THEIR STATE CONVENTION TODAY.

The Silver Men Have Almost 600 of the 675 Delegates-Taylor Presides-Me-Lean, Bookwalter, Thurman and Holden Will Be Sent to Chicago.

COLUMBUS, June 24.—The Democratic state convention is in session here to-

Canel W. A. Taylor presides as temporary chairman. The preliminary meetings show that the silver men have almost 600 of the

675 delegates in the convention. At the district meetings the silver men carried 17 the congressional districts and the gold men four. The committee on resolutions and other committees, including the state central committee, stand 17 to 4. The Ohio delegation to Chicago, when the delegates are all chosen, will probably stand 38 to 8 for free silver, although the silver men claim 40 to 8. With their large majority in this convention the silver men intend to instruct the Ohio delegation for free silver and to vote as a unit

so that the four gold districts, which include the city of Dayton, Hamilton, Toledo and Cleveland, will be shut out. While the instructions on free silver will be ironclad, there will be no instructions for president. Most of the county conventions had endorsed ex-Governor Campbell for president before the tidal wave for silver set in and now the silver leaders claim that Campbell is too conservative on the financial question. Meantime John W. Bookwalter, an original free silver man, who was the Democratic candidate for gov-ernor against Charles Foster in 1881. has worked up quite a sentiment in favor of his endorsement for president. Campbell and his friends openly oppose Bookwalter. The fight between them was stopped by the friends of John R. McLean, who said they would oppose either instructions or the endorsement of anyone for president.

It is understood that this movement is in the interest of McLean for the na-tional ticket. While Campbell, Mc-Lean and Bookwalter have their respective followings as the Ohio favorite. Colonel Joseph Rickey of Missouri has been active in the interest of Bland for president. General A. J. Warner, president of the American Bimetallic league, is also here taking an active part in the interest of the fusion of all silver interests. The silver slate includes John R. McLean, John W. Bookwalter, Allen W. Thurman and L. L. Holden for delegates-at-large. Very little interest is being taken in the state ticket. The leading candidates for secretary of state, the head of the ticket, are A. A. Brown of Cincinnati and ex-Congressman S. S. Yoder of Lima.

When the delegates met by congressional districts the silver men did not have their way in the Third, Ninth, Twentieth and Twenty-first districts and the gold men are also contesting the Eighteenth district, which is the district formerly represented in congress by McKinley. The silver men claim to control the committees from 17 to 4.

receiving 14 votes to 7 for Norton. The committee on credentials seated the silver contestants from Stark county, insuring them the Eighteenth district, so that the districts stand 17 to 4. General A. J. Warner of Marietta was selected by the committee for permanent chairman. He has not been cooperating with the party owing to Cleveland's policy against silver, and his selection was made to intensify the

GEORGIA FOR SILVER.

Her Democratic Delegation Will Be For the White Metal.

ATLANTA, June 24.—The Georgia Democratic convention which meets at Macon tomorrow will, it is said, send a solid silver delegation to Chicago and adopt no instructions as to the candidates. Of the 350 delegates that have been chosen, not 50 are opposed to the free and unlimited and independent coinage of silver. In only one district do the gold men stand a chance of electing their delegates to Chicago, but the convention will certainly adopt a unit rule which will make it a solid

There has been no talk among Demo crats as to a candidate for the presidency. The leaders in the silver movement have made it a point to keep down all possibilities of a division by eliminating talk of candidates. There will be no effort to instruct for any candidate. The general feeling is that the man should come from some one of the Middle states and Boies and Matthews are most often suggested.

MILWAUKEE, June 24.-Free silver developed unexpected strength in the Democratic state convention. Until within three weeks the gold standard adherents were supposed to overwhelmingly be in the majority in the Wisconsin Democracy, but when the test vote came on the adoption of the minority and majority reports from the committee on resolutions, the silver men were found to number 128 of the

CANTON, O., June 24 .- A call for a meeting of the Republican national convention notification committee in Cleveland next Monday has been issued. On Tuesday the committee will come to Canton, and officially notify Mr. Me-Kinley of his nomination. The speech will be delivered by Senator Thurston, the chairman. Hobart will be officially notified of his nomination for vice president on July 7.

Governor McKinley has received an autograph letter from Senator Quay, who said he did not try to push his congratulations into the first great flow that came, but continued:

"I do congratulate you on the splendid vote of confidence you received in the convention, which represents ab-solutely the best thought of the Republican party of the nation."

While the question of the location of national headquarters has been under discussion and Cleveland has made a strong effort to secure them, the impression does not exist here that the custom of years past will be changed, and it is believed that the Republican national campaign will be directed by Chairman Hanna from New York as

PLATT RIGHT IN LINE. He Made a Speech at a Meeting In New York.

New York, June 24.-The first big gun of the Republican campaign in this city was fired at Carnegie Music hall last evening. The meeting was held under the auspices of the Republican county committee, and Thomas C. Platt broke a time-honored custom by making a speech. The list of vice presidents included many of the prominent Republicans of this city. Scarcely any of the anti-Platt Republicans, however, were present.

Edward Lauterbach, who presided introduced Mr. Platt, saying that Mr. Platt was a peerless leader, and had re-Tucson, A. T., June 24.-Advices turned from St. Louis convinced that from San Bernardino ranch says that "Mark Hanna is a first-class boss."

most Without a Struggle. RALEIGH, N. C., June 24.—The Democratic state convention will meet here tomorrow. It will declare for the immediate free and unlimited coinage of silver at the ratio of 16 to 1. Only three or four of the 96 counties are for

the gold standard. The delegates will be instructed not to vote for any man for president who has not been a free silver advocate all the time. There will be no split either in the state or district delegations. They all val be unalterably for silver. Boies and Bryan are most talked of and there is a growing sentiment for Senator Teller, though the machine leaders are opposed to his nomination, Dr. J. J. Mott, chairman of the silver party, will be here and he is trying to have the con-

vention endorse Teller. An attempt will be made to have the convention postpone nominations for state officers until the middle of August in order to grasp the national situation and if Teller should be the nominee of the Democrats and Populists to undertake to get all the free silver men to support one ticket for gov ernor and state officers and electors as against the Republican ticket nomi-

SARATOGA, N. Y., June 24 .- The Democratic state convention is in session today. It will declare that the present gold standard in the country should be preserved until such time as there can be obtained an international agreement for bimetallism. At the same time the leaders of the

party will postpone the selection of presidential electors until fall convention of the party. The two facts are significant and taken in conjunction seem to point that the party leaders, while protesting that the gold standard should be maintained, are fearful that the national convention will not heed their cry and that their electors, if elected now, might be put in a false position of being pledged to
