Chas. Logan, of Emporium, has also accepted a position as clerk at same place. He is delighted with the location. Mrs. Osborn, in a handsomely (?) type-written letter to her mother, Mrs. M. B. Judd, described the beautiful scenery of the lake region and quoted many of the Indian names—at least that is what Mrs. Judd thought, inasmuch as the names were about two inches long and she thought from the description of the lakes the scenery must be beautiful.

Switzerland of America. The beautiful mountain scenery, pure atmosphere, health-producing water as clear as crystal bubbling from mountain sides and shady nooks, make Emporium a delightful summer resort. To add to the many beautiful scenes, C. B. Howard & Company are now building an extension to the Emporium & Rich Valley R. R., from Bobby Run to Clear Creek, across the mountain. It will require five switch-backs to reach the top—a distance of five miles. This will be another picturesque route for tourists and picnic parties. We venture the assertion that this State does not afford more beautiful scenery than Cameron county hills and valleys.

R. Seger & Son have displayed a beautiful line of neck wear at their store.

Allegheny College Commencement. The Press acknowledges the receipt of an invitation from the trustees and faculty of Allegheny College, Meadville, Pa., to attend the eighty-third annual commencement exercises of that institution, to be held June 26th-30th. Beautiful Little Granere. Nestling among the hills, three miles to the west of Mt. Jewett, lies a busy little village which has sprung into existence within the past two months, says the Mt. Jewett News. About the first of April the Rich Lumber Co., formerly of Gardeau, Pa., commenced building a railroad from Mt. Jewett down into the woods to the westward and two weeks later the first houses in Granere were commenced. The work has gone on without cessation and to-day the efforts of the workers are crowned with success and the pretty town stands as a result.

In this little village of two months growth are some 45 dwelling houses, three or four business places, a large saw mill, a well equipped hotel, car house and the offices of the Rich Lumber Co., and Ford Bros., owners of the saw mill. There is also a hard wood mill in course of erection and a planing mill will be added to the plant of Ford Bros. The population of the place is nearly 300, including men, women and children.

The Rich Lumber Co., which owns the South Branch railroad and brings down the logs for cutting, formerly had a town at Gardeau, Pa., and the railroad and equipment has been brought from that place. The company is composed of the two Rich brothers. Their railroad is about six miles in length and will be extended three or four miles the present season, with additions in the future as the cut extends further into the woods. They have two engines now in use and a train with passenger coach attached, makes two trips daily to Mt. Jewett and return. Here connection is made with the various railroads, the Erie and the B. & P., however, securing most of the business. The office building of the company has just been completed and is fitted up as conveniently as any in the large cities. L. G. Wilson is superintendent of the railroad as well as of the Rich Lumber Co. The monthly pay roll of the company is from \$10,000 to \$12,000.

Buckwalter Briefs. Fred Norton spent Sunday with his parents.

A good time was had until a late hour when refreshments were served and all departed for their respective homes, well satisfied that it had been an evening well spent.

Our town was very much excited last week by seeing A. Kresge running up and down the road with a death like grip on the handiest place on his trousers. On investigation his neighbors discovered that several bees had comfortably lodged in his pistol pocket. JOE BILL.

Mrs. Winnie G. Smith, wife of the late Patrick Smith, of East Smethport, received \$2,000 last Saturday from the Protected Home Circle, the amount of insurance carried by her husband in that order. The war loan which is now being offered will be sold to subscribers at par during the period of subscription, which ends July 14, 1898. The method of subscription has been made as simple as possible. A number of Emporium people are anxious to secure some of the bonds. Our advice to all is to make your application at once because the issue is being rapidly taken.

Blank forms may be obtained at any money order postoffice and at most of the banks and express offices, and on these forms is clearly indicated all that is necessary to fill out. The subscriber may himself mail to the Treasury Department at Washington the blank form filled out, together with his remittance covering the par value of the amount of bonds for which he wishes to subscribe. That remittance may be in whatever form best suits the subscriber's convenience, bank draft, check, postoffice money order or express money order. The day the currency is received, or the day the proceeds are received from the checks, drafts, or money orders, the subscription will be entered and will immediately begin drawing interest.

When the bonds are delivered, a check will accompany each delivery at 3 per cent from the day the subscription is entered to the first of August, the date of the bonds, and from which date the bonds will carry their own interest. Coupon bonds are issued in denominations of \$20, \$100, \$500 and \$1,000. Registered bonds are issued in denominations of \$20, \$100, \$500, \$1,000, \$5,000 and \$10,000.

Discovered by a Woman. Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She finally discovered a way to recovery, by purchasing from us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at L. Taggart's drug store. Regular size 50c. and \$1.00. Every bottle guaranteed.

Yellow Jaundice Cured. Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by L. Taggart, druggist.

A woman will forgive a man anything but the fact that he doesn't admire her.

Mr. Isaac Horner, proprietor of the Burton House, Burton, W. Va., and one of the most widely known men in the state was cured of rheumatism after three years of suffering. He says: "I have not sufficient command of language to convey any idea of what I suffered, my physicians told me that nothing could be done for me; and my friends were fully convinced that nothing but death would relieve me of my suffering. In June, 1894, Mr. Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their normal size and it seemed to me my leg would burst, but soon after I began using the Pain Balm, the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured." For sale by L. Taggart. June
