

THE FREEMAN.

THURSDAY, : : : DEC. 17, 1868.

LOCAL AND PERSONAL.

The German Catholics of Altoona dedicated a fine new school building on Sunday last.

A LITTLE SON of Wm. Kistler, of Perry county, was instantly killed recently by a log rolling over him.

W. T. DAUBERTY, Esq., Associate Judge of Bedford county, died very suddenly in Bedford, on Tuesday week.

Four eclipses of the sun will occur next year, the first of which, on January 27th, will be visible in this latitude.

THANKS.—We are obliged to the Alleghenian for publishing our editorial. It shows its good taste and better sense.

The Altoona Tribune is to be enlarged about the holidays. Bully boys, the Tribune men, said we were glad to know it pays them to be bully.

A YOUNG married woman named Mayes died very suddenly in Siglerville, Milford county, on Friday night week, shortly after retiring to bed.

SAMUEL LUCAS, of Armstrong township, Indiana county, had his jaw badly fractured, a few days since, by being struck by a limb while falling trees.

NOT YET.—The Alleghenian asks what the editor of the Freeman is at home for? Why we are not at last, at all, and hope not to be last for many years.

A YOUNG MAN named McQuown was shot in the ankle at Blairsville, a few days ago, by a revolver which he accidentally let fall on the pavement. No bones broken.

The editor of the Freeman is an old man, whose years we would gladly respect.—Alleghenian.

We couldn't expect you to respect us when you are not willing to respect yourself.

DOE'S KNOW.—The Alleghenian thinks our highest accomplishment is a "witless pun." Well, we wouldn't make a good pun in his presence anyhow for he couldn't "see it."

WORKMEN are busy at several points on our branch railroad removing the snow from the track, and it is thought that trains will be running on it the latter part of the present week.

SAMUEL HARVEY was seriously injured, on Thursday week, by a large rock rolling down upon him while at work in a sand bank near Lewistown, that he is not expected to live.

We are under obligations to Mr. A. H. Falter for a large and exceedingly palatable fresh fish. Mr. F. gets a supply of fish every Thursday, we believe, and sells them at very moderate rates.

A FRENCH tailor took a French leave of Hollidaysburg on Friday week, taking with him a watch and some change belonging to his landlady and some cloth, muslin, etc., belonging to his employer.

INDIANA is to be connected with the outer world by telegraph early next spring. When it is reconnected to enjoy the same felicity, if ever? "Palmer" what has become of the proposed line from here to Cresson?

In consequence of our mail facilities having got somewhat out of joint, one Altoona letter did not reach us in time to publish entire. We condense such items as are of local interest and give them in this column.

RECORDED.—We see it stated that "Joseph McDonald, Esq., has been appointed Deputy Prothonotary." There is no such office. General McDonald is kindly assisting Captain in the initiatory steps of his duties. This and nothing more.

DR. THOMAS McMULLEN, of Greenville, Indiana county, was dragged and tramped upon by his horse, not long since, in consequence of his foot becoming fastened in the strap, and was thereby seriously injured about the face and body.

THE Johnstown Democrat talks about enlarging from a seven to a nine column page of paper in the near future, provided there is no arrears do the fair thing in the meantime. On the same conditions we should be willing to do likewise or otherwise.

A STRANGER giving his name as John Rogers hurried a brick through the large show window of Mr. C. S. Shannon, jeweler in Altoona, on Thursday, breaking the glass and destroying a large and beautiful watch case. The burglar, and Mayor Phillips sent him to jail at Hollidaysburg.

THE Fair of the Vigilant Fire Company opened in Altoona on Wednesday night, and the indications are that it will be a brilliant success. The display of fancy articles is very large and elegant. The Hook and Ladder Company of the same place will inaugurate a fair on the evening of the 7th January next.

F. P. THURNEY, Esq., our new District Attorney, assumed the duties of that position last week, and there is no doubt he will perform them with energy and acceptability.—We wish him a successful official career, and to his predecessor, John F. Barnes, Esq., an audience of paying clients, now that he has shed the robes of office.

THE Beaver Local has donned a new dress throughout, and looks as gay and happy a young maiden about to be led to the matrimonial altar. Friend O'Leary must be "pushing things" successfully to afford such a splendid attire for his wide awake journal. May he ever be kept as busy as a beaver in money making.

We have been made the recipient of another turkey—the third of the series. The donor said "we should mention no names, and as we have "said Sam," mum is the word, of course. We believe it is not a Hen turkey, but of the gobbler persuasion, and is large enough and fat enough to have been fed on rye. Thank you much, kind friend.

We have received a production called the "Washington Union Song" which the authors, who signs herself simply "Kate," says was written before the late war. As we consider it out of season, out of measure, out of sentiment and out of sense, we think it should be out of print, and hence we have kept out of the Freeman and put into the stove.

THE Altoona Catholic Fair is still progressing finally, and the articles being voted for will be awarded in a few days. In the meantime, as our correspondent remarks, universal suffrage will be extended to every son and daughter of Adam, of all nations colors and conditions, provided they pay their taxes in shape of chances in the several articles.

AMONG the valuable articles donated to the fair which it is proposed to hold here during the holidays in aid of the new Catholic church, is an excellent plough, with all the modern improvements, manufactured and contributed by the exhibition at Mr. T. W. Williams' tin-ware establishment, and will be raffled at the low price of fifty cents per chance. It is meeting with great success, and those who can use such an article will do well to take one or more risks in this splendid plough without delay.

Local Correspondence.

JOHNSTOWN, Dec. 14, 1868. Dear Freeman—Last Saturday presented a scene of enjoyment such as is seldom witnessed in Johnstown. Sleights were counted by hundreds and bells by thousands. The snow was first rate, being a little frosty, and the roads were well beaten. The poor horses had to suffer for the merry pastime of more intelligent beings.

The Penna. Railroad was well blocked for several days during the late snow storm, but it is now opened for freight trains. Many of the country roads are closed, especially in the open land. The storm and freeze have been remarkable for the time of year.

Want begins to pinch the poor, and those who have plenty should, out of their abundance, furnish means for the needy. The rich should not wait to be asked for alms, for the poor would suffer first. They should give, not grudgingly, for who knows what wants of our community, or accidents who may be poor hereafter? "The poor ye always have with you," and many are poor who are not considered so.

Skating is attended to here with great industry and earnestness. Hundreds of young people of both sexes are gliding on the ice the live long day, and half the night. The fact that last summer produced bountiful harvests. Speculators keep up the prices, most assuredly. The price of flour and beef is one-third higher than it ought to be.

We had a lady lecturer here on Saturday night, Geo. Miner, who presented a lecture on the Kervill school-house and delivered a lecture on Social Customs to a few persons. Notwithstanding the inclemency of the weather workers are progressing with the laying of water-pipes in Conemaugh borough.

The schools of our place will close a session of six months to-morrow. An intelligent and successful corps of teachers was employed during the summer, and the examinations were highly creditable to both teachers and pupils.

The late snow gathered in such a quantity on the English Lutheran church in this place that when it laid off, it carried two chimneys tops with it, and precipitated them to the ground.

The German Catholics are preparing for an extensive Fair on Christmas day. A large supply of articles were purchased in the eastern cities for the occasion. It will be a grand affair. — MACSHANK, Jr.

WILMOR, DEC. 14, 1868.

Dear Freeman—Nothing has transpired here during the week that would make a local for your columns.

We have been snow bound, and present indications are that we will continue so for some time yet—say until Spring. The condition of the roads just now causes frequent postponements of the "Grecian Bazaar" and the display of other charming attributes of the gentler sex.

We are all realizing some of the most beautiful passages in Longfellow's Hiawatha on our toe and finger tips, and more forcibly on the tip of our noses. One man (Ezekiel) complains that his nose has been frozen, and it really has a dying appearance.

Spaff Himan, the magician, was here last week, but owing to snow and skepticism, failed to raise an audience. The other Hyman would attract more votaries, especially among the fair sex, if he showed some this way. Neither show nor skepticism would interfere with his success.

The Directors have as yet secured no teachers for our borough schools. The citizens would gladly welcome some veteran of the birch to teach their young ideas how to shoot—

from the budding tremblers all could trace the day's disasters in their own faces. Straws says the treasury, however, is like our national one at present writing.

On Saturday last a driver's car became detached from regular train, ran down the mountain to Portage station, where it collided with a freight train, causing a considerable damage to both.

The P. & E. Co. have been forced to run freight trains on Sunday for the past two weeks, owing to delays occasioned by the heavy fall of snow and divers small wrecks.

Have nothing more to write about, and cannot create out of nothing. When anything of local interest transpires I will come again, and hope you will reserve a small space in your columns for my use.

Yours, &c. A CHIP OF THE OLD BLOCK.

COURT PROCEEDINGS.—We give below a report of such cases as were disclosed in our Quarter Sessions last week after the close of our previous report:

Com'th. vs. Samuel Christer—Indictment, selling liquor on Sunday. Not guilty.

Com'th. vs. Lawrence Campbell—Indictment, assault and battery. Plead guilty and submitted sentence to pay \$1 fine and costs, and stand committed.

Com'th. vs. Sane—Indictment, selling liquor on Sunday. Plead guilty and submitted. Sentenced—\$10 fine and costs, and ten days in jail.

Com'th. vs. Andrew Slick—Indictment, horse stealing. Plead guilty and submitted. Not sentenced.

Com'th. vs. Sane—Indictment, larceny. Plead guilty. Not sentenced.

Com'th. vs. John Launy—Indictment, larceny. Plead guilty and submitted.—Not sentenced.

Com'th. vs. Ella Hawthorne—Indictment, arson. Result given elsewhere in our columns.

A SINGULAR CASE.—Ella Hawthorne, a young girl in her sixteenth year, was tried at our Court last week for the crime of arson. The evidence was quite clear that she had communicated fire to the dwelling house of T. B. Moore, Esq., with whom she lived, in several different places. She admitted that she had been kindly treated by the family, but that she believed "the devil made her do it." Owing to the absence of any possible motive, and from other facts appearing on the trial, she was acquitted on the plea of insanity. She will remain in jail until Court orders her removal elsewhere to the poor house or asylum.

The Hollidaysburg Standard compliments the Freeman by saying that it has the best corps of local correspondents of any country paper in the State, and wishes it had a few of the same sort. Well, since you wish it, friend Traugh, we cannot but do the same, still, as the Standard is universally acknowledged to be one of the nearest and most readable papers published, we cannot find fault with its friends for letting well enough alone, and permitting the "gay and incomparable" to "fight it out on that line" without any of the outside aid which the Freeman needs to bring it up to that Standard.

A GOOD WORKMAN.—Mr. James Wilkinson of Loretto, keeps on hand a general assortment of all kinds of marble, and as he is an excellent and experienced workman can confidently urge our friends in Northern Cambria to patronize him. They cannot fail to receive satisfaction.

FRESH AND SWEET.—All housewives will be kept busy for the next few days in getting numerous good things ready for the holiday feasting, and it is therefore just in time to say that one grocer friend, M. L. Oatman, has supplied himself with nearly everything which the ladies need in their cooking and baking operations. He is just receiving a supply of the best butter, and has put up, and has all the other commodities such as cider, raisins, citron, sweetmeats, spices, etc., needed for cakes and pies, and other delicious cookies, besides an ample supply of canned oysters, flour, crackers, nuts, confections and notions generally, which are all fresh new arrivals, and sold at lower prices than have ever prevailed in this market at this season of the year. Let no one who wishes to get the best articles fail to visit Oatman's.

HARRISBURG PATRIOT.—We are in regular receipt of the daily issue of the Harrisburg Patriot, and must say what of late superior and few equals among the daily journals of this Commonwealth. It is conducted with a spirit and energy under the new proprietorship that makes it a credit alike to the Democracy and to the capital of our great State, and no man who wishes to keep himself posted on the progress of the Legislature the coming winter, as well as on the current news and leading topics of the day, should do without the Daily Patriot, or at least the weekly issue of that journal.—It is worth all that is charged for it, which is \$7 per year for the daily and \$2 per year for the weekly. Address B. F. Meyers & Co., Harrisburg, Pa.

DEVOTIONAL EXERCISES.—The sublime devotion of the Forty Hours commenced in the Catholic church in this place on Sunday last, and closed this (Wednesday) morning. The exercises consisted of Masses in the forenoon, Vespers in the afternoon, and recitations and instructions in the evening. The resident pastor, Rev. R. C. Christy, was assisted by several clergymen from other points, and the attendance of the congregation was generally large, nearly all the members availing themselves of the special graces pertaining to this time of devotion, and in attendance. The assisting clergymen were Fathers Giles, of Carrolltown, Brown, Knogh and O'Shea, of Loretto, Burns, of St. Augustine, Ward, of Alpsville, and Nolan, of Johnstown.

SUFFERED FLEETING.—A highly respectable family of this place was visited by a sudden and mysterious disappearance of their beautiful and accomplished daughter. Rumor said she had eloped with one of her suitors. The distressed parents, as may well be supposed, made immediate search for the missing one—horsesmen were sent in every direction—telegrams were dispatched, and all in vain. No news, and the girl was given up at last, when all at once, the dotting mother be thought her of the sights to be seen and the bargains to be had at Shoemaker & Co.'s store one off she went and to her great joy found her daughter, saving money by purchasing what was needed at home from the immense stock these gentlemen have just opened.

JUST THE THING.—Hutley's extensive store, hardware, tinware and grocery department is the headquarters for all that is useful and needful in his line for household, farm and mechanical wants, but it contains besides these hosts of beautiful articles appropriate for holiday gifts. The elegant and magnificent array of silverware displayed in the large show case appropriated to that purpose, will commend themselves as particularly appropriate for presents to wives, daughters, mothers, sisters and to her great joy. Hutley should have no trouble in finding purchasers for these beautiful articles, now that the festive season is approaching. In his cutlery and other department's many other things may be found secularly suited for holiday gifts.

ON two different occasions within the past few days obstructions have been placed on the track of the Indiana Branch Railroad, between Indiana and Homer, evidently with the intention of stopping the morning train which leaves the latter place before day light, but fortunately the obstructions were discovered and removed in time to prevent such a catastrophe. The villain who would be guilty of such a diabolical act should be hung without the benefit of judge or jury.

THE Editor of the "Democrat," Davenport, Iowa, endorses Hoofland's German Bitters, in the columns of his paper, as follows:—

HOOFLAND'S BITTERS. In another column will be found the advertisement of this sterling remedy. To it, the writer of this notice owes his health. Having once been completely prostrated by disease contracted in campaigns in Louisiana and Mississippi, we were unable to regain our health by any other means, but were cured by a few bottles of this medicine.

It is the greatest known Tonic, and is entirely free from Alcoholic admixture. HOOFLAND'S GERMAN TONIC is a combination of all the ingredients of the Bitters, with pure Sassafras, Rham, orange, anise, &c., making a preparation of rare medicinal value. The Tonic is used for the same diseases as the Bitters; in cases where the stomach is weak, it is necessary to use the Tonic, 631 Arch St., Philadelphia, Pa. Sold by Druggists and others, everywhere. [Nov. 26 '68.]

CONSTITUTIONAL DIFFERENCES.—There are many constitutions so inherently defective in energy as to derive great benefit from a moderate use of pure liquor combined with such vegetable medicines and extracts as enter into the composition of Roback's Stomach Bitters, and there are many situations in which even the healthiest derive additional security from their occasional use.

If healthy persons are exposed to unusual exertion, or to a cold, or to the heat of the sun, or to the influence of the depressing watchfulness of traveling, and change of diet and water, or if residents of malarious districts or the rank river bottoms of the West are exposed to any of these causes, the direct use of Roback's Stomach Bitters with the food would surely be the means of warding off actual disease and enabling them to bear unimpaired, and without the Bitters, they would likely succumb to disease. They strengthen, tone and invigorate, aid digestion and increase the appetite.

To Consumptives. The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption, is anxious to make known to his fellow sufferers the means of cure. To all who desire it he will send a copy of the Prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, &c. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and send information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing and may prove a blessing. Parties wishing the Prescription will please address

Be on Your Guard against Counterfeits. We cordially respond to the request of Dr. S. B. Hartman & Co., Proprietors of MISLENER'S HERB BITTERS, to warn the public that this celebrated Tonic and Stimulant is not sold by the quart, gallon or barrel. It is put up solely in square glass bottles, with a private stamp over the cork, bearing a likeness of Dr. Mishler. All others are counterfeits.

DISSOLUTION.—The partnership heretofore existing between the undersigned, engaged in the Lumber business in Washington township Cambria county, under the firm name of McFadden & Vaughn, was dissolved by mutual consent on the 5th instant. The books are in the hands of S. P. McFadden, Hollidaysburg, to whom all payments should be made. B. F. VAUGHN, Cresson, Dec. 17, 1868-74.

YOUTH'S DEPARTMENT.

CHARADE, NO. 10. ORIGINAL. A color, or its absence, which Is not to common minds so clear; But in its shade resembles pitch— A hue the Radicals reverse— Describes my first. The hunter strong, With perch high in a neighboring tree, My second watches all right long The stately, bounding deer to see. A mountain stream defines my whole Whose dashing foam and glittering spray Continues its unequal roll Beyond the bounds of Cambria.

CHARADE, NO. 11. SELECTED. My first, in torrents bleak and black, Was rushing from the sky, When, with my second at his back, Young Cupid wandered by: "Now take me in; the moon hath passed; I pray ye, take me in! The lightning's flash, the hail falls fast, All Hades rides the thunder-blast; I'm dripping to the skin!" "I know thee well, thy songs and sighs; A wicked god thou art, And wilt not welcome to the eyes, Most wretched to the heart!" The wanderer prayed another prayer, And shook his drooping wing; The lover bade him enter there, And wrung my first from out his hair, And dried my second's string. And therefore—(as the urchin swore, By Styx, the fearful river, And by the shafts his quiver bore, That lover shall see my whole In life's tempestuous heaven; And when the lightning's cease to roll, Shall fix thereon his dreaming soul, In the deep calm of even!

THE buckwheat cake and sausage season has come upon us, albeit the material necessary for producing the former luxury is exceedingly scarce in this market. It is said a persistent diet of buckwheat brings about cutaneous eruptions and a style of etching only relieved by exhausting counter irritations, and it is impossible to make it a permanent diet in this locality, no one need fear the itch from that cause.

OFF AGAIN.—Vallie Barker departed for the East on Monday night, and he gave his friends here to understand that he would not return until he had purchased a stock of goods for the head-quarters for all that is useful and needful in his line for household, farm and mechanical wants, but it contains besides these hosts of beautiful articles appropriate for holiday gifts.

THE palm of superiority is awarded to Mrs. S. A. Allen for her improved (new style) Hair Restorer or Dressing, (one bottle), and a grateful public appreciates the very low price. One Dollar. Every druggist sells it. [Dec. 17-18.]

OUR NEW FAMILY SEWING MACHINE!!

The superior merits of the "Singer" Machines over all others, either for Family use or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellencies is no longer considered necessary.

The machine in question is SIMPLE, COMPACT, DURABLE and BEAUTIFUL. It is quiet, light running, and CAPABLE OF PERFORMING A RANGE AND VARIETY OF WORK BEFORE attempted upon a single Machine, using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Binding, Cording, Tackling, Quilting, Felling, Trimming, Binding, &c., are NOVEL and PRACTICAL, and have been invented and adapted especially for this Machine.

New designs of the Unique, Useful and Popular Folding Tops and Cabinet Cases, peculiar to the Machines manufactured by this Company, will be prepared for enclosing the new Machine.

A faint idea, however, can at best be conveyed through the medium of a (necessarily) limited advertisement; and we therefore urge every person in quest of a Sewing Machine, to all means to examine and test, if they can possibly do so, all the leading rival Machines before making a purchase. A selection can then be made understandingly.
