LAWYERS VOTE FOR RESEATING OF SOCIALISTS

Hughes Resolution on Albany Lawmakers Favored by Bar Association.

RESULT IS 174 TO 117

Battle Is Long and Warm, With William D. Guthrie Leading Opposition.

MANY HEAR ARGUMENTS

Organization Feared Being Charged With Favoring Accused Men's Party.

After one of the bitterest debates that the Bar Association ever had experienced the resolution proposed by Charles E. Hughes, directing that a committee be appointed to go to Albany and ask reinstatement of the suspended Socialist Assemblymen, was adopted early this morning.

In voting in favor of the resolution many of the members of the association made it plain that they did not want to be regarded as "giving aid and comfort to the Socialists."

The committee was promptly appointed, the lawyers named to act upon it being Mr. Hughes, Morgan J. O'Brien, Louis Marshall, Joseph Proskauer and Ogden L. Mills.

Hot Argument Before Vote.

The argument that preceded the adoption of the resolution was long and heated. Much of the opposition was based upon the fear that the vote might be construed as favorable to the Socialist party, and the members generally did not want to give any one the opportunity to place such construction upon it.

For a long time it looked as if the debate would last through the night because of the strenuous opposition of William D. Guthrie to the resolution and the strong support that he received from other members. Mr. Guthrie argued that the legislators had a constitutional right to bar the five members, and that it was improper for outsiders to interfere.

After the argument had lasted for several hours, Justice Ingraham introduced his motion again and the vote showed that 174 were opposed to tabling it, while 117 were favorable to such a course. The final vote was not taken until 12:45 o'clock.

Noted Men Hear Debate.

Throughout all of the oral battle many of the most prominent members of the bar of New York county listened in intense interest, the audience including George W. Wickersham and Archibald H. Stevenson and Samuel A. Berger, the last two associate legal advisers of the United States government.

John G. Milburn presided and the attendance was about 400, although the meetings of the Bar Association ordinarily draw about 150. The resolutions of the resolution included Charles S. Whitman, Judge Charles M. Howard, Henry De Forest Baldwin, Hugh Mansfield, Philip G. Bartlett, Herman Stone, Thomas D. Thatcher, Judge Van Vechten, Yeecher, Herbert Parsons, Henry L. Stimson, Bronson Winthrop, Charles H. Strong and Green-ville Clark.

Hillquit Announces Associates.

Morris Hillquit, chief counsel for the suspended Assemblymen, announced yesterday that associated with him will be S. John Block, Gilbert E. Roe, Walter Nelles and William Karlin. Those men are to represent the Socialist Assemblymen as such, Mr. Hillquit explained, but at the same time the aid and cooperation of other individuals and organizations will be welcomed.

Charles Solomon, suspended Assemblyman from Brownville, said there is a disposition among the Socialist party leaders to have the constitutional aspects of the case handled by other than Socialist attorneys. Mr. Hillquit advised that the plans in that respect might be affected by the action of the Bar Association upon the resolution of Charles E. Hughes and others.

Mr. Hillquit made it clear that the Socialist party is determined to make a fight to the finish, regardless of cost or effort. "It is the advice of counsel," he said, "that this case is not one in which the party should be defeated."

DR. GRANT FACES NEW CHARGES BY THREE RECTORS

Marrying Guilty Divorced Person One Violation of Canon Law Alleged.

BISHOP GOES SLOWLY

Dr. Burch Expects to Get Vestry's Report Soon and Will Act Then.

EXONERATION FORESEEN

Dr. Carstensen Going Ahead Regardless of Action on Anarchist Sympathy.

Regardless of what construction the vestrymen of the Church of the Ascension, or even Bishop Charles Sumner Burch, may place on the recent radical utterances of the Rev. Dr. Percy Stikney Grant, an attempt soon will be made to put the clergyman on trial in an ecclesiastical court.

The Rev. Dr. C. A. Carstensen, rector of Holy Rood Protestant Episcopal Church, who recently expressed his opinions of Dr. Grant in forcible manner from his pulpit, made announcement last night that two clergymen have definitely decided upon a set of charges that they intend to present to Bishop Burch.

Such an action by three presbyters would, under the rules of the church, constitute a form of indictment, and the Bishop would be obliged to take cognizance of them.

The charges which the clergymen contemplate making against Dr. Grant, according to Dr. Carstensen, are based upon violation of the canons, and are apart from his remarks about anarchists over which the vestry is at present greatly concerned.

Some Charges Concern Ritual.

"Two of the charges," he stated, "will be incontrovertible. They will be to the effect that Dr. Grant has celebrated the communion improperly, and that he has permitted laymen to speak at religious services in the churchroom without the consent of the Bishop. The third charge will be that on at least one occasion he has performed a marriage ceremony in which one of the parties had been previously adjudged guilty in a divorce suit."

Dr. Carstensen said that he had no personal knowledge regarding this third allegation, but that he had heard it from responsible sources, and it would surely be included in the indictment.

These charges, Bishop Burch said last night: "There is a question as to whether or not the forum discussions in the Church of the Ascension violate the canons. The charges forbid the clergymen to permit any laymen to speak at a religious service without the consent of the Bishop, but there is a question as to whether or not the Sunday school classes, the church choir, or religious services in the strict sense of the word, it is also quite true that the practice of permitting laymen to speak in church is quite common and that I do not doubt if it is carried quite so far outside of the Church of the Ascension."

The Bishop explained that upon receipt of such charges as Dr. Carstensen's, he would be obliged to give thorough and careful attention.

Trial Would Be Extreme Action.

Bishop Burch remarked that it had been a great man since the New York diocese had any such thing as an ecclesiastical trial, and that it was the general policy of the church to settle its affairs if possible without resorting to such measures.

He said he regarded the accusations arising out of Dr. Grant's recent utterances as being of primary importance, and that he expected to have a report from the vestry of the Church of the Ascension within the next day or two. The attitude of the vestrymen of the Church of the Ascension on Dr. Grant's case seemed to be unchanged yesterday.

The head and shoulders of Maurice Maeterlinck appeared before a most fashionable audience in the ballroom of the Ritz-Carlton yesterday and held forth in French regarding the German occupation of Belgium.

Panic occurred among the theatre crowds at Broadway and Forty-second street, just before last midnight and several men and women were injured when Abraham Colt, elevator operator of Newark, ran amuck with a knife, stabbing at every one who tried to stop him.

He was put in a cell in the West Thirtieth street station. A charge of felonious assault was made against him. The police said they believed him to be mentally unbalanced.

The movement started December 13, when the American Federation of Labor adopted a resolution to bring together organizations interested in obtaining early ratification.

Delegates of these organizations met this forenoon. Bishop William F. MacFarland MacDowell, representing the Federation of Churches of Christ in America, and Mrs. J. Borden Harriman were delegated to present at the White House the statement formulated by the gathering.

At the conclusion of the committee statement Senator Lodge said: "Mr. Chairman, Ladies and Gentlemen: It has been a great pleasure to me to hear all you have had to say. No one recognizes more fully than I do the character of the associations represented here to-day and the great number of good people and good Americans whom they represent."

Prospects for Agreement Suitable to President, Says Democratic Leader.

WASHINGTON, Jan. 13.—To a gathering of people representing twenty-six national organizations demanding ratification of the German peace treaty Senator Lodge (Mass.), Republican leader in the Senate, made a statement to-day of the outlook for action.

The various organizations have insisted on early ratification of the treaty, with reservations. They presented their manifesto at the White House and also to Senator Hitchcock (Neb.), Democratic leader, with explanation that they favor ratification as a measure necessary to the early stabilization of world conditions.

The organizations, whose delegates said they represent 20,000,000 people, include the American Federation of Labor, the League to Enforce Peace, the National Educational Association, the National Dairywomen's Union, the National Council of Churches of Christ in America and many others.

Senator Lodge received the delegation in the office of the Foreign Relations Committee. Their statement represented that peace is declared by the United States is not a party to it and added:

We urge immediate ratification of the treaty with such reservations as may secure with such reservations a more secure peace. We must now sell these assets for whatever they will bring, in order to make good our pledge.

At the conclusion of the committee statement Senator Lodge said: "Mr. Chairman, Ladies and Gentlemen: It has been a great pleasure to me to hear all you have had to say. No one recognizes more fully than I do the character of the associations represented here to-day and the great number of good people and good Americans whom they represent."
