ARMY ALL HOME BY SEPTEMBER

Speeding Up Confirms Wilson's Plan to Evacuate Germany on Signing Treaty.

TROOPS MOVE SWIFTLY

Demobilization Machinery Is Perfect—Indicates Wet Period Before Winter.

WASHINGTON, May 2.—Determination of President Wilson, indicated in press advices from Paris, that no American troops shall continue on German soil for a longer period after the signing of the peace treaty than may be necessary to embark them for home, is borne out by present plans of the War Department, which contemplate the return of the entire American Expeditionary Forces by September.

Unfounded Scare in Georgia.

It was reported from Washington last night that the postmaster at Americus, Ga., had intercepted a parcel similar in appearance to the 25 parcels which were intercepted and which also bore the telltale label "Gimbel Brothers," but the post office inspectors subsequently learned that the parcel was a perfect innocent affair which contained merely a child's watch returned to Frank P. Gimbel of Americus by Gimbel Brothers, to whom it had been sent a few days ago.

Work in Camps Is Expedited.

Officers recently returned from France say that the "two bottle necks" through which practically the entire movement must pass—the embarkation camp at Hoboken, are now operating at a remarkable speed. The system is said to be so precise that a unit or even an individual man who starts from his quarters with the system's stride has a difficult time and probably never succeeds in catching up with the main flow.

Wiring Treaty Delays All Cables to Europe

THE cable situation was summarized last night by the Western Union company, substantially as follows: Delay to England, about 12 hours; to France, 20 hours; to Italy and Switzerland, 64 hours; to the Far East via Atlantic or Pacific lines, seven days; Central and South America and the West Indies, normal. The delay is attributed to congestion and the overload of the lines caused by the transmission of the peace treaty, which is being cabled from Paris to Washington. For this purpose the Government has commandeered several of the cables to Europe, consequently decreasing the number of lines normally open to regular traffic.

Tomorrow, another of the dates tentatively suggested as the day for delivery, is out of the question now. It is expected confidently that the treaty will be signed and peace declared before June 1 instead of May 25, one of the dates previously set.

WASHINGTON, May 2.—The following telegram from President Wilson was made public at the White House today: "The labor programme which the conference of peace has adopted as a part of the treaty of peace constitutes one of the most important achievements of the new day in which the interests of labor are to be systematically and intelligently safeguarded and promoted."

PARIS, May 2.—It now appears that Japan is under no written agreement with the Allies to return Shantung to China. This fact further emphasizes the extent of the Japanese diplomatic victory and has produced additional amazement here.

Even though the Japanese delegates mean a speedy return of the territory it is admitted they have a strong impulsive party in Japan whose policy is quite different. The Japanese say they made explanations in the conference but no concessions. They praise Wilson for having recognized their good faith.

By The Associated Press.

PARIS, May 2.—The Chinese delegation to the Peace Conference issued a statement this afternoon which regarded the decision of the Council of Three concerning Kiaochow. The statement explains that the decision of the conference virtually substitutes Japan for Germany in Shantung and adds to the Japanese railway rights in Southern Manchuria. The decision, the statement says, gives Japan practical control of Northern China.

The fourth chapter deals with the military, naval and aerial clauses and the fifth takes up the disposition of the German colonies. It is said.

Other chapters are not as yet set together.

PART FOR REPARATIONS

Will Aid European Reconstruction Only on America's Own Terms.

By Special Cable Despatch to The Sun.

PARIS, May 2.—America has served final notice on Europe that she will refuse to provide money for European reconstruction upon Europe's terms. The American financial commissioners have informed the Allies that America stands ready to do what she can to rehabilitate Europe financially, but that it must be done in her own way and on what Americans regard as a sound basis. Nor will American money be lent to Europe in unlimited quantities.

Had Expected Preemptory Demand for Credentials.

By The Associated Press.

VERSAILLES, May 2.—The German delegates to the Peace Conference expressed themselves today as well satisfied that the first meeting yesterday with representatives of the allied and associated Powers took the form of a mutual exchange of credentials rather than a one-sided demand for the production of the German papers for purposes of identification. They take this as an indication that the negotiations are to be conducted on a basis of equality.
