirements by the allied Governments has been more or less conflicting. In account of each Government's appreciation of its own wants, which are naturally given greater importance than the wants of other Governments.

True Perspective Sought. "By a general survey of the whole situation and a free discussion of the needs of all the approaching conference will undoubtedly be able to give the demands of the several Governments their true perspective and proper place in the general plan for the conduct of the war.

Delegation Includes Admiral Benson, Gen. Bliss and Vance McCormick. CENSORSHIP IS LIFTED

Lansing Says Parley Is to Avoid Conflict of Interests. UNIFIED DRIVE SOUGHT and Satisfactory Conclusion. Special Dispatch to The Sun. WASHINGTON, Nov. 7.—With the safe arrival of the American war mission in Europe the ban of secrecy has been removed from the most important co-operative move which the United States has yet made in the conflict against Germany.

The American mission, headed by Col. E. M. House, the President's close and confidential adviser, has arrived at a British port to attend the inter-allied "war conference," which has as its prime object the coordinating of all resources in the supreme and final drive against the German militarism.

The American representatives, like the representatives of the Entente nations, include the foremost military and naval leaders, besides others regarded as especially competent to judge of the all-important matters which will come under their attention.

In a statement made public to-night Secretary Lansing makes it clear that the conference is a speedy and satisfactory peace and simple. It is "near conference" in name, but in fact it is a conference devoted to "devoting every means to intensify the efforts of the belligerents against Germany by complete cooperation under a general plan and thus bring the conflict to a speedy and satisfactory conclusion." The object of the conference is that maximum military efficiency may be attained all around.

Many newspaper men here have known for several days that the American mission was on its way to Europe. The details of the mission were also known to them. Secretary Lansing has now said about it was due to the publicity requirement exercised by the press at the request of Secretary Lansing.

Mr. Lansing outlined the work to be done in a general way in the following statement: "The Government of the United States is approaching the approaching conference of the present situation with a view to intensify the efforts of the belligerents against the German Empire, and has sent as its representative, Mr. Edward M. House, who is accompanied by Admiral W. S. Benson, chief of the operations, Gen. Tasker H. Bliss, chief of the United States Army, Oscar T. Crosby, Assistant Secretary of the Treasury, and the Chief of the War Relocation Administration, Mr. Raymond B. Starnes, representing the Food Controller, Thomas D. Perkins, representing the priority board, and Gordon A. Scales, as secretary.

Purpose of Conference. "The conference is essentially a war conference, with the object of perfecting a more complete coordination of the activities of the belligerents in the conflict and the more cogent reasons to anticipate that the result will be fuller cooperation and consequently a much higher efficiency and a more vigorous prosecution of the war.

True Perspective Sought. "By a general survey of the whole situation and a free discussion of the needs of all the approaching conference will undoubtedly be able to give the demands of the several Governments their true perspective and proper place in the general plan for the conduct of the war.
