Notes.—These persons in various parts of the County who have charge of the manumissions against the divisors of the County, are requested to send them to D. C. Larabee at Coudersport immediately.

A press has been invented for extracting the tanning principle from black boughs. It seems it has been invented in Michigan, and practical tests show that a hemlock forest will furnish many tons of boughs as cords of wood, and a ton of one is equal to a cord of the other in tanning principle. The extract of the boughs is not strong enough for tanning heavy sole leather, but for uppers and light leathers it is superior to that produced from bark.

W. H. H. Bartman, former agent of the *Millard Times*, who is evidently the man that owns the process, has been in Williamsport for the purpose of interesting the capitalists of this city in the manufacture of the extract.

This process produces the results which are claimed for it, it will add to the value of all hemlock and owners should avoid cutting timber until they can utilize the boughs as well as the bark.

The Clinton *Republican* says Cameron county produced 3,000,000 kegs of iron in 1872. It doesn't inform us where the factories are located.

Mr. J. S. Mann of the Constitutional Convention, and Hon. C. S. Jones of the Legislature, are in town this week.

Mr. Christopher Knowlton has been appointed one of the members of the House of Representatives at Harrisburg, the present winter. He is employed in the pasters and fold-down.

Readers will recollect that we published a week or two ago an account of a lumber job on a wharf at Williamsport. We learn that it was taken to some near Westfield, Tioga county, and he has since died from the effect of his injuries. Our informant did not give his name.

Dr. George P. Porter delivered a lecture on the "Domes of the Yosemite" in the M. E. Church in Lockport recently. The *Republican* speaks in flattering terms.

Many in this place will remember his lecture a week here two or three years ago and his kindly manner, as well as his powerful pulpit eloquence.

From present appearances the "backbone" of winter seems to be broken. Sleighting is growing thin and fast melting. We dislike to lose old friends standing, but if the north wind keep out of our eyes we'll never see a bear over its going.

Who want to buy clothing call at the Coudersport Clothing Store in the Dike building, kept by M. L. Gridley, where you will find a good article and a neat fit. Mat can fix you up in the best style. You can also put you in a neat, firm, understanding. Try him.

Our old acquaintance and friend, James Knox, son of F. W. Knox, Esq., returned to Coudersport. He went to Kansas about two years ago and "lost his claim" near the western frontier of that state. He has had some experience with Indians, buffaloes, and accidents of border life, but it seems to have agreed with him, and he is as well and his hearty satisfaction, and met him the other day, was a pleasant surprise. We are glad to see him.

Call the attention of our readers to the Publisher's notice at the head of the third column of this page.

Last Saturday evening the Coudersport Cornet Band entertained the village generally from the piazza of Glassmire's Hotel, also from the steps of the Baker House, with several pieces of music.

We are not much of a judge of such matters, but it seems to us there has been a decided improvement in their execution of late.

Chas. Kufen drove a team of horses, attached to a sleigh, from St. Mary's to Centerville, a distance of six miles, in 29 minutes and 4 seconds, and got a wager of \$100 for accomplishing the same. The bet was on making the drive in 30 minutes. — *Williamsport Register*.

Pretty good time for horses in double harness, that distance. It is 4 minutes, 50 1/2 seconds a mile.

The average pay of the Elk county Commissioners for 1872, as appears by their statement published in the *Democrat*, is \$184.50 each.

Death of an Old Citizen.—Jacob Hammersley, of Hammersley's Fork, died at his residence at that place on the 4th of February, at the advanced age of ninety-five years. Mr. H. last summer was seen in a field ploughing with a yoke of oxen, looking more vigorous and better able to work than many men not half his age. He settled on Kettle Creek more than fifty years ago. He never saw a railroad or locomotive. He was a good citizen, and will be mourned by numerous friends. — *Clinton Republican*.

The Emporium *Independent* copies from last week's *JOURNAL* our notice of that big load of wood, and adds: "Now, if this load of wood was eighteen inches long, as stated above, how wide and high must it have been to measure five and a half cords?"

Evidently too wide and high for the comprehension of the wisecrack of the *Independent* office. He should confine his attention to problems of a less magnitude.

We notice that Sheriff Reynolds, who has been confined to the house nearly all winter with inflammatory rheumatism, is so far recovered as to get out on the street, though he is yet suffering from the effects of the disease. We hope he may soon be able to attend to his business.

Elk county has voted in favor of license by a majority of 500. So far she is the only county that has given a majority that way.

A Towanda paper says: "Last Sunday, whilst the collection was being taken in one of our churches, a merchant of our town solemnly exclaimed to a friend who sat in the same pew with him, 'The Lord loveth the cheerful giver,' and dropped into the collection sack the enormous sum of five cents."

Great on piety, but not much on "change."

Tuesday night of this week, David Cornelius was stopping with a span of horses at Perry Howard's, near Lymanville. Wednesday morning he went to the barn to feed his team, when he found one of them with the left fore leg broken. The stable was in good condition, and it was impossible to determine how the accident occurred. The horse was not a very valuable one.

Court is in session this week—since Thursday noon. Judge Williams is present, and both Associates. There seems to be about the usual amount of business, except the trial of cases and Grand Jury business. This is the term at which the newly elected township officers have to appear, give bonds and be sworn in. In this connection we wish to call the attention of voters in the various townships to the importance of seeing that their officers give sufficient security. True all bonds have to be approved by the Court, but frequently the officers of the Court are unacquainted with the men produced as bondsmen, and if no one objects men are sometimes accepted who have no property qualification whatever.

We have a case of this kind in our mind now, where both officer and bondsmen are insolvent, and there is no remedy for the misapplication of the township money. In these days, when half the townships of the County are ruled every year to levy a special tax to pay debts, this thing should be looked to.

A Card.—The undersigned takes this occasion to express to the citizens of Coudersport and Colesburg his warmest gratitude for their recent substantial and very generous remembrance of him and his family.

O. M. Leggett, Pastor M. E. Church, Coudersport, Feb. 18, 1873.

At the regular meeting of the Coudersport Literary Society, held Monday evening, Feb. 17, 1873, the following resolution was continued to the next meeting for discussion:

Resolved, That laws of any civil government intended to introduce or foster the system of free trade, as the term is understood by political economists, are special legislation for the interests of a few against the interests of the mass of the community subject to such laws.

Local Notices.

Our Subscribers have noted some figures written with the address on their paper. They show the expiration of the time the paper is paid for. For instance, — a year or volume containing fifty numbers, — when the figures 24-21 are written, they denote that the subscriber has paid to Vol. XXIV, No. 21, and any one can tell, by comparing the figures on his paper with the number of the paper it is on, whether he is in arrears and how much.

It is our intention to work into the advance pay system, believing it to be best, not only for the subscribers, but for the interest of the paper, as no other method will enable us to make the improvement necessary to keep abreast with the times.

We now call on all who were in arrears at the commencement of our combined series to pay up at once, and should any such miss their usual weekly paper, they may understand that prompt payment will renew its visits.

Let it be understood by all that the most perfect assurance of eventual payment will not furnish ink or paper nor meet the expenses daily required to keep our press in motion. We must pay in cash, and to enable us to do it our subscribers MUST do the same. Those who are leaving the paper sent to friends should see how the account stands that their friends may not be deprived of it.

A SPLENDID line of ladies' water-proof goods may be found at C. H. Simmons, for one dollar per yard.

A Beautiful Handwriting.

There are but few of our readers who would not like to acquire a rapid and beautiful handwriting. For those to no one advantage is more than this. The business offices of the country have afforded the best instruction in this branch, and have succeeded in producing accomplished penmen. The best penman in America is Prof. Gaskell, Prof. of the Bryant and Stratton College of Washington, D. C.

There are few lovers of the beautiful art of penmanship who have seen specimens of his writing. His large specimens have attracted great attention in New York City and throughout the United States and Canada. Our readers would do well to write for a pamphlet, which is complete, beautiful and useful. Each instruction will be again be offered them.

TOWNSHIP and School Treasurers having demands against the late County Treasurer can have their accounts settled by calling on Dan Baker, Esq., at the Recorder's Office, Coudersport, Pa. A. L. HARVEY, Co. Treas.

Clipped Hand, lamp, rough steel, plunger, saw, and the same made of iron, by using the *Juniper Tar Soap*, made by Cassell, Tinsley & Co., 179 N. 3rd St., Philadelphia, and get the *Juniper Tar Soap*, there are 25¢ worthless imitations made with common tar, 50¢.

MUSIC GIVEN AWAY.—A specimen copy of *Dexter Smith's Paper*, the leading musical journal, edited by Dexter Smith, author of "King of the Bell Song," "Pat Me in my Little Bell," etc., etc., containing over one dollar's worth of beautiful music, will be sent free to any one on receipt of a two cent stamp. Address DEXTER SMITH, Boston.

The Purest and Sweetest Cold-Liver Oil is Hazard & Co.'s main oil, from the sea shore, from fresh, selected fish, by *Coswell, Hazard & Co.*, New York. It is as pure as the sea. Patients who have once taken it prefer it to all others. This oil has been used in superior to any of the other oils in market.
