Torpedoes and Depth Charge Used—Gallant Little Force Escapes.

Special Cable Despatch to The Sun from the London Times. Copyright, 1918; all rights reserved. Venice, June 13.—Details of the gallant night fight off the Dalmatian coast...

The exploit is being hailed throughout Italy as one of the most gallant of the war, and Commander Rizzo has become the popular hero of the hour...

Fleet Taken by Surprise. I changed my course and was soon running northward. I could make out in the dim dawn—it was about 2:30 o'clock...

I said to myself: 'You'll never get a chance to see again, and you've got to go about it at once.' I called on my men for volunteers, and every one said that he was ready to begin an attack...

A bit of description here will show the perils in which Commander Rizzo found himself and his crew in the Austrian line with a motorboat and with his torpedoes gone. He was weaponless...

Meanwhile Midehlman Aenzo's boat in the second line and his crew in the Austrian line with a motorboat and with his torpedoes gone. He was weaponless...

COMPULSORY WORK URGED BY WILSON

Nationwide Movement to Supplement Crowder's Rule Wins Approval.

NO EXCUSE FOR IDLING

All Men From 18 to 50 to Be Included Regardless of Physical Defects.

WASHINGTON, June 13.—President Wilson has approved a nationwide compulsory work movement to supplement Provost Marshal General Crowder's "work or fight" regulations. In a letter to Gov. Harrington of Maryland, made public to-night, the President endorsed application by other States of the Maryland compulsory work law under which the "work or fight" principle is made applicable to all men between the ages of 18 and 50.

Gen. Crowder also has approved the movement and believes that it not only will give greater effect to his new regulations but will further aid the country in its task of winning the war by reaching men below and above the draft ages.

Without some such law as proposed, either State or national, it was pointed out, men of draft age who cannot pass the physical requirements for active or limited military service cannot be made to engage in necessary occupations.

Letter From President. The President's letter follows: "Your letter of May 21st calls my attention to the appeal for a nationwide movement based on the principles embodied in the Maryland compulsory work law. I can say without hesitation that I am heartily in accord with any movement intended to bring every citizen to a full realization of his responsibilities as a participant in this war."

NEW YORKER DEAD FROM GERMAN GAS

Private A. J. Roth Succumbs Fifteen Days After Night Attack.

Private Alexander J. Roth, who was reported dead in yesterday's casualty list, succumbed to mustard gas poisoning sustained on the western front in night fighting May 29. He died in a base hospital May 29, but it was not until yesterday that his family knew of his death.

BRITISH BILL, \$36,710,000,000.

This includes \$2,500,000,000 in New War Budget.

IN THE PRESENT SELECTION OF SAKS SUITS FOR MEN AT \$25

there's certainly variety enough to insure satisfactory selection to any man. But variety in popular-priced suits is only part of the story at Saks.

Our models at twenty-five dollars are so distinctive in cut, and so well finished, that they hold their own with suits of a much costlier type.

BOLSHEVIKI SENDS AMBASSADOR TO U. S.

Lansing Hears of Attempt to Gain Recognition.

WASHINGTON, June 13.—Secretary Lansing has been informed through diplomatic channels of the report that M. Borovskoy-Odovsky, the Bolshevik Minister to Sweden, has been named Ambassador to the United States. The efforts of the Bolshevik Government to have its Ambassador accredited to Washington obviously imply an attempt to gain recognition by the United States Government, and it may therefore be assumed that this problem will shortly have to be taken up by President Wilson and Mr. Lansing.

From all outward signs it would appear that the United States Government would be glad to receive the Ambassador from Russia. Mr. Lansing emphasized this the other day. Presumably the idea of the Bolsheviks would be to replace Mr. Baklanoff by Mr. Borovskoy-Odovsky. Mr. Baklanoff has never been a believer in the doctrine of the present Bolshevik regime.

PERSHING TO GET ALL STEEL IN U. S.

Questionnaires relating to the purpose to which coal will be put by each consumer were prepared by Dr. Garfield and are being distributed to more than 500 tons of coal in a year. Dealers will be required to make special reports to State Fuel Administrators relative to the use of coal.

MARYLAND LAW A MODEL

The suggestion for adopting the Maryland law as a model in the enforcement of the selective service regulations was made by the National Committee on War Industry and Commerce in a study of six months' enforcement of the Maryland statute. The war industry and waste reclamation section of the War Industries Board has approved the program and the Council of National Defense and the national Council of Labor have set up an indispensable to the nation's full productive efficiency.

NAVY SEEKS CIVILIAN CREW.

Hospital Ship Comfort's Departure Delayed to Get One.

WASHINGTON, June 13.—The Navy Department has fallen so far in its efforts to get an all-civilian crew for the hospital ship Comfort, which it is planned to send abroad without convoy and unarmed as a test to see whether the Germans respect her status.

SENATORS DEFEAT CLOTURE PROPOSAL

Underwood Measure, Favored by Wilson, Loses by Vote of 41 to 34.

WASHINGTON, June 13.—The Senate defeated the measure introduced by Senator Underwood (Ala.) to adopt a rule limiting debate as a war measure. By a vote of 41 to 34 the Senate decided that even in the modified form which the Underwood resolution was presented to-day it would have none of its effect.

DEATH OF AVIATOR KEPT FROM MOTHER

Percy H. Long of Locust Valley Killed at Kelly Field.

LOCUST VALLEY, L. I., June 13.—News of the death of his son, Percy H. Long, a flying cadet, in an airplane accident at Kelly Field, San Antonio, Tex., to-day, was received to-night by Edward H. Long, superintendent of the William J. Tully estate here. The cadet was flying four miles from the field when he encountered a strong gust of wind and lost control of his machine.

A few hours before he was notified of his son's death Mr. Long received a letter from the boy in which he stated that the only complaint he had to offer about the aviation service was that there was a scarcity of machines and therefore a lack of opportunity to do all the flying he wished.

Long was born in Brooklyn in 1883. He was a member of Troop C, First Cavalry, Brooklyn, until last December, when he was transferred to the Aviation Corps. He was a member of the Crescent Athletic Club, Brooklyn.

CREEL AMENABLE, TO GET \$2,000,000

Much Criticized Official Smooths Over Difficulties With Congress.

WASHINGTON, June 13.—Explaining every detail of the work of the Committee on Public Information, George Creel, chairman, finished his statement before the sundry civil subcommittee of the House Appropriations Committee to-day and the committee is expected to recommend substantially the \$2,038,000 appropriation asked for the support of the publicity bureau for the next year.

The hearing was behind closed doors. The understanding that Mr. Creel's bureau shall make detailed reports to Congress of its activities and expenditures, just as any other Government agency. From this time on, in other words, Congress assumes a supervisory control over public information, and the association of the information committee with the President's contingent war fund will cease.

The House committee made it plain that in no circumstances will the pamphlets and the news stories and films issued by the Committee on Public Information to have a partisan tinge.
