

Microbes in the Scalp.

The Latest Explanation is That Microbes Cause Baldness.

Professor Unna, of Hamburg, Germany, and Dr. Sabouraud, of Paris, France, share the honor of having discovered the hair microbe.

Baldness is not caused through a few weeks' work of these hair microbes, but is the result of conditions brought about by their presence. Baldness may not occur until years after the microbes began work, but it is certain to come sooner or later.

The microbes cut off the blood supply. They feed on the fatty matter about the roots of the hair, through which the blood is absorbed. Finally the fatty matter is consumed, the food supply of the hair is gone and it starves and finally dies.

Resorcin is one of the most effective germ destroyers ever discovered. Beta Naphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter, and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair when loss of color has been caused by a disease.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

We want every one who has scalp or hair trouble to try Rexall "93" Hair Tonic, which contains all these ingredients. If it does not give you complete satisfaction in every particular, we will return every penny you paid us for it, for the mere asking and without question or formality.

Of course you understand that when we say that Rexall "93" Hair Tonic will grow hair we do not refer to cases where the roots are entirely dead, the pores of the scalp closed, and the head has the shiny appearance of a billiard ball. In cases like this there is no hope. In all other cases of baldness Rexall "93" Hair Tonic will grow hair, or coat the user nothing. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Emporium only at our store—the Rexall Store. The Emporium Drug Co.

County Superintendents and Supervising Officers in their examinations and tests are laying special stress on things pertaining to methods and to school administration and organization. To meet these demands the Clarion State Normal School will give a special course to prospective teachers in these subjects as well as in the matter of academic branches.

A private party dance will be held in K. G. E. Hall Friday evening.

No flies on some of our boys. From reports some one nearly "lost out" in the snow storm near Austin.

JOCKO.

FIRST FORK

Snow plenty and news scarce. A new daughter arrived at C. E. Logue's during the sleet storm of Thursday night. They have three daughters and one son now.

There is an epidemic of colds and sore throat in this vicinity. Hardly a family but has one or more sick. The measles haven't got up this far yet, though they are across the way. John Hicks' folks are the latest to enjoy (?) them.

The school at Millers has closed on account of the measles, as nearly every scholar is sick or has been exposed.

John Goss returned to Williamsport College after a week's visit at home.

The sleet storm of Thursday night filled the Houselog Narrows Road full, so that it was impossible to pass Friday and it took a crew of men a day to shovel a road through.

Harry Goss, son of Geo. Goss, is quite sick, but is reported a little better this morning.

Two sons of David Logue, of Huntley, are visiting their uncle, M. J. Logue and family, over Sunday.

I guess nobody will deny that the ground hog has the "best of the argument" for the first three weeks out of the "six" anyway.

The mercury registered 10 below zero on Saturday morning. There is more snow on the ground now than there has been at one time in several years. Reported as being about three feet in the woods here.

Fred Caldwell has taken the examination for Postmaster at this point in place of C. E. Logue, who has resigned, but I am unable to state whether the office will occupy the same quarters as now, or whether a government building will be erected for it, on some other site.

NUF SED.

SINNAMAHONING.

Well still it is the beautiful snow. The Cameron Powder Company have laid off most of their men owing to the deep snow. The roads have been very bad this week owing to the heavy sleet storm.

A. J. Barclay was at the county seat on Monday.

Miss Zua Berfield, of DuBois, is visiting friends here this week.

Prof. Walkey is calling on his best girl at DuBois this week.

Harry Elliot, state forestry officer, is going to Harrisburg this week, to attend the convention of the state forestry commissioners.

Judge Huntley was a caller on Tuesday, looking after the interests of the Powder Company. The measles are holding their own here this winter. The Miller school has been closed for two weeks, so many cases of measles in the district.

Miss Lottie Brooks, who has been suffering with quinsy, is improving.

M. V. Crum, who has been confined to the house for a couple of weeks, with pneumonia, is able to be out once more.

Mrs. C. E. Peasley, who has been very sick, is improving.

E. F. Smith is home this week from Emporium, owing to the deep snow.

Joe Summerson, who has been laid up with neuralgia, is able to be around again.

A. J. Barclay is building the big water tanks for the Cameron Powder Company, this week.

R. A. Crum, forestry officer, reports 46 inches of snow on Karthaus mountain.

Camp No. 122, P. O. of A., held another class initiation on the evening of Washington's birthday and initiated a class of eight. A banquet was served at the close of the initiatory service. Music and plays were the order of the evening. The hall was finely decorated with the colors of the order, the Red, White and Blue. "Old Glory" with a large portrait of Washington, held the post of honor. It is needless to say that all present had a good time. The work of the degree team was fine, (all but the oranges, which were fierce.)

The Independent schools combined in holding services on Washington's birthday. A fine programme was rendered. A committee from Washington Camp, No. 136, P. O. S. of A., attended the exercises and presented all the pupils and visitors with an Old Glory pin. The school directors may well be pleased with their selection for the term. We failed to see any of the directors there and but a few of the parents. This should not be the directors and parents should visit our schools more often.

Say Zeickie when will Joe Walker get them views done?

The Literary Society will hold its regular meeting Friday evening. A fine programme is announced. A spelling bee will be one of the features of the evening and the Literary Gazette will be up-to-date, with J. R. Batchelder, as

editor. The society expects to add about fifty names to the list on Friday evening.

We are sorry to see so many of our boys and girls meet at the depot so much, when they ought to be at school. The building is very small and will hardly accommodate the public, much more ten or fifteen school children. Parents take up the matter with the boys.

Go to Wolf's for cold storage oranges; twenty cents per dozen. One will be enough.

The Daughters of America say that they do not know what they have done to be treated so by one of our grocers, as they always pay their bills.

THE NEW Nemo WITH LASTIKOPS BANDLET
THE GREATEST CORSET INVENTION
EVER INTRODUCED

Corset Talks No. 1

Women everywhere are praising and buying the new Nemo Corset No. 522.

Never has a corset produced such extreme figure-reduction. Never was a corset so delightfully RESTFUL and COMFORTABLE.

That's why Nemo No. 522, in less than two months, has become the most popular and salable corset in America. ORIGINALITY, COMMON-SENSE and REAL MERIT have won an instant success!

Self-Reducing No. 522 \$5.00
with Lastikops Bandlet

The new "Bandlet" is the feature—and the long, flexible skirt. The Bandlet, which is semi-elastic, perfectly supports the abdomen and internal organs, allowing extreme reduction of upper limbs as well as back, hips and abdomen. And it simply won't let the front steels stick out, even when you're seated. It's a WONDER!

There are now in the Nemo—
SELF-REDUCING SYSTEM
FIFTEEN DIFFERENT MODELS

Five styles at \$3.00. Three styles at \$4.00. Five styles at \$5.00. One superb model, in white brocade, at \$6.00; and one luxurious style (equal to the best made-to-order corset you can buy at \$25), at \$10.00.

When all women know about Nemo Corsets, there will be a very small market for other makes.
