

Roamer Finds Lead Track Too Great a Handicap to Overcome in the Edgemere and Finishes a Poor Third

GEORGE SMITH WINS; ROAMER ONLY THIRD

War Cloud Beats Champion for Place in Edgemere Handicap at Aqueduct.

DEAD TRACK ONE REASON

H. L. Pratt's Trumpeter Wins Queensboro Steeplechase, Other Main Event.

George Smith, the fast but ill-tempered horse belonging to John Sanford, which won the Kentucky Derby in 1914, ran one of the best races of his career yesterday afternoon at the Aqueduct track.

Under the guidance of Jockey Lyke, he displayed no signs of ill temper and won the Edgemere Handicap from one of the best saddle horses in the country which have faced a starter since the Saratoga meeting. Among those he left behind him were Andrew Miller's champion Roamer, J. C. Macomber's War Cloud and the Blue Bird, which was runner-up in the one mile and a furlong race.

War Cloud, which Johnny Loftus lifted home in second place, a head in front of Roamer.

The defeat of Roamer was a sad surprise to the big crowd of racegoers who turned out to see the champion in action. The last week he had several races in the first place, and the track was "dead" from the recent rains, and this mitigated against his chances. Second, it was his race since the Saratoga meeting, and his record at Saratoga six weeks ago, and third, Jockey Robinson, instead of Schuttiger, rode him. Besides, he attempted to give away big lumps of weight to all his opponents except War Cloud.

Ran a Good Race for All That.

Despite these handicaps the veteran champion ran a mighty good race, and when he returned to the scales he was greeted with as much applause as that showered on the victor.

At the event seven horses were named to start, but Mr. Miller withdrew Ticket and Mr. Macomber scratched Motor Cop. With them out, the five horses left to the post furnished one of the most open races of the year.

George Smith had been worked phenomenally well for the race and the "bit" that he would win was heralded broadcast. With a speed of 1:56.4 he was better than ever in his life came discouraging announcements from the stable of the other contestants. Roamer, who had done well in his trials, but A. J. Goldborough advised Mr. Miller and all his friends not to wager on him.

The track does not suit him, he told every one who asked the question, and he needs a race to put him at his top form. He is still the champion and as good, speedy and sound as ever, but he is getting old and will not stand the heat, and it is necessary to race him into his best condition.

Odds Go Up to 16 to 5.

That statement made his odds rise from 3 to 1 to 16 to 5. Walter Jennings, trainer for Mr. Macomber, also was dissatisfied with the condition of the track.

"War Cloud is at his best now," he told his friends, "but he prefers a fast track and might not show to advantage today."

John Whalen believed Spurr had a good chance, but like the other trainers, feared the dead track even though his horse was a new arrival. Daddy Choice was in the race with only 95 pounds and had a host of friends, but J. J. Flanagan said his horse would run away from the track on a sloppy one. Preston Birch heard of a stumpy one from the other stables and was elated.

"My horse will run well over any other track," he said and I think he will win.

Mrs. Cassidy made a perfect start without an instant's delay. As the barrier went up the lightly weighted Daddy Choice went to the front and forcing quickly opened up a gap of half a length on his field. But before an eighth of a mile had been covered Roamer was in the lead. He was a mile and a half in the sticky going near the end of the race, but he had instructions to keep his charge away from the front and settled about two lengths in the heavy going throughout the race Robinson decided to take his charge to the front and swing over to the middle of the track.

Forced to Stay Paecemaker.

Roamer had sufficient speed to take command, but he was forced to stay in front of Daddy's choice, with the result that he was compelled to remain the pace-maker. Rounding the bend, he opened up a gap of three lengths on his field, but when he entered the home stretch his margin had been cut down to a few feet. Spurr and War Cloud were closing rapidly, while George Smith, under patient ride by Lyke, was gradually moving up from last place.

At the final furling pole was reached Roamer remained in the lead, but George Smith, which was full of running, made his challenge. As soon as Lyke gave him his head Mr. Sanford's horse bounded to the front and settled all about as to the winner. George Smith gained ground with every bound and a sixth of a mile from home was within a few feet of the front. He "walk" home and earn the major portion of the purse. As he galloped past the judges the victor, Roamer and War Cloud came speeding toward the finish line. Roamer set the pace during the best part of the race, but Johnny Loftus was in War Cloud and the noted jockey managed to make his charge nod his head home ahead of the other horses. With the poor condition of the track George Smith sped the distance in the last time of 1:50.4.

The Queensboro Steeplechase at two and a half miles was the other stake event of the card. It went to Herbert Pratt's Trumpeter, with W. R. Coe's second and Mrs. E. J. von Stade's Traditioner third. Trumpeter, a noted premier honors because of a great ride by Vincent Powers. The veteran jockey Trumpeter set the pace during the best part of the race and although he had a lead of a mile and a half he was running much faster, but Powers's vigorous finish enabled Trumpeter to remain in front until he was pressed the judges the victor by a neck.

Mr. Pratt saw the contest and was as enthusiastic as a schoolboy when his horse flashed home in front. He witnessed the contest from the roof of the "towers" stand in the infield and "rooted" his horse home from beginning to end. At the finish he danced a little jig in his enthusiasm. Later he told W. H. Henry and James H. Finney, his trainers, that it was one of the best days' sport he had enjoyed since the war began.

Horses to Race for New Liberty Bonds

RACING is going to do another "bit" toward winning the war. It has subscribed to the Red Cross and all other patriotic funds liberally since we began to battle the Hun, and now it is going to buy Liberty bonds. Beginning to-morrow, when the sport shifts to the Jamaica track, one purse every day will be paid in bonds. Walter C. Edwards, secretary of the Metropolitan Association, made this announcement at an Aqueduct track yesterday, and it met with the enthusiastic approval of all the owners and trainers.

Besides the racers who visit the track will get every opportunity to buy them. Every provision has been made for their sale at the course, and the committee in charge is confident it will roll up a record sum.
