

MRS. PANKHURST ASSAILS KERENSKY English Suffragist Blames Him for Present Plight of Russia.

NEW YORK WINS PRAISE War Enthusiasm Here Far Different From That of London or Paris.

"Ah, if they had listened to the women about Kerensky Russia would be better off to-day."

Mrs. Emmeline Pankhurst has dealt quite gently with men since war, and the news of her country led her to declare truce in her fight for the vote, and especially since Parliament bowed to the Englishwomen's demand for political freedom; but she couldn't resist that dig at the sex when she got to talking about Russia's plight in her rooms at the McAlpin Hotel yesterday.

"Russia Needs Allies Aid." Russia, Mrs. Pankhurst declared, is in sore need of the help of the Allies, and she expressed the earnest hope that they would be able to give it.

"The women don't realize the horrible things that exist in Russia. I know a man who has been in the Bolsheviki area and he told me and he said that he had seen the things that he has seen."

"Women Are Socialized." "This," she said, "is a copy of orders published in the *Isvestia*, to achieve women's claims for the vote."

"Enthusiasm Over New York." Mrs. Pankhurst was enthusiastic over the news that New York has won the prize in the election of the new Governor.

"You see what that means. Surely if the women of the allied countries realize the claims for the vote, they would say that one important thing is to help Russia. The Bolsheviki are ruining the principle of the vote."

"You don't see the same enthusiasm in Paris and London," she said. "We haven't the same picturesque way of doing things. You are wonderful organizers."

"England is carrying on well. The national health is good and we have enough to eat. Of course, there are privations, and I see a difference between the menus of hotels in London and Paris and hotels here. At a Paris hotel where I stopped, for instance, we had butter the whole time. In London we are on strict rations, but we have enough, and people even manage to keep their household pets. I have a dog I should feel very badly to lose—no, he can't have a meat card, but we each give a little and so feed him."

LA FOLLETTE ATTACK CALLED FRIVOLOUS Supplementary Brief Filed With Committee by Senator's Counsel.

FALSE REPORTS BLAMED Lawmaker Held to Have Had Right to Expression of Opinion on War.

WASHINGTON, June 6.—In a supplementary brief filed to-day with the Senate Privileges and Elections Committee, counsel for Senator La Follette (Wis.) brands charges growing out of the Senator's St. Paul speech as "frivolous" and "much ado about nothing."

"The entire charge against Senator La Follette is a case of much ado about nothing," false press reports of what he said, coupled with the popular misapprehension during the early days of the war as to what he or any other Senator had a right to say, led to a hue and cry throughout the South, not more unjust to the Senator than it has been injurious to our cause in the war."

HAMMOND'S STAND ROUSES ONONDAGA Republicans All Worked Up Over Committee-man's Defection to Lewis.

Special Dispatch to The Sun. SYRACUSE, June 6.—Republican organization was not favorable to the renomination of Gov. Whitman and has entered grave doubts that he can be elected to a third term if he is nominated in his behalf, the situation in Onondaga county is unusual.

"I have not seen *The Sun* this morning," he said. "I have received no suggestion that I should take the leadership of the Lewis forces here."

"There are three candidates for the Democratic nomination for Governor for a report in a New York newspaper to-day, which speaks of Horace White, a former Governor, as the probable leader of the nomination."

LEWIS CITES HAYS SPEECH TO GYNN Says Chairman's Activity Is Reprehensible and Almost Scandalous.

Special Dispatch to The Sun. ALBANY, N. Y., June 6.—Attorney General Lewis to-night sent the following letter to Republican State Chairman George A. Glynn:

"Mr. George A. Glynn, 42 West Thirty-ninth street, New York City. I am writing you regarding the article in the *World* of the 27th of April, 1917, in which you complimented him upon his speech delivered at the Republican Club last night."

"I am glad that you were present and heard him. I am sorry that it was necessary for me to leave in order to get into the building. I am interested in watching your face when Mr. Hays said: 'I recognize the purpose of the position I occupy is to aid in making plans which may result in the use of every honest means to elect candidates and not in any sense control the nominations.'"

JEWELRY JOBS CURE FOR SICK SOLDIERS Dr. Perkins Suggests Work for Tuberculosis Victims.

BOSTON, June 6.—Avenues for employment of tuberculosis soldiers found in the draft in cantonments and overseas were pointed out by Dr. Jay Perkins of Providence, R. I., in an address at the annual meeting of the American Climatological and Clinical Association to-day.

"There are various forms of lighter indoor work," he continued, "which can be developed, handicraft work in general, and a great deal of work in the leading industries of Providence and the Attleboro—cheap jewelry manufacture. Could some of these industries be organized so that individuals would have the profit of his labor, the organization getting only interest on the investment, the men paid for what they do, and the work would be done in a few hours as they are able, and their home life being properly guided, I believe we should have a better solution of the problem than any now in practice."

Dr. Guy Hinsdale of Hot Springs, Va., was elected president of the association.

New Down Town Band Formed. A new military band has been organized for recruiting and patriotic purposes under the auspices of the Down Town League of 150 Nassau street, six-five young men, chiefly employees of firms in the lower section of the city, have joined the organization. A. D. Schaefer, a retired army bandmaster, will supply it with uniforms and instruments, and the band will give its services free for patriotic occasions.

FARMERS' LEADER PICKPOCKET MAKES BATHERS VICTIMS Will Cry of "Goniffs" Heard in Pitkin Ave. Natatorium.

GREATER INCOME TAXES PROPOSED profits. That this tax should be superimposed on the excess profits tax in such a way that the taxpayer would have to pay neither the one or the other and that the excess profits provisions be amended to straighten out equities.

What happened in Pitkin avenue (every one knows Pitkin is one of the swellest avenues in all Brownsville) last night is enough to cure a fellow of ever going near one of these, now, bath-houses again in the middle of the week. Friday was that night should be done because on Friday to-morrow is the Sabbath and a fellow should ought to take that much of a chance. But see what a sudden the water should be too much, as the sailor said when he saw the U-boat.

"Goniffs! Goniffs!" There was no sound but the pleasant murmur of an alien tongue and the lively plash of water, when all of a sudden the water should be too much, as the sailor said when he saw the U-boat.

COLER, CONTROLLER, IN A JUNE BOOM Democratic Friends Urge Place for Him on State Ticket.

Friends of Bird S. Coler, Commissioner of Charities, are determined to get him on the Democratic State ticket this year, if possible. They started out with the idea that he might be selected for Governor, but after hearing from up-State leaders have decided to make a drive for the nomination for State Comptroller.

"The movement is headed by Louis Levin, a real estate man, of 215 Montague street, Brooklyn, who declared last night he had received letters from Greene, Ulster, Putnam, Westchester and half a dozen other counties suggesting that Mr. Coler would make an ideal candidate. He made public last night a letter from Arthur V. Hoornbeek, an expert manufacturer of Wawarsing, which reads:

"Some of our friends up-State have mentioned you as a friend who is interested in the welfare of the State. I am a member of the Democratic party of this fall. Before there was any publication in New York Democratic throughout this section of the State for the position of State Comptroller, an office scarcely less important than that of Governor. It seemed to us he was available, particularly in view of the fact that he is a member of the present Comptroller and because of the deep impression made upon the people of this State by the late and greatly respected Governor, Bird S. Coler."

WORLD END SECRET TREATIES Senator Borah Says People Will Demand Open Dealing.

WASHINGTON, June 6.—In a plea to the Senate to adopt the rule of complete publicity in the discussion of all treaties to which the United States is a party, Senator Borah (Idaho) urged to-day that the end of the season of secretiveness of the fundamental principles of treaties later to become laws had arrived in the present world struggle.

FREES WOMEN BUT ANCHORS HIMSELF Spring Night's Tale of N. Y.'s Most Disgusted Cop.

Hereafter when Miss Katherine McNaught works late in her studio in the Siebrecht Building, 425 Fifth avenue, where she designs lamps and shades, it is a foregone conclusion that she will take the superintendent of the Siebrecht Building into her confidence. Building superintendent was with the result that a brawny young sailor deigned an entirely useless new method of going through the top, while at about a thoroughly disinterested policeman still was kicking his heels together at the portals of the Siebrecht structure.

"It was almost 10 o'clock when Miss McNaught and her mother were ready to quit the studio. The collapsible seat at the building entrance was securely locked when they peered through the doorway and saw the policeman standing by her efforts to open the gate, tried to aid her but failed. Miss McNaught telephoned to the West Thirty-ninth street station where Policeman John Kane was dispatched.

As Kane rounded the corner into Fifth avenue he saw a crowd almost as big as the one that watched the French Blue Devils on parade there recently. Then the sailor found the gate too high to be pulled out enough to permit him to go over to the top. When he got into the building he found the lock as effective against his strength as it had been against that of the women.

Kane had three prisoners to release and he set about the job by borrowing a collection of tool kits from several of the fifty or more chauffeurs who had stopped their cars to see what was going on.

ASSAULTS WHITMAN Fraser, on Eve of Federation Meeting, Protests "Money-bund" Food Control.

BENNETT WILL ATTEND E. P. Doyle Wants Commission of Three to Govern New York City.

Comparing his organization with the farmers who rose at Livingston in revolutionary days, Senator Fraser, vice-president of the New York State Federation of Agriculture, which meets at Albany to-day to discuss a plan of political action, made a bitter attack last night upon Gov. Whitman. It was made public by William M. Bennett, who later left for Albany to take part in the proceedings to-day.

Criticizing the various measures taken by the Governor to conserve the food supply of the State Mr. Fraser said: "It is not State control that is intended, but a commission of three to govern the State and its law-enforcing powers into the hands of the plutocrats."

WAR PROFITS SOMETIMES ESCAPE. The existing excess profits tax does not always reach war profits. The rates of excess profits taxation are graduated and the maximum is 60 per cent. In great measure the tax is levied on the 10 per cent of all war profits. The Government departments, under great pressure as they are to get necessary war materials and supplies with the utmost expedition, are not always able to fix their prices so that they guard their interests in such a way as to avoid the possibility of profiteering.

SENATE DEMANDS PROFITEERING DATA Prepares to Deal With Hugo War Incomes in New Revenue Bill.

WASHINGTON, June 6.—By an unanimous vote to-day the Senate adopted the Borah resolution calling on the Secretary of the Treasury to furnish the Senate with all permissible facts, figures and information in his possession relative to profiteering. There was no debate.
