### COUNCIL MEETING

Adjourned After Roll Call Out of Respect to the late Charles W. Runyon.

C. W. Funston's new car arrived from Chicopee Falls, Massachusetts, on Monday. It is a six cylinder, forty horse-power Stevens-Duryea, and is a very handsome machine.

The members of the Retail Liquor Dealers Association of Philadelphia have unanimously agreed to close their saloons whenever any disturbance incident to the strike occurs in their vicinity.

#### ALLEN'S LUNG BALSAM

has been used successfully for years for deep-seated coughs, colds and bronchitis. Everybody should know about it. It is simple, safe and sure.

Philadelphia isn't the only place that is being troubled with riots, if that is any consolation to the inhabitants of the city of Brotherly Love. Berlin has been having its hands full with Socialistic disorders prevailing.

Philander C. Knox, Jr., the son of the Senator, who was until Monday a student in a school at Providence, R. I., stirred up a row by suddenly marrying a clerk in a department store, and being asked to leave the school. He and his wife then left for Washington.

#### This is An Easy Test.

Shake Allen's Foot-Ease in one shoe and not in the other, and notice the difference. Just the thing to use when rubbers or overshoes become necessary, and your shoes seem to pinch. Sold Everywhere, 25c. Don't accept any substitute.

A Philadelphia paper stated on Monday morning that Director of Public Safety Clay, of Philadelphia, considered the sympathy strike a joke. He seems to be able to derive more fun out of the fracas than most of that city's business men, and those who have Philadelphia's interest at heart.

#### To Mothers in This Town.

Children who are delicate, feverish and cross will get immediate relief from Mother Gray's Sweet Powders for Children. They cleanse the stomach, act on the liver, making a sickly child strong and healthy. A certain cure for worms. Sold by all druggists, 25c. Sample FREE. Address, Allen S. Olmsted, LeRoy, N.Y.

Ex-Senator Thomas C. Platt, of New York, died last Sunday. He was living in rented apartments, and had been for some time in bad health. Once the political boss of his state, and a power in the Senate, it was he that persuaded Roosevelt to accept the Vice-Presidency, in order to get rid of him in local politics.

#### SAFE AND SURE.

Among the medicines that are recommended and endorsed by physicians and nurses is Kemp's Balsam, the best cough cure. For many years it has been regarded by doctors as the medicine most likely to cure coughs, and it has a strong hold on the esteem of all well-informed people. When Kemp's Balsam cannot cure a cough you shall be at a loss to know what will. At druggists and dealers, 25c.

The folk wing letters are held at the Bloomsburg, Pa., post office: Miss Harriet L. Clark, Mrs. Abner Kline, Miss M. B. Belles, Mrs. Mary Long, Miss M. Helen Hain, Mr. Chas. H. Scott, Mr. Ed Klever, Mrs. Alice Welliver, Cards, Leona Brown, Warren Kitchen, Miss Gertrude Hess, Miss Susan Smith, Mr. Ernest Young.

#### Mr. Hendershott Unfortunate.

The friends of Albert Hendershott, of Washington, D. C., are sorry to learn that he was recently operated upon in a hospital in his city, and had a foot amputated. For some time he has been troubled with what he supposed was rheumatism, but it developed into diabetes of the foot, and its removal was necessary. Mr. Hendershott is the brother of the late Mrs. H. W. Sloan, and of Norman Hendershott, also deceased.

H. W. Sloan, of town, is at present in Washington visiting Mr. Hendershott.

The Town Council met Monday evening, and adjourned immediately after the call of the roll out of respect to its late member, Charles W. Runyon.

Councilman James Magee II. voiced the feelings of all the members in saying: "Bloomsburg has lost one of its best citizens and the Town Council one of its most valued members in the death of Mr. Runyon. No one not closely in touch with his work could realize what an immense amount of his time he gave to the town nor how faithfully he performed his duties. He is a man who will be hard to replace."

A special session of Council will be held later in the month.

#### JINGOISM.

During the past few days a number of newspapers have been flourishing headlines predicting a national catastrophe of high dimensions; in fact, a civil war, engulfing the entire country, with Labor and Capital as the opponents.

Assuredly, conditions at the present time are strained in Philadelphia, Bethlehem, and other places, but it is too radical an opinion, it seems to us, which is being expressed by some contemporaries. Furthermore, it is dangerous. While it will not influence the country as a whole, it is just such sentiments which tend to incite the more anarchistic classes.

While there is no doubt trouble ahead, we believe that the better thinkers of the country will in time solve the labor problem satisfactorily, and that such conditions as have been predicted will not come to pass. It were better to be optimistic, and refrain from sensational journalism, which, aside from selling papers, can serve no other purpose than that of encouraging violence on the part of the irresponsible and the unthinking.

#### JUDGE BROWN AT THE NORMAL.

Judge Willis Brown, author of the Utah Juvenile Court laws and founder of the system, first and former Judge of the Salt Lake City Juvenile Court, President of the National Juvenile Betterment Association, and founder and head director of the Boy City of Winona, Ind., will lecture in the Normal Auditorium to-morrow, Friday evening, March eleventh.

His juvenile laws are pronounced by the world's best students as the greatest.

Of his plans for institutions for children, the practical working out in permanent uplift of the children in those he inaugurated, tell why he is an authority.

Of his preventive methods, the marvelous success of the Winona Boy City, a summer municipality of boys, with world-wide publicity and favorable comment, proves his ability to do things.

This should prove to be one of the most entertaining numbers of the Normal Lecture Course.

#### 5,000 MEN EMPLOYED.

With every department now running to practically full capacity an average of 5,000 men are employed each day at the works of the American Car and Foundry company at Berwick. There are between 5500 and 5600 men whose names appear on the pay roll for the month of February but with allowance for those who work but a short time and those who do not work the entire time, the 5,000 represents the average number of men working each day.

### RECENT DEATHS.

#### WILLIAM H. WEBB.

William H. Webb died at his home on Centre Street last Saturday evening, as the result of a stroke of paralysis from which he had been suffering for ten days. He was seventy-two years old, being born in the County of Cornwall, England, October 5, 1838. He came to this country with his parents when ten years of age, the family first moving to Boyertown. He moved to Bloomsburg during the war and followed his occupation of ore miner. He married Miss Hannah Whitenight, a lifelong resident of Bloomsburg, in 1864, the latter preceding him to the grave two years ago.

He was struck by a fall of rock in the mines almost thirty years ago and from that time on he was unable to perform any hard labor. For years he conducted a cigar store on East Main street, retiring from the business about three years ago, since which time he has resided on Center street.

Mr. Webb was one of the charter members of the Friendsip Fire Company, of which he has been annually elected president for the last fifteen years.

He was also for years judge of election in the Third Ward and at the last election was re-elected.

Surviving him are one brother and three sisters: Thomas B., of town, who is now seriously ill at the Miners' Hospital at Fountain Springs, and Mrs. Benjamin Blewett and Miss Emma Webb, of town, and Mrs. William Hart, of Bellefonte. While no children ever blessed their union, Mrs. Ella Fox Gilbert, of Philadelphia, and Misses Margaret and Anna Fox, of Bloomsburg, who made their home with Mr. and Mrs. Webb after their mother's death, were as near to them as children and Mr. Webb's death is a great sorrow to them.

Funeral services were held Tuesday afternoon at 4 o'clock, at St. Paul's church, with Rev. J. W. Diggles, the rector, officiating.

The Friendship Fire Company attended the services in a body, in uniform.

The pall-bearers were: William H. Gilmore, A. V. Hower, L. A. Benhoff, John Lewis, F. P. Knorr, George Heist, H. C. Pollock and Harry Gilmore, all members of the fire company.

#### JOHN T. TRACY.

John T. Tracy died at his home on West Main Street last Sunday night about eleven o'clock. For several years he had been a victim of tuberculosis, for which he had undergone treatment at White Haven, and in Philadelphia, where specialists attended him.

Mr. Tracy was well known and well liked in Bloomsburg. He was straightforward and honest, and won friends both in a social way and in business.

He was forty-two years old. Starting in as a telegraph operator in Bloomsburg and Scranton, he added reportorial work for the city dailies to his activities. He was for a time joint proprietor of the Exchange Hotel with James McCloskey. He has been secretary of the town council, and book-keeper at the Silk Mill.

Two years ago, with Arthur W. Sharpless, he purchased the plant of the Bloomsburg Steam Heating Company and organized the Bloomsburg Heating Company, a business they have improved and made successful.

Surviving him is his wife, formerly Miss Margaret Casey; his mother, Mrs. Katherine Tracy and two brothers: William, of town, and James, of Henrietta, N. Y.

The funeral services were held in St. Columba's church Wednesday morning at 9 o'clock, with Rev. J. R. Murphy of whose church he was a member, officiating. Interment was made in Rosemont cemetery.

### THE DOLLAR GUN TAX.

To be Paid by Every Man Who Hunts.

A matter that the state game commissioner will lay before the next Legislature will be that of the resident gun tax—or a tax of one dollar to every man that hunts. Secretary Kalbfus, of the commission, said: "A tax of one dollar would maintain thirty game preserves such as the three now in the state, would pay a competent force of officers and would make possible a bigger bounty than ever before in Pennsylvania. It would also create a fund that would make possible the payment of farmers who would winter quail and then open their farm land to hunters who are registered. Such a tax would make a hunter's paradise of Pennsylvania and there would be ten times the amount of game in the state that there is now. The tax would place the state in a position to restock its forests with more game. Hunting is a necessity as well as a sport," continued Dr. Kalbfus. "The state owes it to the boys of Pennsylvania that there be good hunting." There must be game if the state expects them to do duty as soldiers when called upon, they must be expert shooters. I believe that boys under fourteen should not be taxed. A tax might be objected to by some of the farmers, but only by those who do not understand the working out of a tax. If there were a tax there would be a sure bounty; there would be no running out of bounty money. A farmer who pays the tax could get his dollar repaid if he killed but one weasel.

#### HOTELS CLOSED.

Rather than walk the streets all night, three Philadelphia drummers slept in the county jail at Lewisport one night last week.

The plight of the trio, Charles Buck, Jack Wylz and Lewis Ball, was due to the strike of the caravansiers because of the refusal of liquor licenses by the county court. The salesmen arrived in town on the last train. After applying at all the hotels, one after another, and walking the streets until after midnight, they applied to Sheriff S. H. Boyer, who tendered them a spare dungeon.

Owing to the hotels being closed there and at McVeytown, the agricultural party on the Pennsylvania railroad instruction train was unable to get dinner.

#### Snow Slide Harrassing Trains.

Avalanches have been causing great damage and loss of life in the North West. Almost daily despatches are received telling of narrow escapes of trains in the mountain passes. Last week one of the most appalling of railroad accidents occurred, when an avalanche carried a Great Northern express train down into a canyon, and buried it in forty feet of snow, causing the death of nearly one hundred persons.

#### Berwick Masons Celebrate Anniversary.

Knapp Lodge, F. and A. M., of Berwick celebrated its fortieth anniversary last Friday evening, in the Masonic Hall in the Dickson Building. Over forty Bloomsburg Masons chartered a special car, and went up to attend the affair. Music and refreshments were furnished. Visitors from many other places were present, and all enjoyed a pleasant evening.

#### La Grippe, Influenza.

FIRST SYMPTOMS.—Coryza, or nasal irritation or discharge, cough, sore throat; headache; backache; and general depression.

MORE SERIOUS SYMPTOMS.—Pain in head, back, chest, or limbs, sometimes of sudden and prostrating neuralgic character; sometimes cerebral excitement, even delirium, extreme prostration, languor or debility; depression of mind, even after the first violence of the attack has passed away; bronchitis, or bronchopneumonia may become serious complications.

Humphreys' Specific "Seventy-Seven" knocks out the Grip and breaks up Colds which are obstinate, that "hang on" and do not yield to treatment.

Handy to carry, fits the vest pocket. All Drug Stores, 25c.

Humphreys' Homeo. Medicine Co., Cor. William and Ann Streets, New York.

#### The State Finances.

The balance in the general fund of the state treasury on March first, was \$7,247,748.94, a higher figure than on the first day of February. The sinking fund contained \$2,450,031.76.

### HER WEIGHT INCREASED FROM 100 TO 140 POUNDS.

#### Wonderful Praise Accorded Peruna the Household Remedy

Mrs. Maria Goertz, Orianta, Oklahoma, writes: "My husband, children and myself have used your medicine, and we always keep them in the house in case of necessity. I was restored to health by this medicine, and Dr. Hartman's invaluable advice and books. People ask about me from different places, and are surprised that I can do all of my household alone, and that I was cured by the doctor of chronic catarrh. My husband was cured of asthma, my daughter of carache and catarrh of the stomach, and my son of catarrh of the throat. When I was sick I weighed 100 pounds; now I weigh 140.

"I have regained my health again, and I cannot thank you enough for your advice. May God give you a long life and bless your work."

#### Pennsylvania Memorial.

Work on the \$140,000 Pennsylvania memorial to the State troops who fought at Gettysburg, has begun in earnest. The dedication will take place on September 27.

The monument will be the most costly on the field and will be a most striking memorial. It will be located on the center of a four-acre plot which has been set aside and will be known as Pennsylvania Park. Already the monument has been fairly started and the cores of four high granite pillars supporting the arched dome have been completed for some time.

The memorial will be a double triumphal arch surmounted by a dome on which will be placed a bronze statue of "Victoria." A granite terrace will surround it and a low granite "fence", on which will be ninety-six bronze tablets will complete the handsome monument. The tablets will contain the names of 25,000 Pennsylvanians who fought there, as they appear on the muster rolls of the night before the opening of the battle.

A stairway will admit visitors to the space around the dome, which will serve as an observatory over the site of the world-famous Pickett's charge.

### AS AGENT FOR THE Pullman Motor Car Company

I present herewith cuts of five of the best selling models of the Pullman Car for 1910.

The 1909 models have more than fulfilled their guarantees in all of the many tests to which they have been subjected.

I have oversold my allotment for this year, and have secured a special option on a few cars for a limited time only.

I am fully justified in saying that the Pullman is one of the most popular medium priced cars on the market today.

I would urge prospective buyers to avoid disappointment by placing their orders as soon as possible.

I will be glad to furnish detailed illustrations of the different models.
