La-may Face Powder

Is Harmless to the Most Delicate Skin

We again remind you that you can now use a face powder that positively will not cause enlarged pores, blackheads and irritations. In fact, while it is considered the best face powder, it is also a remedy for complexion troubles. It is guaranteed pure and really harmless to the most delicate baby skin. It beautifies the complexion wonderfully because it helps to clear and lighten the skin and protect the complexion from blemishes. This new kind of face powder is made largely of an ingredient that skin specialists use in the treatment of the complexion. And, it really stays on better than any other face powder. Of course, after saying this, every one will know we are speaking of the famous La-may powder (French Poudre L'Amé). This is the powder that does not contain starchy rice powder or dangerous white lead to make it adhere. White lead is a deadly poison and rice powder turns into a sticky paste that encourages enlarged pores, blackheads and rice powder irritations. Because La-may is so pure and because it stays on so well it is now used by over a million American women. The large size is only fifty cents. Most dealers also carry the small trial size. Be sure to try La-may. You will really never know a perfect face powder until you use it. You will be sorry if you take a substitute. When you use this improved powder and see how beautifully it improves your complexion, you will understand why La-may so quickly became the most popular beauty-powder sold in America.

Graceful and Charming?

Yes, since the introduction of X-Bazin—most refined women enjoy perfect grooming and freedom from self-consciousness. No longer are they embarrassed by ugly hair growths. Modesty demands that superfluous hair be removed in the safe, painless way.

The Famous French Depilatory Powder X-BAZIN

For Removing Hair
Made the Sleeveless Gown Possible
Requires but five minutes. Leaves skin soft and smooth—will not stimulate later growth. Guaranteed Hairless.
