

FIGHTERS ACCLAIM 'SUN SMOKE FUND'

Words of Real Appreciation Come From Our Men in Trenches of France.

BIG BENEFITS ON CARDS

Golf Matches Promise Large Returns in Tobacco for American Troops.

'THE SUN is doing no end of good, but of course it is the generosity of people like you that makes it possible.'

This postcard from Corporal U. Hassett, Co. B, 163rd Infantry, exactly describes the situation with respect to the tobacco distribution to the American soldiers in France. The Sun Tobacco Fund is the agency for the carrying of happiness and cheer to our men at the front; but it is the individual contributors who make the project the great success which it is.

'I received your kind and liberal donation of tobacco through the popular Sun Fund. It is one of the most appreciated gifts that soldiers can be favored with, especially where "Toby" is so scarce.'

Appreciates Good Done. Sergt. Edward Brady manages to crowd a good many sentences on his card. "I received the cigarettes that you sent and want to thank you in behalf of Co. K, 101st Regiment. I wish you could only see the good that such people as you and all the others that send cigarettes over here to us fellows, are doing."

'We have just got back from the front line and are in the support line now. The support line is one of the most French villages that are just behind the lines. Our platoon is billeted in a large building which at one time was a hotel. The Dutch have a few shells every day and is just making hits on the church, which is always his first mark.'

Number of cards addressed to J. P. Moran also have just arrived. On one of them Sergt. A. M. Maxwell, 317th Co., Motor Supply Train 405, in expressing his gratitude, promises to return the favor with interest. He writes: "Many thanks for the tobacco you sent. Seeing you sent us tobacco, we'll do you good turn and bring home the bacon for Uncle Sam. Appreciate your thoughtfulness very much."

'Everything lovely with us,' says Corporal W. N. Carver, Co. C, 509th Engineers, and that he tells why: "Tobacco received today."

Corporal W. Kemick, writing to Mr. Moran for the boys of Adm. Co. H. S. C. A., writes: "I received your gift tobacco today and I can assure you in behalf of myself and comrades that it comes in handy. It gives the boys something to smoke and something to talk about, both of which make the time go faster till the day when we see the States again."

Corporal Remick closes by wishing Mr. Moran "and the Sun success."

Miss White's Party To-day. The card and dancing party arranged by Miss Grace J. White with the cooperation of the Weona Club, will take place this evening in the Hotel St. George, Brooklyn. Miss White directed a successful affair of the kind in April and then, as now, The Sun Tobacco Fund is the beneficiary. Miss Minna W. George is president of the Weona Club and Miss Florence C. Smith is secretary and treasurer. The winners at cards this evening will receive handsome prizes, the gift of department stores of the city. Tickets at a dollar each entitle the holders both to play five hundred and to dance.

To-morrow night is the date of the musical revue and dance given by the Dramatic Society of the Young Women's Hebrew Association has had in preparation for several weeks. An excellent program has been arranged, with the following young men and women favorites with all who have attended entertainments given by the society in the past: prominent in the program are: The Misses Rose Cohen, Shirley Ford, Frances Sunshine, Clara Sanders, Henriette Polens, Betsy Lewis, Anna Perry, Sylvia Shayer, and the big, beautiful Newmark, Sylvia Weinberg, and Rose Kesner, and Messrs. Gordon, Slomsky, Brayer and Bromberg.

Miss Lily Sunshine will manage the production, with Barnet Soler as general director and Henry Marko musical director.

It was back in last September that residents of Wyckoff street, Brooklyn, gave a block party for the fund. It is now another neighborhood, also in Brooklyn, in which arrangements are being made for a similar affair. The permission has been obtained to rope off strong place Saturday night, and there will be a bazaar, with games and music and dancing and speech making.

Brooklyn Loyal to Robins. All Brooklyn is loyal to the Robins, and the announcement in yesterday's morning paper that Manager Wilbert Robinson, Lieut. Leon Cadore and Jack Combs are to be present and make addresses caused a perceptible heightening of interest. The Robins party through the affair had aroused enthusiasm from the start. Lieut. Cadore has been at Camp Gordon, Atlanta, long enough to know that soldiers and sailors smoke even before they cross the sea, and he is going to tell his hearers of the conviction that once they reach the trenches tobacco is an absolute necessity to the fighting men.

Another of the regular Saturday Red Card competitions of golfers of the Dunwoody Country Club takes place to-morrow. At the same time play will continue in the second of the monthly tournaments. Enthusiasm over the various events of the club has been increasing constantly, and it is heightened by the fact that the entire receipts of the Dunwoody season are to come to The Sun Tobacco Fund. The preliminary returns, \$260, which were made a few days ago, are only a small part of the amount which will be forthcoming. For more and more members are buying tournament cards at \$10 each, whether they play golf or not.

A \$4 hole match game of golf is to be played Sunday at the Mount Vernon Country Club by Tom McNamara, Captain of the club, and George Thompson (professional of the Mount Vernon Country Club), James P. McGee and J. J. Gerry. There will be a collection of money for the fund.

Get right down to the hidden parts. You are particular about the service you get from tires. How about lubrication? Dixon's Lubricants. Prevent wear and tear caused by metal-to-metal contact. The specially selected shell graphite puts a well-wearing film over bearing surfaces that means longer life, smoother mileage higher and upkeep lower.

is to be taken between the halves of the match for the smoke fund. The first half starts at 10 A. M. and the second at 2 P. M.

Dance to Be Big Affair. Miss "Jimmy" Grossman's dance for the "smokes for soldiers project, at 109 East 116th street, The Lexington, the evening of June 12, is being advertised as a larger affair than the first one. Besides the dancing there will be a vaudeville entertainment, for which a number of the performers have volunteered. At the building where the dance is to be held is the property of Miss Grossman's father and the music is to be contributed by the band of the naval recruiting station in New York City. There will be no outlay, and the entire proceeds are intended for the fund. Tickets to the number of 300 are on sale at 50 cents each.

Mrs. Jessie Bankerville, Mrs. Ida V. Enders and the corps of charming women assisting them in the rummage sale in the new articles are placed. The sludges the smoke fund, have received the sincere flattery of imitation. Several other sales are in progress now, but without affecting the business being done at 41 West 45th street, in which The Sun fund is especially interested.

New goods keep coming in from persons who wish to send smokes ahead and with every day the floors of the house whose use is donated for the purpose by Dr. Jamison take on a different look as the new articles are placed. The sale will go on next week and gifts may continue to be sent. The hours of business are from 11 A. M. to 7 P. M.

John A. Bernardsville, N. J., a member of the well known building family, has just sent another check, this one for \$25. From the Metropolitan Building Company's Round Table, a many times first, comes \$21, with the names of thirty-one patriots attached. Yet other checks are being received. One from D. B. Baird and B. L. Friedman of Steubenville, Ohio; Hanna B. Fare and Mr. Evers Week, whose current contribution is the new articles are placed. It is being edged along toward its first birthday anniversary.

And here's Ansonia, Conn., again, with five good checks for a total of \$100. And from Westchester Grove No. 45, Woodmen Circle, comes a check for \$5, accompanied by a note in which M. J. Wade, the secretary, says: "We will be able from time to time to send you a similar check for this good cause."

Don't forget that every certificate deposited in a fund box in a United or Schulte cigar store means more smokes for the soldiers. Bear this in mind when you make tobacco purchases for yourself. Every slip counts!

How the Fund Stands To-day. THE SUN AND THE EVENING SUN \$1,000.00 United Cigar Stores include \$1,377.50 Other contributions \$27,721.21 New contributions \$100.25

Total \$18,900.00 Shipped to date \$2,150.00 Received through the Schulte Cigar Stores \$1,850.00 Grand total \$12,950.00

New contributions are: Mr. Evers Week No. 45 \$1.00 E. H. Booth, 200 Fifth av. \$5.00 Hanna B. Fare \$5.00 N. J. \$10.00 Westchester Grove No. 45 \$5.00 Westchester Grove No. 45 \$5.00 Westchester Grove No. 45 \$5.00 Westchester Grove No. 45 \$5.00

COAL FAMINE IMPENDES. New England Faces Disaster Next Winter. Administrator Says. Boston, June 6.—Shipments of soft coal into New England fell off last month more than 420,000 tons, as compared with May of last year, according to preliminary reports to-day to James B. Storrow, Massachusetts Fuel Administrator.

Mr. Storrow left to-night with the Fuel Administrators of the other New England States to put the situation before the Fuel Administration at Washington.

"Unless something can be done to close the winter season for the big deficit," he said, "New England is faced with nothing short of disaster next winter."

BRUTALITY OF U-BOAT CREW. Drinking Water Removed From Lifeboat of Ship They Sank. London, June 6.—The crew of a German submarine was brutal in its treatment of the crew of the Glasgow steamship Elliston, sunk some days ago. Reuters' Limited, learns. The Elliston was abandoned for three and a half hours. The British captain returned the gunfire until his ammunition was gone and then abandoned the vessel, which the submarine crew bearded and sunk by bombs. The captain was taken prisoner on board the U-boat.

The drinking water in one of the lifeboats was removed and the Germans also took the meat, sails and all the coals except two, leaving the British to starve and freeze. The other lifeboat, which was not molested, was picked up by a schooner near Las Palmas, Canary Islands. The occupants of the first lifeboat suffered great hardship and did not reach Las Palmas until three days after the other boat.

"What Is Loyalty?" and America's Answer to This Vital Question

[By the Committee on Loyalty of the Mayor's Committee on National Defense.]

Let the father and mother answer first. They give themselves to each other and to their children because they have created the family, and they are loyal to their home. They bring happiness to themselves and to others.

Let the worker answer. He gives himself to his work because he creates that work, and he is loyal to his business and the community of workers of which he is a part. He brings happiness and prosperity to himself and to others. The worker includes both the employee and the employer. Both must be loyal to their common work, which they create, and loyal to each other, because success comes only from a community of labor, endeavor and interest.

Let the citizen answer. He gives himself to his city, to his State, to his country because he, in conjunction with his fellow citizens, creates these free institutions which protect his life, his family, his home and his property—and the citizen is loyal to his community and his country.

Loyalty is a giving up of self to the things we create for the happiness and prosperity of ourselves and others.

There is one Loyalty that includes all Loyalty, even Loyalty to country, to home, to work, to one's self. That all inclusive Loyalty is Loyalty to our Maker, the One who created us. When man understands his origin—that he is made in the image and likeness of God, and that he is the distributor of spiritual energy—no man can but help be loyal in the highest meaning of the word.

Loyalty demands a sacrifice of self. George Washington gave himself absolutely to his country and his people might win their independence and become a free nation and a democratic people.

Abraham Lincoln gave himself and his very life to his country and his people that the nation might stay united and a race of black people might be made free.

To-day a million Americans are offering their lives to their country and their people that freedom and democracy may be saved to the world. These men are sacrificing their lives to the principles of Loyalty—to truth, to honor, to justice, to love, to liberty.

Loyalty demands a complete surrender of self. The individual gives himself to the cause of common humanity in order to preserve the freedom of his own individuality.

Half way Loyalty will not do. No one can serve two countries and be true to both. No one can be loyal to two countries at the same time. But all men can be loyal to principle—to truth, to honor, to justice, to love, to liberty—no matter in what country they live.

Our families come before self. Our homes come before self. Our work comes before self. Our city, our State, our country come before self. "I'm for myself—Loyalty begins at home"—is the cry of the disloyal man. This is the opposite, the negation of Loyalty. It is selfishness. Such men give themselves not to their true self, but to their inverted, distorted self. They give themselves up to narrowness, to jealousy, to envy, to hatred, to bigotry, to that selfishness which is the rankest growth of selfishness and disloyalty.

Loyalty begins at home, but it must follow the home into whatever land we live or work. Loyalty to country follows the flag of our country wherever it flies.

Loyalty to the cause of truth, of honor, of justice, of love, of liberty, of humanity must follow the flag of that cause wherever it flies in its efforts to establish freedom and democracy in the world.

Loyalty to the United States on the part of every single individual, of whatever birth, race or creed, who lives within our shores is Loyalty to the highest principles of man.

Loyalty is based on both understanding and faith. Those who understand what the free world to-day is fighting against and fighting for will be loyal because they know the cause is right.

Those who cannot understand must be loyal through faith. Faith can never be misplaced if we put our trust in the United States as a nation, in the people of the United States and in the principles which this country stands for. This free people live for and if need be are ready to die for.

Faith in the right and Loyalty to the cause of righteousness must make people free.

LOYALTY TO TRUTH, TO HONOR, TO JUSTICE, TO LOVE, TO LIBERTY.

LOYALTY TO OUR MAKER, THE ONE WHO CREATED US.

LOYALTY TO OUR COUNTRY, TO OUR HOME, TO OUR WORK, TO OURSELVES.

LOYALTY TO THE CAUSE OF TRUTH, OF HONOR, OF JUSTICE, OF LOVE, OF LIBERTY.

LOYALTY TO THE CAUSE OF FREEDOM AND DEMOCRACY.

LOYALTY TO THE CAUSE OF HUMANITY.

LOYALTY TO THE CAUSE OF THE FUTURE.

LOYALTY TO THE CAUSE OF THE WORLD.

LOYALTY TO THE CAUSE OF THE UNIVERSE.

LOYALTY TO THE CAUSE OF GOD.

LOYALTY TO THE CAUSE OF THE FUTURE.

LOYALTY TO THE CAUSE OF THE WORLD.

LOYALTY TO THE CAUSE OF THE UNIVERSE.

JOY OVER U-BOATS LANDS MAN IN JAIL

State Employee Is Arrested—Alien Enemies in Hoboken Are Held.

William P. Curran, 31, an attendant at the Manhattan State Hospital on Blackwell's Island, was held in \$10,000 bail by Samuel M. Hitchcock, United States Commissioner, yesterday on a charge of violating the espionage law. Curran, who pleaded not guilty, was committed to the Tombs in default of bail.

Curran is alleged in an affidavit made by James Bourke, also an attendant at the State hospital, to have expressed pleasure at the reports of the success of German submarines in American waters. Bourke declares that he told Curran that he had a son in the navy who was about to be crossing the Atlantic, and that this Curran said that he hoped that none of the men would ever come back.

Curran, who is a citizen, was born in Ireland. He came here nine years ago. Laurence H. Axman, Assistant United States Attorney, told Commissioner Hitchcock that Curran had admitted that he is a member of the Sinn Fein organization. Curran was held for a hearing yesterday.

Bruno Karl Uthgenant, 38, a steward, and Fritz Kunz, 40, a cook, both employed at a fraternity house of Stevens Institute in Hoboken, were held in \$5,000 bail by the Mercer County Jail in Hoboken yesterday by William Wallace, Jr., head of the Enemy Alien Bureau. Both are German army reservists. Under examination, both said they were loyal Germans.

William C. Schroeder, 28, an enemy alien, recently discharged after two enlistments from the United States Army, was ordered held for investigation at the Enemy Alien Bureau yesterday. He was arrested because he failed to register. He said he did not know that he was a German because his father was naturalized as a citizen in Switzerland.

Eleven Lost on Kenilworth. One Boat From Union Castle Lined Was Overboard. London, June 6.—Three passengers and eight members of the crew are missing from the steamship Kenilworth Castle, which was severely damaged by explosions after a collision. The steamship, which carried about 300 passengers, reached a British port Wednesday. The arriving passengers included Henry Burton, South African Minister of Railways and Harbors, and other prominent persons.

The collision occurred shortly after midnight and was followed immediately by two explosions. The Kenilworth Castle, which previously had been damaged forward, began to sink as the bow as the fore compartments filled with water. The bulkheads, however, effectively kept the vessel on an even keel, though her bows were torn and twisted by the force of the explosion.

There was great confusion as the passengers hurried to the deck in their night attire and went to their boat stations. Fortunately the electric lights did not fail, except forward, and the boats were launched speedily. One boat turned over, throwing a large party of passengers into the sea. Many passengers, including a number of women, became frightened and jumped into the sea. A large number of passengers were taken off by other vessels.

Chairman Hays in Washington. Chairman Hays of the Republican National Committee expressed himself yesterday as enthusiastic over the spirit shown by the Republican leaders at the dinner given to him at the Republican Club on Wednesday night. He was accompanied by Glenn Miller, State chairman of Utah, Mr. Hays went to Washington. He will return on Monday.

Two Boys Drowned as Mother Waits Clinging Together They Sink in the Hudson While Taking a Swim. Mrs. Mary Curtin planted a kiss on the cheek of each of her boys, John and William, 16 and 13 respectively, as she stood at the entrance to the Spencer Arms apartments, at Broadway and Fifty-seventh street, just after noon yesterday. Mrs. Curtin is employed at the Spencer Arms, and since her husband died two years ago the earnings of the boys as elevator operators in the same place have gone far toward maintaining the cozy Curtin home at 210 West Sixty-seventh street.

It was the boys' afternoon off, and as the admiring mother watched them walk toward Riverside Drive in Sixty-seventh street, a sort of fatherly glow in her younger brother, turned and shouted: "We'll be home for supper, mother."

Three hours later, Policeman Caulfield of the West Sixty-eighth street station was approached by a puffing youngster who came running up Eighty-fourth street to the river from the direction of the Hudson River.

"There's two guys drowning out in the water," the boy told the policeman. "They've got their arms around each other and I heard them holler 'help' or something."

Caulfield hurried along the Drive to Eighty-fifth street and down to the pier at the foot of that thoroughfare. He blew his whistle and called the other policemen, but they scanned the surface of the water vainly. Only a boatman was in sight and his efforts to rescue the drowning pair was likewise without result.

Turning to leave the pier Caulfield and the other policeman saw two objects afloat in the water. They were unable to find any one in the neighborhood of the pier who saw either of the boys enter the water. The boy who summoned the policeman said merely he heard their cries for help when he was walking along the riverfront, and that they then were more than 100 yards off shore.

ITALIAN ARMY SHOWS GAIN. Swift Tells of Strength in Morale and Material. By the Associated Press. ITALIAN ARMY HEADQUARTERS, June 5 (Delayed).—The Italian army is improving both in morale and material, according to a dispatch received yesterday from the American Military Mission to Italy, who to-day discussed various phases of the situation on the front, which is considered interesting in view of the possibility of an Austrian offensive.

"I have been studying the Italian order for about three months," he said, "and have found many things to admire. Gen. Swift, who previously visited Anglo-French troops for observation purposes, spoke enthusiastically of what might be expected from the American soldiers."

"As far as the American army is concerned," he said, "it is quite certain that we need not fear comparison with the Italian army as soon as we have profited from their experience. It is to be remembered that the war had been going on from one and one-half to two years before our allies began to show results."

"It is the common soldier who will win the war. He shows fine physical endurance and strength, notwithstanding the fact that he has not had the recent successful actions at widely different sections of the front have shown a fighting spirit which is highly encouraged in each case the war was accompanied with small losses."

FOREIGN, BUT LOYAL ALL. 75,000 Born Outside of U. S. to Show Patriotism. In demonstration of their loyalty in the land of their adoption, 75,000 foreign born citizens of New York, emigrants from practically every country on the face of the globe, will parade in this city on the parade will mark the climax of a "loyalty" programme laid down by Mayor Hylan yesterday, when he issued a call for the citizens to join in a general demonstration beginning June 14, Flag Day. Daily from that date until Independence Day there will be a series of public exercises, observations and special "loyalty" exercises of every description.

Among the groups which will participate in the parade on the Fourth will be a band of Italian women, a band of German birth who have sons in the fighting ranks of the United States. A division representing every ingredient in the mosaic of the city will be formed by 2,000 public school children of foreign parents.

Mrs. Curtin was waiting for the boys and had supper warming on the gas range. She collapsed when told that one of the boys had met with an accident, but revived quickly and accompanied the policeman back to the station. The body the policeman showed her was identified quickly as that of her son, and she was taken to her home there. I shot and killed Lombard in mistake for him. Fetto, the man who had killed Lombard, was the night before killed Di Marco. The next day Terranova and others congratulated me on the job.

"How much money did you receive for the murder?" Mr. Brothers asked.

Drop in Prices. "I was getting \$15 a week from the boss for whatever job he had for me," replied Esposito. "But after the death of DiMarco they cut me down to \$10."

Under examination by Mr. Littleton Esposito admitted that he had been a member of the "Navy Street Gang" for years and that he had been implicated in the killing of four men. He said he was never considered a full fledged member of the gang until he had killed somebody. His early exploits were devoted to slugging women and slugging the boss wanted "done up," but not killed.

Esposito then told of the killing of Nicholas Terranova and Charles Umbrico by himself and another of the gangsters. He said it was about two weeks after the Di Marco affair. "We were between thirty and forty people there. I shot and killed Lombard in mistake for him. Fetto, the man who had killed Lombard, was the night before killed Di Marco. The next day Terranova and others congratulated me on the job."

ALLEN INTERVIEWED AFTER FUR. Arrest Follows Inquiry Into \$1,000,000 St. Louis Bill. St. Louis, June 6.—Leo Miller, arrested in connection with the inquiry into the \$1,000,000 worth of Army supplies, was ordered interviewed to-day by local representatives of the Department of Justice.

Miller learned that his name is Brodick and that he is an enemy alien.

'GAELIC AMERICAN' IN BITTER TIRADE

Government Agents Aroused by Attacks in Devoy's Newspaper.

John Devoy gave the entire first page of the Gaelic American, which appeared yesterday, to a general assault on people and things that was so much more Devoyesque than the matter that has caused the Post Office Department to bar his weekly from the mails for months past that it immediately awakened interest among Government officials.

Earl B. Barnes, Assistant United States Attorney in charge of espionage law cases, said last night that a copy of the Gaelic American had been sent to Attorney-General Gregory and that further action would depend upon his instructions.

The pages of matter has the following streamer head, "Waging War on Ireland and Irish Citizens." The text is summed up in the sub-head which follows: "Reactional hoodlums in the Post Office Department are preparing to massacre the people of Ireland and his allies in America are persecuting the near relations of 800,000 Irishmen in the fighting forces of the republic—Faid agents of England traduce and vilify the Irish people at home and here, but Burleson and Lamar bar from the mails all refutations of the anti-Irish bigots—The foul work is done for England, not for the United States. Worst Irish racial all the arch plotter."

The inspiration for Devoy's latest blast appears to have been an article given out by the British Government explaining the plans for a new Sinn Fein uprising in Ireland in the light of the purpose of precluding the American people against Ireland," he asserts.

Devoy's paper complains bitterly against the Post Office Department and particularly against Mr. Lamar, solicitor general for the Department.

LIENOWSKY QUITS GERMANY. Devoy Who Blamed Teutons for War Now in Switzerland. ZURICH, June 6.—Prince Lienowsky, German Ambassador at London when the war was opened, publication of whose memorandum tending to show German responsibility for the conflict had caused him to be threatened with prosecution, has arrived in Switzerland. He is now in Switzerland, and is assumed that his presence in Swiss territory is with the consent of the German Government.

Despatches through Switzerland in April reported Prince Lienowsky virtually a prisoner in his chateau in Silesia. Late that month it was announced in Amsterdam despatches that the Prussian upper house had decided to grant the request of the State Attorney's office in Berlin for authorization to undertake criminal proceedings against him.

IF YOU had been in Peter Haven's place what would you have done? In the JUNE 8 issue of

Crocker MOURNING SPECIALTY HOUSE ANNOUNCES A SPECIAL SALE Thursday, Friday and Saturday Only 20% REDUCTION Unusual Stocks of Hats, Waists, Gowns, Veils and Neckwear, in Black, White and Black and White Only, also Summer Furs. We make special mention that the above includes all our new and latest designs. 375 Fifth Av., at 35th St., East.

THE ARGOSY (ISSUED WEEKLY) now on sale at all newsstands, you will learn what Peter Haven himself did when brought face to face with one of the most remarkable situations that ever confronted any man. The story—a splendid five-part serial—is called Anything But the Truth BY EDGAR FRANKLIN Author of The Captain Velet Stories, etc., and though the title would suggest a startling departure from the paths of rectitude, it really renders even more realistic the awful pass to which a doctor's pronouncement and a momentary impulse brought Peter Haven. Always loaded to the "Plimsoil mark" with fiction of the worth while sort, the June 8 issue of The Argosy comes into the home port with a complete novel that spells "suspense" from the first chapter to the last. You can't possibly stop reading Tentacles of Hate BY MADELEINE SHARPS BUCHANAN, until you have probed the baffling mystery to its very depths. And then you can turn to any one of half a dozen short stories and find cleverness and strength and a subtle gift of entertainment. For instance: An Occasional Offender BY HENRY LEVERAGE. The Old Man of the Sea BY JOHN D. SWAIN. Her Last Adventure BY CHARLES LAW WATKINS. Nothing trite about these; nothing slipshod. They're written! THE ARGOSY 10 cents per copy \$4.00 by the year
