

MEXICAN INCIDENT DECLARED TRIVIAL

Report to Daniels Shows Tampico Affair Was Simple Robbery. CONGRESS NOT SATISFIED Feeling Persists That Carranza Should Be Called to Account.

Special Despatch to The Sun. WASHINGTON, July 21.—Detailed official reports received by the Navy Department on the robbery of American bluejackets near Tampico indicate that the incident is less serious than supposed and has little international significance.

It was apparently not a question of Carranzista bands holding up the American sailors and refusing to recognize the protection of the Stars and Stripes flying from the U. S. S. Cheyenne's launch, but merely a case of robbery.

Commander Earl Peck Finney, U. S. N., commanding the U. S. S. Topeka in Mexican waters, has sent the following report to Secretary Daniels:

The motor sailing launch of the U. S. S. Cheyenne that was involved in the robbery by Mexicans on July 4 contained a party of thirteen men, all of whom were unarmed. Three Mexicans constituted the bandit party.

At the present time these attempts have been entirely fruitless, for none of them has been either identified or captured. I am personally well acquainted with the Mexican commander and I believe him to be acting in good faith.

No Concern Felt. Officials here regard this incident as a matter which need give particular concern so far as affecting the relations between the two Governments as such. It is believed that the incident will now be made whereby American sailors in these waters or on shore leave will be granted some means of defending themselves from lawless attacks.

There was an evident relaxation of tension in official circles when it became known that the incident was as serious as first indicated in official reports. It is admitted that if no attempt had been made to hold back the news, and if prompt measures had been taken to get details of the first report following the leak of the first report would have been avoided.

The fact that this case proves to be merely a minor matter does not alter the general unsatisfactory status of relations between the United States and the Mexican Government, for the long list of American citizens victimized by the murder of John W. Correll and the maltreatment of his wife has stirred Congress, and it is expected that investigation of the administration's Mexican policy is now going to increase public indignation here.

Latin American diplomats are understood to have advised their governments that a distinct service could be rendered to Carranza by giving him a friendly hint to change his tactics before American opinion demands a drastic measure against him.

Some of Carranza's own advisers are understood to have advised that he cannot now adopt an anti-American policy without great risk to himself, and that he must furnish protection for Americans and make peace treaties for the outrages already committed.

Oil Station Robbed. A despatch to the State Department today from Tampico stated that bandits had robbed the Atlantic Refining Company's oil loading station at Puerto Lobos, near Tampico, of about \$10,000 last Wednesday. The funds were intended for the company's payroll.

The Senate Foreign Relations Committee today voted a favorable report on the resolution of Senator King (Utah) asking the Department of State to furnish the Senate with information as to what measures the Administration has taken to adjust the claims against the Government of Mexico arising out of the murders of American citizens and the destruction of American property in Carranza's domain.

TEXAS ASKS LIBERTY TO FIGHT GUERRILLAS

State Wants Same Rights It Enjoyed as Republic. AUSTIN, Tex., July 21.—Without debate the Texas Senate adopted today a concurrent resolution calling the attention of the President and Congress to the "guerrilla warfare that has prevailed along the Texas-Mexican border since 1876."

The resolution recites border incidents since 1876, which have been "intensified during the last nine years," during which several citizens of Texas have been murdered, their property stolen or destroyed and the people of this State made to suffer the outrages of guerrilla warfare.

FALL'S STATEMENT DENIED. Gen. Erwin Insists His Men Did Not Kill Federal. EL PASO, Tex., July 21.—When shown the Associated Press despatch from Washington quoting Senator Fall (N. M.) as saying that "within the last several months upon either seven or eight occasions troops of the Seventh Cavalry pursued Mexicans over the border and upon six or seven occasions returned with stolen property, Brig-Gen. James B. Erwin, commanding the El Paso district, reiterated his statement that he had never heard of any such Mexicans in Carranza uniforms having been found.

He referred to the Fall statement to Col. R. H. Tompkins, commander of the Seventh Cavalry, who made this statement: "I have troops stationed at Yaleta, Fabosa and Fort Hancock on the border patrol and they have been stationed there for about five months. During that time I have had no reports of my troops crossing to Mexico or having killed any Carranza soldiers or officers."

It is possible that Senator Fall has confused the El Paso district with the El Paso district in making this statement. Gen. Erwin said: "That district is commanded by Col. George T. Langhorne, and is patrolled by the eighth Cavalry. I do not get reports from that district."

FRANCE'S BILL \$40,000,000,000. Treaty Examiners Hear Report on Reparations. PARIS, July 21.—The Parliamentary Commission of Peace, sitting under the presidency of M. Clemenceau, today was named by the Chamber of Deputies to examine into the peace treaty with Germany, today referred to a report by Deputy Louis Dubois on the clauses of the treaty relating to reparations demanded of Germany.

NEW PREMIER PRO-ENTENTE. Toca Expected to Favor Allies in New Spanish Policy. PARIS, July 21.—In commenting upon the formation of the new Spanish Cabinet the Paris newspapers are a unit in their approval of the new Premier, the Marquis de Lema, the new Foreign Minister, are old and sincere friends of the Entente.

OSLER SEES LIBERTY WANE IN DRY LAWS. Cloistered Virtues Not Worth Having, He Repeats. Special Cable Despatch to The Sun from the London Times Service.

LONDON, July 21.—Sir William Osler in an interview today said: "Conditions differ on the two sides of the Atlantic. A large majority of the people of the United States and Canada have learned that the work of life is as well or better done without the use of alcohol in any form. Taken in moderation, alcohol is among the indifferent things with tea, coffee and tobacco.

Mr. Fall also directed the Senate's attention to statements denying certain of his own charges made by Brig-Gen. Erwin in a despatch to Secretary Daniels at El Paso. On this point Senator Fall said: "If an investigation does not prove the truth of what I have said, somebody must be court-martialed, and I want to say further if such an investigation is carried out any investigation whatsoever I should like them to investigate the action of Gen. Erwin himself in going across the river to Juarez a few days ago."

PREMIER SAYS TRY KAISER IN LONDON

Lloyd George, Answering Critics in Commons, Asks Which Neutral Wants Job. SPEECH HITS AT IRELAND Peace Treaty Passes Third Reading Unanimously After Debate.

LONDON, July 21.—Premier Lloyd George replied to his critics during the debate today, when the House of Commons passed the German Peace Treaty unanimously on third reading. The Anglo-French Convention was also debated.

Recent announcement by the Premier that the former German Emperor would be tried before a tribunal in London had created much discussion, and several members, including Lord Robert Cecil, expressed doubts as to the advisability of the trial being held in London.

WARNS GOVERNMENT ON IRELAND. Sir Samuel Hoare, Unionist for Chelsea, warned the Government that some of the Unionists considered the settlement of the Irish difficulty just as urgent as the Irish members.

He said that he could not see how the Allies could recover an indemnity unless they traded with her. He said he regretted that the peace terms should in themselves prevent Germany from giving immediate reparations and making speedy payment of part of the indemnity.

RECEPTION GRATIFIES PREMIER. Premier Lloyd George expressed gratification at the course the debate had taken and the spirit in which the treaty had been received. He believed this reflected the spirit of the great public outside.
