

New Process for Finishing Top of Improved Roads.

ALBANY, FEB. 25TH.—At the annual highway workers' convention here there was a discussion of the different processes of macadam and earth road treatment, which brought about the introduction of a new process which eventually will replace the use of oil, as used throughout this country during the last summer.

This process is called glutin and is made from wood pulp and comes in a liquid form. The cost of this preparation is stated to be far less than oil, both in the actual cost and in the cost of application. Its effect on the road is said to be much better than that of oil also. Superintendent VanAmburg states that this process will be used to some extent in this county during the coming summer, and from all reports of those who have used it, it will probably be used exclusively in the near future for road preservation and coating.

The cost of glutin is so much less than oil, because after an application of oil has been made to a road it has to be topdressed with screenings.

Bear Hunting Record.

Mr. C. E. Logue, P. M., at First Fork, claims the championship belt for Cameron county for the season of 1909, having captured and killed seven bears, more than any other one hunter in the county—killing four and leading three, by a rope, to his house, a distance of two miles, all alone. He has captured and shot fifteen bears during the past three seasons, for which he received over \$300. There are other good bear hunters in the county we should be glad to hear from, namely: Jas. R. Batchelder, Chas. Pitts, Frank Miller, John Moore, John Jordan, Allen Russell and several others. Let the PRESS hear from you if you can beat the above record. We should very much like to hear from the veteran hunter and trapper, Isaac Wykoff. Why not have a "Hunters Meet" here at Emporium, some evening in the near future, exchange yarns and compare records. Who will start the project?

The PRESS is pleased to hear from our friend and former townsman, Mr. Chas. A. Van Lew, who resides at Reardon, Washington. Our pleasant little city in the mountains is holding its own. We have had an old-time winter, Chas., with plenty of snow and many jolly sleighing parties. We are now having very high water—about five foot flood in the streams; ice broke up and as usual overflow of Howard's dam, much to the discomfort of Second street residents. Chas. Edwards and crew have been busy dynamiting a channel through the dam during Monday and Tuesday. It's the same old story here, friend VanLew—everybody happy, contented and busy, although the deep snow—six feet in the woods—has compelled a temporary shut-down of the work in mill and woods. Shake, old friend until we meet again.

A Monster Buck.

Mr. A. M. Burfield, a former resident of Cameron county, but now residing at Pine River, Minn., where he reads the PRESS weekly, thereby getting the news from his former home, writes to ye editor. He is an expert hunter and sends us a postcard, showing a monster stag hanging up in the woods and Mr. B. standing along side of his prize. He writes: "As I don't get to my old home I will send you my photo, thinking that possibly you would like to look at one of our Minn. stags. May the PRESS live 43 years longer." We appreciate your kindness, friend Burfield and shall place your post card in our album. Wish we could reproduce the photo for the benefit of some of our mighty hunters, especially those residing in Grove.

A Jolly Sleigh Ride.

Not to be outdone by the younger set, a bunch of old-young girls, (not quite as young in years as the used to be but just as jolly as they were in the long ago) strolled a march on the younger set, last Saturday evening and enjoyed the last good sleighing of the season. With Tony Seigfried holding the ribbons with one hand and — he soon landed the party at Mr. and Mrs. Fred Yentzer's, on Clear Creek, where they were most royally entertained. The party consisted of Mesdames Henry Sassman, Elizabeth Eastbrook, Robert Faucette, Sarah Jessop, J. R. Hamilton, B. Hemphill, Belle Beattie, Lizzie Kelley, Sadie Dalphy, Dan Downey, W. H. Flint, Etta Fetter, Lillie Rendt, Phoebe Rendt, Thomas Craven and Alex. McGinnis. It was a big night on Clear Creek and the ladies certainly had a lovely ride.

Proposed Indian Monument to be Erected in New York Harbor.

A bill introduced in both Houses of Congress providing for a colossal statue of the North American Indian to be placed in New York Harbor was reported in the House on March 1. This measure was introduced by Representative Joseph A. Goulden and Senator Chauncey M. Depew, of New York, and provides that there shall be erected without expense to the United States Government, by Rodman Wanamaker, of New York City, on a United States reservation in the Harbor of New York, a memorial to the memory of the North American Indian. It is further provided that a Commission consisting of the Chairman of the Committee on Library, of the Senate, the Chairman of the Committee on Library, of the House, and the Secretaries of State, War, Navy, and Interior, the Attorney General and Robert C. Ogden, of New York, shall be created with full authority to select the site in the Harbor of New York and a suitable design, and to contract for and superintend the construction of the memorial.

This Bill is the result of a suggestion made by Mr. Rodman Wanamaker, at a celebrated dinner given last May at Sherry's, New York, in honor of Col Cody, the famous Indian. The idea of erecting a statue of an Indian, with arms outstretched in welcome at the gateway of the New World met with such instant enthusiasm, that there is little doubt, but that the measure will meet with unanimous support.

While the ways and means of providing money to finance the enterprise have not yet been decided upon, it is expected that the statue will be a National Monument to perpetuate the memory of the First American, and an opportunity will be given to every one who desires to contribute; it is estimated that one penny from every man, woman, and child in the United States will furnish ample means for its erection.

Already various tribes of the Order of Red Men throughout the United States have taken steps to contribute their share to the general fund. It is planned that each of the five hundred thousand members of the Order of Red Men represented in the four thousand tribes in the United States shall contribute two cents each, which would amount to \$10,000. A pile of copper cents amounting to \$10,000 is far more imposing than a single check for that amount donated by some one individual to whom it would mean so little.

The idea of this statute originated with Mr. Rodman Wanamaker, of Philadelphia, during an expedition made by him in 1908, for the purpose of studying the Indian on his own ground. His first impulse was to present the statue to the country, but the consensus of opinion is that it should be a national gift, and that every child in the country should be allowed to contribute one penny in memory of a race that is fast becoming extinct.

The bill is backed by the entire New York delegation both in the House and in the Senate, and is receiving the support of the President, the Vice-President, and many prominent men in political and financial circles. Very valuable aid is being given to secure the passage of the Bill by Senators Owen, of Oklahoma, and Curtis, of Kansas, and by Representative Carter, of Oklahoma, all of whom trace their ancestry back to the noble Red Man of the Forest.

KEEP A STEADY GAIT.

Life is fraught with many cares—The road is sometimes rough: At many turns unseen snares Await one sure enough. You may be jostled by the throng From early morn till late, But boldly push your way along And keep a steady gait. Should misfortune wreck your plan, Don't give up the fight—Meet it bravely like a man And keep your "goal" in sight, Don't charge your failure to "hard luck," Or to "an unkind fate"—Push right ahead—just show your pluck And keep a steady gait. —Samuel O. Buchner, in "Office and Field."

The Churches.

EMMANUEL EPISCOPAL, J. M. ROBERTSON, Rector. March 6, Fourth Sunday in Lent:—3 a. m., Holy Communion. 10:30 a. m., Holy Communion. Sermon: "Sons of Law and Promise." 12 m., Sunday School. Lesson: "Our Lord's Trial by the Roman Authorities." 7:30 p. m., evening prayer. Sermon: "The Sacraments of the Church." Wednesday, March 9th. Address on Henry VIII and the Church of England.

No, It is Not the Tariff.

The meat dealers in the east are beginning to retaliate. They are asking that the Tariff be taken off and Mexican and Canadian cattle admitted into the country. But the American people have been buncoed once in that way. The shoe makers for years told the shoe wearers that if hides were duty free shoes would be so much cheaper. So the last Congress took the duty of 15 per cent. from hides and made them absolutely free. But shoes have been going up just the same, and so has leather. The government is simply out on the revenue. Before we make any more such deals we would like to have the free hides failure explained.

No, it is not the Tariff. The American cattle grower has not been getting too much for his cattle. In the markets steers, from ordinary to the best, range in prices from about \$4 to \$6 a hundred. The average is probably about five cents a pound. Do the American people want to make cattle cheaper than that? They are cheap enough. If they were much cheaper the farmers could not afford to grow and fatten them.

There is something wrong somewhere else. The steer that brings on the farm \$50 or \$60 costs the consumer \$100 or even \$120, as shown by figures prepared in Des Moines. The packer says he doesn't get it, the wholesaler says he doesn't, and the retailer can prove his innocence. There is something wrong with the system of getting the stuff from the producer to the consumer—Ceder Rapids "Republican."

Triennial Tax Appeals.

Our readers should carefully note the dates of appeal days in their respective districts and, if they have any grievances, attend. When this system is properly equalized it should work to the advantage of all. Naturally tax-payers are anxiously waiting to see how the plan works. There is every reason to think it should, provided the assessments are equalized.

Slowly Improving.

The many Emporium friends of Mrs. Carrie Julian, who has been dangerously ill for several weeks and confined at Bradford hospital, will be pleased to learn that excellent lady is slowly recovering. Mr. H. Clint Olmsted, while transacting business in Emporium last week, informed the PRESS that Mrs. Julian's left side is paralyzed, yet the physicians give every encouragement.

A Sleighing Party.

A sleigh load of young folks stopped at the residence of Mr. and Mrs. Alex. McAuley, Elk Lick farm, Saturday, never thinking nor minding the high water or ice jams. Flinch was the game, in part, that entertained them until the royal grand supper was served. All enjoyed the occasion and were profuse in praises for the kindness of Mr. and Mrs. McAuley.

Extensive Improvements.

Jas. P. Creighton is making extensive improvements on his Sixth street residence. When completed he will have one of the most comfortable homes in Emporium. Mr. Creighton, in addition to conducting the Bon Ton Billiard Rooms is stock contractor at the Furnace and an industrious citizen. Pleased to see him and his pleasant little family prosper.

There's no Risk

If This Medicine Does Not Benefit, You Pay Nothing.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known in medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at our store—The Rexall Store. The Emporium Drug Co.

Granger Hockley.

Editor Hockley, we failed to mention the fact, (and he is too modest to do so) visited his old home near Muncy, and after admiring the dear old spot and its surroundings, purchased the interest of the other heirs, and is now a full-fledged granger. The property, we understand, is a valuable one and in addition to excellent land, has quite a large tract of timber on it. I. K. is looking up all the popular farm ballads, patent churns, &c., and may yet take a look at W. H. Howard's hay fork. He will not move onto the farm, he informs us, but desires to get all in shape for a snap shot photo, to be taken next harvest, when we agree to publish the "cut" in the PRESS.

L. O. T. M. Sleigh Ride.

The members of the L. O. T. M., enjoyed a sleigh ride last Thursday evening, to the home of Mr. and Mrs. Charles King, on Clear Creek. The adies left Emporium about eight p. m., after a very pleasant drive arrived at the above mentioned place, where the remainder of the evening was devoted to general good time and a delicious oyster supper was served. The party arrived home about 1:30 in the morning when the thermometer registered about 12 degrees below zero. Thirty ladies enjoyed the pleasant evening.

Make Your Dollars Extend.

Our agency will prove that thirty-five years big sales and pleased users of the L. & M. Paint will save you dollars, because when painting with L. & M., you are using metal Zinc Oxide combined with White Lead. Zinc Oxide is imperishable, and makes the L. & M., wear and cover like gold. The L. & M. colors are therefore bright and lasting. You won't need to repaint for 10 to 15 years, besides L. & M. Paint costs less than any other, say about \$1.30 per gallon. Sold by Harry S. Lloyd, Emporium, Pa.

One of Our Best.

The PRESS sanctum was on Wednesday highly honored by a visit from Mr. H. C. Olmsted, manager of the Furnace Supply Company Store at this place. No town can boast of a more honorable citizen than H. C., who has resided in Emporium for almost thirty-seven years, given liberally of his means for the support of every laudable object and enjoys the esteem of every citizen. Would we had many more such citizens.

Exchanged Pulpits.

Rev. J. M. Robertson, rector of Emmanuel Episcopal Church, of this place, exchanged pulpits with the Rev. Mr. Bigham, rector of St. Agnes Episcopal Church, St. Marys, last Friday evening. Rev. Bigham preached a good sermon which was listened to by an appreciative congregation. Rev. Bigham's pronunciation is clear and distinct, and can deliver a sermon in a very pleasing manner.

Rumored Change.

Mr. Andrew Brady, we understand, has secured an option on the Crane block, occupied by H. A. Zarp and the Furnace Supply Co., on Fourth street. We hope Mr. Brady closes the deal, for it is a valuable piece of property. When this sale is consummated it disposes of the last property here owned by the late Mrs. William Howard, of Williamsport.

Painful Fall.

Mrs. Mead Floyd, while walking on Fourth street last Saturday evening, accompanied by her husband, had the misfortune to fall, in front of the Warner House, striking on the back of her head. She was unconscious for a short time and was carried into the Warner House and Dr. H. S. Falk summoned. She recovered in a short time and was taken to her home.

Rented Farm.

Messrs. F. B. Houser and Henry Ellis have rented the farm of W. E. Swartwood, at Vestal, N. Y., near Binghamton, and have taken possession of the same, having moved to Vestal this week. The PRESS will follow them each week to their new home.

Pennsylvania Railroad Doing Good Work.

Actively Enter Forestry—Over One Million Trees Growing—Great Bodies of Land Suitable in this State for Farming and Reforestry.

The Pennsylvania Railroad Company has planted 3,482,186 trees since it undertook forestry work on a comprehensive scale. This is brought out in a report just issued by the Forester of the Railroad. In 1909 alone more than a million trees were planted on tracts of land along the Company's right of way.

Prior to last year, the Pennsylvania's forestry operations were confined to a limited area between Philadelphia and Altoona. In 1909, however, 7,800 trees were planted near Pomeroy, Pa., 188,200 in the vicinity of Vandike, Pa., 55,800 near New Brunswick, N. J., 352,000 near Eyer, Pa., 30,000 on the right of way near Metuchen, N. J., 161,825 at Denholm, Pa., 204,500 at Conewango, Pa., and 74,500 at Parkton, Md.

The total number of plants shipped from the Company's forest nursery at Morrisville, Pa., was 1,240,381. There are at the present time in the nursery trees for forest planting ranging in age from eight months to six years. During the year five bushels of acorns were planted in their permanent places as an experiment.

A special effort was directed last year to growing ornamental shrubbery for use in parking the lawns around stations and unoccupied places along the roadway. To save the time required to grow these from seed, 6,000 plants were imported from France. They were placed in beds at the company's nursery at Morrisville. Part of them will be ready for transplanting this year, and the remainder in 1911.

Relief Department.

Indicative of the work being done by the Relief Departments of the Pennsylvania Railroad System are the payments of \$176,054.19 made during the month of January. The monthly report, issued by the Pennsylvania today, shows that the sum of \$27,649,766.40 has been paid out by these relief departments since 1886.

On the lines East of Pittsburgh and Erie in the month of January, payments to the amount of \$123,175.09 were made to members of the relief fund. In benefits to the families of members who died \$41,783.89 were paid, while to members incapacitated for work the benefits amounted to \$81,391.20. The total payments on the Lines East of Pittsburgh since the relief fund was established have amounted to \$20,155,038.29.

In January, the Relief Fund of the Pennsylvania Lines West of Pittsburgh paid out a total of \$52,879.10, of which \$22,000.67 were for the families of members who died, and \$30,878.43 for members unable to work. The sum of \$7,494,730.11 represents the total payments of the Relief Fund of the Pennsylvania Lines since it was established in 1889.
