ABSOLUTELY PURE

## THE COLUMBIAN.

Entered at the Post Office at Bloomsburg, Pa., as second class matter, March 31, 1888.

BLOOMSBURG, PA.

FRIDAY, APRIL 10, 1891.

APRIL 11 1891.

REMEMBER THE DATE!

We the undersigned committee take this method to inform the public that they will hold a Bean Soup and Oyster supper in A. J. Evans' Hall on Saturday evening April 11, 1891 in honor of their first anniversary, also of the 25th anniversary of General Lee's unconditional surrender to General U. S. Grant. Proceeds to go to the funds of C. B. Brockway Camp 270 Sons of Veterans, U. S. A.

Respectfully Yours,

T. C. Fisher.  
Jacob Stiner.  
F. B. Dawson.  
Jordan Williams.  
Arthur Fisher.  
Committee.

E. Jacobs & Son expect to open their new bakery in the Kinney building next Tuesday.

William Patterson died at Benton last week Wednesday, aged 50 years, and was buried on Saturday. He operated the Chapin mill for the past thirteen years. A sister survives him.

The regular meeting of W. C. T. U. will be held in the Y. M. C. A. room April 14, at three o'clock.

Representative Baker thinks his ballot reform bill will pass the house, but he doesn't venture a prediction as to its fate after it shall have gone over to the senate. Mr. Baker says there is no truth in the report that the republican steering committee wants the measure defeated, but his statement doesn't harmonize with the views of Representative Lytle, of Huntingdon. Mr. Lytle, who is a member of the steering committee, declared that he has become disgusted with the ballot reform question since the recent mock election held under the system in one of the ante-rooms of the house, and he doesn't know whether or not he will vote for Baker's bill on its final passage. He says there is a great deal more secrecy in the present method by which a farmer, for instance, can make up his ticket in his home aided by the advice of his wife, or on the stump of a tree on his way to the polls. Mr. Lytle's change of attitude will create a good deal of surprise after it shall have become known, as he seemed to be hearty for the measure but a short time ago.

There is a very general demand for ballot reform all over the state, and if the present legislature fails to pass some measure looking in that direction the Republican party must accept the responsibility.

### Claims Against Italy.

Secretary Blaine, through Governor Pattison, last Friday addressed a long communication to District Attorney Darte requesting him to furnish the State Department at Washington with all the particulars of the tragedy in which Paymaster McClure and his assistant, Flanagan, were murdered by "Red Nose Mike" and his companions, Giuseppe Bevinno and Vincenzo Villala.

Mike made at the time of his trial a full confession, implicating Bevinno and Villala in the murder. This confession together with all the other testimony in the case, was forwarded to Italy and was supposed to be used in the trial of the escaped murderers. There is every reason to believe, however, that this trial never took place and the Italian Government has failed to bring the criminals to justice.

District Attorney Darte of Luzerne County, on Saturday said that the United States had a far better case against Italy than Italy had against the United States, and if the question is properly considered it would go against the Europeans.—Times.

### Not In The Second Hand Business.

As Sheridan was entering court one day carrying his books and briefs in a green bag, according to the custom of the time, some of his brother barristers, thinking to play a joke on him, urged some boys to ask him if he had old clothes for sale in his green bag. "Oh no!" instantly replied Sheridan, "they are all new suits."—San Francisco Argonaut.

### OLIVER WENDELL HOLMES.

When asked if all diseases were curable if treated early, said "Yes, but some diseases began two hundred years ago." Precisely—no one knows when scrofula and specific diseases began. We only know that we inherit skin diseases, king's evil, rheumatism, boils, abscesses, white swellings, &c., and the medical world is just learning that Cactus Blood Cure is the one only infallible vegetable neutralizer of these blood taints.

Sold by G. A. McKelvy, druggist, Bloomsburg, Pa.

## POULTRY NOTES.

No. 11.

Grain of any kind that is musty or filthy should not be fed, as it is unhealthy.

In building that new hen house put the windows on the south side and near the floor.

Also if possible make the out yards face the south.

Watch your male birds, if they show any signs of weakness they are unfit for breeders.

The Boss of the roost is the one to breed from, all else being equal.

This time of the year the doors and windows should be opened often to admit fresh air and sunshine.

Dry earth and sifted coal ashes are nowhere of greater service than on the floor of the duck house, a sprinkle of earth or ashes, covered with a layer of straw will make things sweet and comfortable.—Farm Journal.

W. B. CERMAN.

### A Valuable Find.

SHENANDOAH, Pa., April 5.—Upon the real estate interest of the Haupt family at Frackville, three miles from this city, a discovery has been made that will revolutionize the value of property there. For some time a large tract on this valuable estate has been the subject of much speculation, owing to the peculiar grayish color of the soil. The thought suggested itself that it might be pottery clay, owing to its oily appearance and susceptibility of being worked with very little exertion into a condition of plasticity equal to that of ordinary glaziers' putty. A specimen was sent to the Moorehead clay works, of Philadelphia, to have the green, unprepared clay subjected to a fire test. It was found to take the glaze on the first heat. It was first put in the "busquit" and then "slipped", or glazed, which is said to be a very severe test for green clay. The result has exceeded the most sanguine hopes of the fortunate possessors, microscopic investigation revealing no "crase," or "crack," in the enamel or glaze. This test demonstrates that it is the first American clay that has been discovered that can compete with the famous Kilmarnock factories of Scotland. Scottish brick has now a monopoly of the American market at \$2 per 1,000.
